## **MEETING NOTICE AND AGENDA**

### COMMITTEE ON LOCAL GOVERNMENT FINANCE

| Date and Time of Meeting: | August 6, 2013   | 9:00 a.m.                            |  |  |  |
|---------------------------|--|--------------------------------------|--|--|--|
| Place of Meeting:         | Legislative Building<br>401 S. Carson Street, Room 2135<br>Carson City, Nevada           |                                      |  |  |  |
| Video Conference To:      | Grant Sawyer State Office Buildin<br>555 East Washington Avenue, Ro<br>Las Vegas, Nevada | 55 East Washington Avenue, Room 4412 |  |  |  |

This meeting will also be part of a teleconference. Please call the Department at (775) 684-2100 for the call-in number.

Action may be taken on the items indicated in **BOLD**:

- 1. ROLL CALL AND OPENING REMARKS
- PUBLIC COMMENT (See Note 2) In consideration of others, who may also wish to provide public comment, please avoid repetition and limit your comments to no more than five (5) minutes.
- 3. For Possible Action: RECESS FOR ATTENDANCE AT REGULATION WORKSHOP The Department of Taxation will hold a workshop on behalf of the Committee on Local Government Finance to receive input on proposed language changes to the Nevada Administrative Code Chapter 354, as follows:

LCB File No. R010-13 regarding the appropriate financial reporting and liability disclosure of health care and disability benefits required by NRS Chapter 617 for local government public safety employees.

4. For Possible Action: RECONVENE REGULAR MEETING

### 5. FINANCIAL CONDITION REPORTS BY THE DEPARTMENT; CONSIDERATION AND POSSIBLE ADOPTION OF RECOMMENDATIONS AND ORDERS

- a.) For Possible Action: City of Caliente Financial Condition
  - 1.) Report by City on status of FY 2013 general fund ending fund balance; including plan on treatment of ending fund balance for FY 2014 budget
  - 2.) Request to explain lack of filing of quarterly economic surveys
  - 3.) Report by City on net losses experienced by enterprise fund
- b.) For Possible Action: Beatty General Improvement District Financial Condition Report concerning Beatty GID regarding lack of compliance in submitting 2013-14 quarterly economic survey reports, and 2011-2012 audit
- c.) For Possible Action: City of North Las Vegas Financial Condition
  - 1.) Report by Department on current year financial status, including revenue, expenditures and cash flow analysis
  - 2.) Report by City on financial condition for FY 2013; status of continuation of FY 2012 labor agreements and concessions; Report on FY 2014 final budget
  - 3.) Financial status of enterprise funds

# 6. REQUEST FOR APPROVAL OF LOAN OR TRANSFER OF MONEY FROM AN ENTERPRISE FUND PURSUANT TO AB 503, SECTION 1(2013)

1.) City of North Las Vegas

### 7. For Possible Action: REPORTS ON REGULATORY MATTERS

- a.) Department of Taxation Legislative Overview and Action Plan related to implementation of legislation affecting local government finance
- b.) Develop and review permanent regulations and quarterly reporting forms related to AB 503, Section 1(3)
- 8. BRIEFING TO AND FROM THE COMMITTEE ON LOCAL GOVERNMENT FINANCE AND LOCAL GOVERNMENT FINANCE STAFF
  - a.) For Possible Action: Discussion of Matters Affecting Local Governments
    - 1.) Report concerning City of Ely
    - 2.) Report on Nye County over-expenditures by departments; payment of medical indigent match to State
    - 3.) Report on Liabilities Associated with Public Safety Employee NRS Chapter 617 Benefits (Budget Form 33)
    - 4.) Report on requests for waivers granted regarding "More Cops" requirements, SB 1, Special Session
  - b.) For Possible Action: Discussion by Committee Regarding Matters Affecting the Committee

### 9. REVIEW AND APPROVAL OF MINUTES For Possible Action: CLGF Meeting, 05-02-13

### 10. For Possible Action: Schedule Date and Review Agenda Topics for the Next Meeting

 Public Comment (See Note 2) In consideration of others, who may also wish to provide public comment, please avoid repetition and limit your comments to no more than five (5) minutes.

