Nevada Tax Commission,

During its regular scheduled meeting on July 23, 2015, the Nevada Taxicab Authority Board unanimously voted to convey to your esteemed body our collective opinion with regards to the implementation of the 3% excise tax on the taxicab industry.

Following testimony from both the Taxicab Industry and the Taxicab Authority Board, it was determined the most efficient, expedient, and cost effective means to implement and collect this new charge would be simply to include it as a Sales Tax which could be calculated as a tax on all existing fares and fees.

This type of calculation could easily be factored into the existing meters and collection scheme of the industry. In light of action taken at this most recent meeting, your timely action on this matter would be very much appreciated. We respectfully provide this information to be included in your deliberation on this issue.

Kind regards,