### 12. For Possible Action: ADJOURNMENT

<u>NOTE 1</u>: Items on this agenda may be taken in a different order than listed. Items may be combined for consideration by the Committee on Local Government Finance. Items may be pulled or removed from the agenda at any time.

<u>NOTE 2:</u> Public comment may be made on any issue and any discussion of those items; provided that comment will be limited to areas relevant to and within the authority of the Committee on Local Government Finance. <u>No action will be taken on any items</u> raised in the public comment period. At the discretion of the Chairman, public comment may be received prior to action on individual agenda items. Public Comment may not be limited based on viewpoint. Prior to the commencement and conclusion of a contested case or a quasi judicial proceeding that may affect the due process rights of an individual, the committee may refuse to consider public comment. See NRS 233B.126.

<u>NOTE 3</u>: We are pleased to make accommodations for members of the public who are disabled. Please notify the Department of Taxation in writing, at 1550 College Parkway, Carson City, Nevada, 89706 or call (775) 684-2180 prior to the meeting.

NOTE 4: Materials and files for items on this agenda are maintained in the offices of the Department of Taxation located in Carson City, Nevada. Requests for copies of materials and files for items on this agenda may be made to: Terry Rubald Deputy Executive Director, Department of Taxation 1550 College Parkway Carson City, NV 89701

<u>Notice of this meeting was posted in the following Carson City, Nevada location</u>: Department of Taxation 1550 College Parkway; Legislative Building, 401 South Carson Street; and Nevada State Library, 100 Stewart Street

Notice of this meeting was emailed for posting to the following locations: Department of Taxation, 4600 Kietzke Lane, Building L, Suite 235, Reno; Department of Taxation, 2550 Paseo Verde, Suite 180, Henderson; Department of Taxation, 555 E. Washington Street; Las Vegas; Clark County Office, 500 South Grand Central Parkway, Las Vegas. Notice of this meeting was also posted on the Internet through the Department of Taxation website at www.tax.state.ne.us

## NOTICE OF WORKSHOP

To Solicit Comments on Proposed Regulations

To: To All Interested Parties

From: Terry Rubald, Deputy Executive Director, Department of Taxation Uny Elubedd

Date: July 22, 2013

Re: Workshop on Proposed Regulations to be adopted by the Committee on Local Government Finance

The Department of Taxation will hold a workshop on behalf of the Committee on Local Government Finance to receive input on proposed language changes to the Nevada Administrative Code Chapter 354. The topic of the proposed permanent regulation, LCB File No. R010-13, is the appropriate financial reporting and liability disclosure of health care and disability benefits required by NRS Chapter 617 for local government public safety employees.

Date and Time of Meeting: August 6, 2013 9:00 a.m.

The workshop will be held at the following locations:

Place of Meeting:Video Conference To:Legislative BuildingGrant Sawyer State Office Building401 South Carson Street,555 East Washington Avenue, Room 4412Room 2135Las Vegas, NevadaCarson City, NevadaState Conference To:

This meeting will also be part of a teleconference. Please call the Department at (775) 684-2100 for the teleconference number. You may also listen and view this meeting by going to the Legislative Counsel Bureau at <u>http://leg.state.nv.us/</u>. Click on live meetings. Contact the Department at the Carson City address listed above, or Terry Rubald at (775) 684-2095 for questions about the workshop and for copies of materials that will be part of the record.

All interested parties will have the opportunity to present their ideas for suggested language at this workshop. The Department encourages you to provide your suggestions in writing. Although the Department requests interested parties submit written suggestions at least one week in advance so the ideas can be disseminated to others, written comments may be accepted at any time.

<u>NOTE</u>: We are pleased to make accommodations for members of the public who are disabled. Please notify the Department of Taxation in writing, at 1550 College Parkway, Carson City, Nevada, 89706 or call (775) 684-2100 prior to the meeting.

Notice of this meeting was posted in the following Carson City, Nevada location: Department of Taxation, 1550 College Parkway; Legislative Building, 401 South Carson Street; and Nevada State Library, 100 Stewart Street. Notice of this meeting was Emailed for posting to the following locations: Department of Taxation, 4600 Kietzke Lane, Building L, Suite 235, Reno; Department of Taxation, 2550 Paseo Verde, Suite 180, Henderson; Department of Taxation, 555 E. Washington Street; Las Vegas; Clark County Office, 500 South Grand Central Parkway, Las Vegas. Notice of this meeting was posted on the Internet through the Department of Taxation website at www.tax.state.nv.us

### **PROPOSED REGULATION OF THE**

### **COMMITTEE ON LOCAL GOVERNMENT FINANCE**

### LCB File No. R010-13

### July 18, 2013

EXPLANATION - Matter in *italics* is new; matter in brackets [omitted material] is material to be omitted.

AUTHORITY: §§ 1-8 and 14, NRS 354.107, 354.594; §§9-13 and 15-16, NRS 354.107, 354.594, 354.596, 354.598 and 354.600.

A REGULATION relating to governmental financial administration; requiring local governments to provide a total discounted estimated actuarial liabilities report concerning certain benefits; providing standards and requirements for actuarial studies; and providing other matters properly relating thereto.

**Section 1.** Chapter 354 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 to 16, inclusive, of this regulation.

Sec. 2. As used in sections 2 to 16, inclusive, of this regulation, unless the context otherwise requires, the words and terms defined in sections 3 to 8, inclusive, of this regulation have the meanings ascribed to them in those sections.

Sec. 3. "Actuarial study" means a report prepared and signed by an actuary who is designated as an Associate of the Society of Actuaries or has a similar credential from a similar professional organization of actuaries.

Sec. 4. "Compensation and medical benefits" means the compensation and medical benefits provided by a local government employer to eligible persons pursuant to NRS 617.453, 617.455, 617.457 and 617.485.

Sec. 5. "Funded ratio" means the ratio of the total reserves established by the local government divided by the total discounted estimated actuarial liability for compensation and medical benefits.

**Sec. 6.** *"Pay-as-you-go funding" means any amount funded annually by a local government employer that chooses to pay for the current cost of compensation and medical benefits only when the compensation and medical benefits become due and payable.* 

Sec. 7. "Pre-funding plan" means payments to an internal service fund or other designated fund to build reserves to pay for the total discounted estimated actuarial liabilities arising from compensation and medical benefits.

Sec. 8. "Public safety employee" means a person subject to an occupational disease described in NRS 617.453, 617.455, 617.457 and 617.485.

Sec. 9. The Department shall include in the budget forms required by NAC 354.100 a form requiring information on the compensation and medical benefits provided to eligible persons.

Sec. 10. The governing body of a local government which employs public safety employees who are subject to compensation and medical benefits must file a report concerning the local government's total discounted estimated actuarial liabilities associated with such compensation and benefits on a form prescribed by the Department. The form must be submitted with the tentative budget required by NRS 354.596.

Sec. 11. The information submitted by each local government pursuant to section 10 of this regulation must be compiled by the Department in an annual report in summarized form. The Department shall publish the report on its Internet website. Sec. 12. The objective in reporting compensation and medical benefits information on a form attached to the tentative budget is to provide information which will enhance financial transparency and clarity to taxpayers, local government employers and employee groups by providing the true cost of compensation and medical benefits over time. Total discounted estimated actuarial liabilities determined by an actuary are not required to be reported in the financial statements of the local government.

Sec. 13. 1. The report filed pursuant to section 10 of this regulation must include, at a minimum:

(a) How the compensation and medical benefits are funded, such as through a pre-funding plan, a pay-as-you-go funding or payments to an association of self-insured public employers plan or any other private insurer plan;

(b) The number of eligible persons subject to compensation and medical benefits, separately stated;

(c) The number and amount of known and accepted claims paid by the local government net of reinsurance during the immediately preceding 10 years, if available, and separately stated for eligible persons;

(d) The total discounted estimated actuarial liability for compensation and medical benefits, separately stated for eligible persons;

(e) The basis for the total discounted estimated actuarial liability, such as an actuarial study, including the date the actuarial study was prepared, the frequency of preparation of an actuarial study and whether the actuarial study separately reported on eligible persons;

(f) A 10-year history of payments made for compensation and medical benefits and reserves established and identification of the funds from which such payments were made or to which reserves were contributed;

(g) The funded ratio of the present value of contributions plus investment return compared to the present value of the total discounted estimated actuarial liabilities; and

(h) How the full and complete actuarial study may be obtained.

2. A local government having less than 10 years of historical records for purposes of providing the information required by subsection 1 must provide the information for as many years as the records have been maintained. The first report submitted pursuant to this section and each subsequent report must identify the number of years of information reported, if less than 10 years, until 10 years of information is obtained. A local government reporting historical information for less than 10 years must begin maintaining the information required by subsection 1 until 10 years of information is continuously available.

Sec. 14. A local government employer that participates in an association of self-insured public employers plan must:

1. Report compensation and medical benefits expenditures and expenses equal to the employer's contractually required contributions using the modified accrual or accrual basis, based on the fund type or the type of entity; and

2. Report where the most recent actuarial study conducted pursuant to section 16 of this regulation and funding report of the association of self-insured public employers plan may be obtained.

Sec. 15. 1. In order to determine the total discounted estimated actuarial liability associated with compensation and medical benefits made to eligible persons, the best practice for an actuarial valuation must consider and define the following inputs:

(a) Participant demographic data, including, but not limited to, current age, gender, service retirement, terminations with benefit eligibility, salary increases, percent married and percent survivors of the eligible persons subject to the compensation and medical benefits;

(b) Reasonable assumptions concerning the interest rate, health care inflation rates, general inflation rates and decrement rates, such as the mortality rates for heart disease in the general population; and

(c) Claims experience which considers historical information based on actual claims incurred by the local government, including subsequent employment of public safety employees, and which considers the last injurious exposure rule.

2. As used in this section, "last injurious exposure rule" means full liability being assigned to a single local government employer or insurer for an occupational disease resulting from the claimant's exposure to injurious stimuli during a local government employer or insurer's coverage period, even if the most recent exposure was not the primary or triggering cause for the disease.

Sec. 16. 1. The total discounted estimated actuarial liability for compensation and medical benefits must at a minimum be computed using the probability of occurrence over a 30-year period, using confidence levels of 50 percent and 75 percent.

2. An actuarial study establishing the total discounted estimated actuarial liability must be performed at least once every 5 years.

3. An actuarial study must identify the type of compensation and medical benefit and the eligible persons subject to the compensation and medical benefit.

4. An actuarial study must document the results of an actuarial valuation of employerprovided compensation and medical benefits to be paid to eligible persons.

5. An actuarial study must include the results of the discount process used to determine the present value of the payments.

6. A projection of new employees that may be hired over the 30-year period is not required for an actuarial study.

### Minutes of the Meeting COMMITTEE ON LOCAL GOVERNMENT FINANCE November 29, 2012 9:00 a.m.

The meeting was held at the Legislative Building located at 401 South Carson Street, Room 2135 in Carson City and video-conferenced to the Grant Sawyer Office Building at 555 East Washington Avenue, Room 4406, Las Vegas, Nevada.

### November 29, 2012

### 1. Roll Call and Opening Remarks

Warner Ambrose, Budget Analyst with the Department of Taxation, took roll call.

Terry Rubald, Chief of Local Government Services, Department of Taxation, commented that we have a new member, Deborah Cunningham, whom she was unable to notify in time for this meeting. She was appointed by the Nevada Association of School Boards. She should be able to join us at the next meeting.

### 2. Public Comment

Terry Rubald Tom Gransbery Warner Ambrose Susan Lewis Anita Moore Janie Ware

Jill Labbadia, Consulting Actuarial with Oliver Wyman, gave public comment. They have two primary areas of concern. These concerns stem from the note in Section 17 of the document released on November 29<sup>th</sup>. That note states that the actuarial accrued liability must be computed using the probability of occurrence over a 30-year period. She asked if there is any reason why the 30-year occurrence period is in place. There reason they are concerned is because liability is generated over the lifetime of a claim.

Terry Rubald stated that we could address these questions during the regular discussion period, but since this is public comment, we are unable to do that at this time.

# 3. For Possible Action: Adoption of Temporary Regulation of the Committee on Local Government Finance

This is a Proposed Temporary Regulation concerning appropriate financial reporting and liability disclosure of health care and disability benefits required by NRS Chapter 617 for local government public safety employees, to be applied for the 2013-2014 fiscal year

Terry Rubald explained that if these temporary regulations are adopted, they will automatically expire on November 1, 2013. If you determine, at a later date, that the regulations should continue, then we would go into a permanent regulation process after July 1<sup>st</sup> of next year. This would entail another workshop and adoption hearing. This regulation, if adopted today, cannot become effective until it is filed with the Secretary of State. By statute, we cannot submit the regulation to the Secretary of State for 35 days, which would be January 3, 2013. The subcommittee worked on these regulations over seven meetings, beginning in November 2010 and ending in October 2012, plus the workshop and the adoption hearing today.

Ms. Rubald briefly reviewed the contents of the regulation. The temporary regulation provides a reporting process for local governments and best practices for preparing actuarial studies. Section 3 through Section 9 are definitions of terms that are used in the body of the regulation. Section 10 requires the Department to include a reporting form in the package of budget forms. Section 11 requires each local government that employs public safety personnel to file a report about the actuarially estimated liabilities associated with NRS Chapter 617 benefits on the form provided by the Department and submit the form with the tentative budget. Section 12 is a new section as a result of the workshop that was held in October. Section 12 requires the Department to compile the information and publish it on the Department's website. Section 13 explains the purpose for reporting the information, which is to enhance the financial transparency about the true costs of the NRS Chapter 617 benefits. It also explains that we are not requiring these estimated liabilities to be reported in the financial statements. Section 14 is the true meat of the regulation. It is the authority for the request for information on the reporting form. First the local government will identify how the benefit is funded, i.e. selffunded, pay-as-you-go plan, payments to PACT, etc. The local government will also identify the number of current and eligible non-current public safety employees subject to the benefit, the number and amount of known and accepted claims, net of re-insurance during the prior ten years, also reported by current employees and by eligible non-current employees. The reporting form will also ask for the total actuarial liability reported by current employees and by eligible non-current employees, the information about the actuarial study, a tenyear history of benefits paid and reserves paid, the funded ratio of the present value of contributions plus investment return compared to the present value of the approved liabilities, and how the actuarial study may be obtained. Subparagraph 2 is a transition statement for those entities which have less than ten years of history to report. At the workshop in October, language was added to say these were the minimum pieces of information required. The intention was, as time goes on, additional information may be needed. Section 15 requires employers that participate in the Association of Self-Insured Public Employers, like PACT, to report the amount of contributions to the Association and report where the Association's actuarial study may be obtained. Section 16 outlines what some of the best practices might be for an actuarial study, including demographic inputs, assumptions about the interest rates, mortality rates, as well as claims experience. To distinguish between Section 16 and Section 17, Section 16 pertains to the best practices while Section 17 pertains to the requirements. The requirements are that certain information be contained in the actuarial study in order to ensure a level of comparability among studies. First, the actuarial study must be computed using the probability of occurrence over a 30-year period, using confidence interval levels of 50% and 75%. The study must be performed at least once every five years. The study must identify which type of Chapter 617 benefit is the subject of the study since each type of benefit has different qualifying criteria, as well as the number of public safety employees subject to the benefit. The actuarial study does not need to project the number and demographic information of new employees that might be hired, but simply will use the existing list of eligible employees. Section 18 states that this temporary regulation applies to the 2013-2014 year.

Ms. Rubald stated that she believes the questions asked during public comment relate to Section 17.

Chairman Leavitt asked for comment from the members and public comment.

Jill Labbadia from Oliver Wyman gave public comment as follows. Our concerns are with the statement that says the actuarial accrued liability must be computed using the probability of occurrence over a 30-year period using confidence levels of 50% and 75%. Our first concern is using the 30-year period for the occurrence period. From liability studies that we have done, it seems many of the liabilities are driven by participants that are over age 55. The younger employees' liabilities would be cut off using a 30-year occurrence period. Our suggestion would be to take out the 30-year occurrence period. The second concern is regarding confidence levels of 50% and 75%. It seems the intent of the regulation is to require an actuarial analysis at a mean or average level which would be represented by the 50% confidence level or at the higher end estimate which would be represented by a 75% confidence level. From an actuarial standpoint, there are two main sources of risk, statistical and parameter. While confidence level analysis will address statistical risk, it does not address parameter risk. Parameter risk is something that should not be ignored. Our suggestion is rather than requiring confidence level analyses, you instead have the actuary calculate liabilities using three sets of underlying assumptions. The first set would be using assumptions that are reasonable, but on the low end. The second would be on average or mean assumptions. That would essentially equate to the 50% confidence level. The third would be assumptions that are reasonable, but on the higher end. This approach would produce a much more accurate picture of the potential variability of the estimates.

Member Beth Kohn-Cole asked if with the higher-end assumption, it would assume that every firefighter would have a claim.

Jill Labbadia responded that we would never assume that every firefighter would have a claim. There are certain frequency assumptions, and we vary that by every age.

Member Beth Kohn-Cole asked if the frequency should be based on past claims.

Jill Labbadia responded that it is based on the past, but we are working with limited data.

Member John Sherman explained what the Committee is trying to do with the probabilities of 50% and 75% and the 30-year period is to get a uniform reporting of these liabilities. The Committee's concern was that if we allowed too much variability in the calculations, the uniformity of the results across the state amongst all the public safety employers would be so great the information would be rendered meaningless. We felt that coming up with some parameters on the probability of occurrence to get the total liabilities was something that needed to occur. On the 30-year time horizon, we are all aware that these particular liabilities have very long tails to them. We wanted to have a cut-off period so we could have a set of uniform information that could be provided by the local governments. We could report on a low average and a high-end probability, but we still want the 50% and 75% probability of occurrence.

Chairman Leavitt asked if the regulation would preclude an actuary from providing additional information.

Member John Sherman responded that Section 17 could be revised to say "these must be computed, but not be limited to the 30-year parameter and the confidence level of 50% and 75%.

Terry Rubald suggested that this could be taken care of by saying "the actuarially accrued liability must, at a minimum, be computed..."

Chairman Leavitt stated that it could be amended by adding those few words.

Member Andrew Clinger asked if there was a reason the Subcommittee did not want to go for longer than 30 years. He understands the uniformity, but is there a better time period?

Jill Labbadia commented from an actuarial standpoint, cutting it off at 30 years limits their analysis. She feels that the uniformity would still be addressed if there was no time period. It seems that you are taking the younger employees out of the calculation with the 30-year period.

Member Beth Kohn-Cole asked if we could do both, a 30-year period and based on all employee's lifetime.

Member John Sherman stated that the Subcommittee and the Committee were focused on the pool of retired public safety employees. It might help us if we could get both a 30 year and an unlimited time horizon calculation so that when we get this information, we could decide what time period works best. We derived the 30-year timeframe from the GASB 45, which we recognize is not precise but served as a guideline.

Member Beth Kohn-Cole commented that we will need the current cash flow needs. If we just look at the unlimited amount, we will not be able to get that information.

Jill Labbadia stated that in studies they have done for other cities, they do not limit the time period and also give an accrual for the next couple of years for their books. If the 30-year period addressed the current retirees, we could separate current retiree liabilities and current active employee liabilities.

Chairman Leavitt commented that he thought Beth Kohn Cole's suggestion was a good one.

Terry Rubald reinterpreted what she had just heard to read "the actuarial accrued liability must at a minimum be computed using the probability of occurrence over a 30-year period using a confidence level of 50% and 75%. Other probabilities of occurrence and confidence levels must be identified."

Terry Rubald was asked if this language was intended to cover the whole issue.

Terry Rubald responded that it was intended to cover the whole issue, but it could be bifurcated. We could say "at a minimum it must be computed using the probability of occurrence over a 30-year period. Other probabilities of occurrence must be identified." Then we could add another paragraph saying "the actuarially accrued liability must be computed using confidence levels of 50% and 75%."

Vice Chairman Alastuey stated that the 50% and 75%, particularly since this is a temporary regulation, could be amended later. In addressing the 30-year issue, we could make this a requirement of minimal reporting and allow an extended calculation that would pertain to the very youngest employees.

Member Vincent just joined the teleconference.

Member Clinger stated that the suggestion was acceptable to him. He asked Jill Labbadia how much it adds to the cost of the actuarial study for the different variations.

Jill Labbadia responded that it would be more tedious to limit the occurrence to a 30-year period as opposed to paying everyone out for their estimated length of life, when they will retire and when they might file a claim. There is not that much difference in cost when it comes to providing a mean and a high-end and low-end estimate.

Member Kalt stated that the suggestion was acceptable to him. He asked for comments from Wayne Carlson.

Wayne Carlson of PACT commented that the 30-year period will limit the numbers that are calculated. The unlimited may be a compromise, but maybe instead of 30 years, you should go to 50 years. He understands

that the GASB 45 was the reason for the 30-year calculation, but this is based on people that retire at normal retirement ages. The profile for lifespan of workers' comp employees is 50 years or longer, in some cases. If a police officer or firefighter starts work at age 21, a 50-year period would take them to 71.

Jill Labbadia asked a question pertaining to the 30-year occurrence period. For example, if an individual that began working at age 25 files a claim at age 55, that claim would be included in that 30-year occurrence period. Would all future liabilities for that claim be included, or would it only be included up to the first year it is filed?

Member Vincent stated that he would assume it would be all claim costs associated with that claim based on the longevity tables.

Member Sherman stated that we did not say we were going to limit the liability after 30 years even if it occurred before. Once the event occurs, you can calculate, with some degree of probability, what that total claim will cost over the life of that individual. We are trying to discount all the costs of those occurrences back to a current period so we can obtain a total number.

Member Vincent commented that he assumes the 30-year window is a recognition that we cannot do this through infinity, since the city never goes away.

Member Sherman stated that we are trying to capture the occurrence of an individual having an event so we can calculate the cost over the life of the individual. The challenge is where we are going to stop the calculation of an event occurring. We arbitrarily picked 30 years.

Member Kohn-Cole commented that the 50 years did not make sense to her, and asked how young they are when they start working?

Jill Labbadia responded that they have seen people start working at age 18.

Member Clinger stated that he liked the suggestion of 50 years and the unlimited calculation. His concern is that by doing 30 years, we potentially under-report the liability.

Member Vincent stated that it is not a real liability. We are forecasting potential incidences that have not occurred. There is not a workers' comp liability until an event happens. It is a forecasting, an informational item; but to think that we are going to have some degree of precision in this, is a false assumption.

Member Clinger responded that in an actuary report, we have to project some sort of probability of what will happen in the future.

Member Vincent stated that it is different than what we are doing with OPEB liabilities where we have obligations to subsidize or pay for retiree premiums. We are not going to have an accounting recognition of a liability on a workers' comp claim that has not occurred. From my own experience in the last four years with our actuaries, the actuary is projecting future instances based upon statistics of the existing population. The liability fluctuates up and down, year by year, because of this. I am not sure how useful this is. It is hard to know what that liability really is because the claims have not occurred yet. The actuary reports are all over the place. I am worried about the assumption of precision.

Member Clinger commented that since this regulation is going to be in place for this year, let's see what it looks like. He asked the actuary's opinion on the difference between 30 and 50 years.

Jill Labbadia responded that from an actuarial perspective, taking into the account that these claims have not occurred yet, and some may not occur for 30 to 50 or more years, those claims will occur. From the cities we have worked with, they have been getting a handful of claims every year. It has been fairly 'spot on' with how many claims are going to come in. What would be the value of limiting the occurrence period? By limiting the occurrence period, all you are doing is limiting the potential liability. The liability could be much greater than what you are estimating.

Member Sherman stated that his thought is 'the desire for perfection getting in the way of the good.' We wanted to be very clear in the regulation that once computed by a local government, it is not required that they book this as a liability. If a local government desires to start pre-funding this liability, having a timeframe has relevance. The likelihood that they are going to pre-fund that entire liability at once approaches zero. I would encourage the Committee to land on a spot. Some type of period reporting would be appropriate.

Member Kalt concurs with Member Sherman.

Chairman Leavitt stated that we want to look at this in a year and determine what we would like to do on a permanent basis. We may want to have the 30 years and the unlimited, and then in a year determine what the actual differences are between the two. He asked the Committee's opinion.

Member Kohn-Cole liked that option. Other members concurred.

Wayne Carlson agreed that there could be a time period that may or may not be necessary in terms of the ultimate liability, but it may be necessary for consistency. The fundamental purpose of the regulation from the beginning was to identify what that liability is, then to look at it from a budgetary standpoint. One of the big issues that came up in GASB was how much was unknown, unfunded liability. This regulation is not mandating the funding, but it is mandating recognition of the risk and the potential long-term impact on the budget. There is no regulation stating that 1/30<sup>th</sup> or 1/50<sup>th</sup> must be funded, but it does bring about that discussion. A conscious decision must be made to fund the liability.

Chairman Leavitt asked the Committee for an opinion about bifurcating the period and the confidence levels.

Member Sherman commented that the initial thought that Terry Rubald had with the statement "the actuarial accrued liability must, at a minimum, be computed using these parameters" leaves the option to do it openended.

Chairman Leavitt asked for additional comments from the members or public.

Member Sherman moved to approve the temporary regulation with the change to Section 17 including the language "at a minimum" in that sentence.

Jill Labbadia stated that there was another portion that Terry Rubald added.

Member Sherman explained that we were thinking about bifurcating the 30-year period and including an unlimited period, then having another section on the confidence level. This motion would allow the actuary to pick an unlimited period and something other than a 50% and 75% confidence level when you include the words "at a minimum." So it will read, "The actuarial accrued liability must, at a minimum, be computed using the probability of occurrence over a 30-year period using confidence levels of 50% and 75%." This is the motion.

Member Kohn-Cole made the second to the motion. The motion passed.

# 4. For Possible Action: Adoption of Reporting Form Fulfilling the Requirements of Section 11 of the Proposed Temporary Regulation

Terry Rubald stated we are styling this as Form 33 because it will be part of the budget package. She recommended one change. The form that we handed out and made public begins at the top and says "Pursuant to NAC.XXX, please check the appropriate box." Terry Rubald would like to reference instead "Pursuant to temporary regulation Section 14, please check the appropriate box or provide the requested information." The rest of the form would remain as proposed. During the workshop, we cross-referenced everything that is in the regulation with what is on the form. Everything that is on the form has authority through the regulation.

Deputy Attorney General, Dawn Buoncristiani, questioned if, as a point of identifying the regulation for legal purposes, the date approved or adopted should be added.

Terry Rubald responded that we always do that in the final analysis when we publish it.

Chairman Leavitt asked if there were any questions or comments regarding the form. There were none.

Member Kohn-Cole moved to accept Form 33, *Report of Liabilities Associated with Public Safety Employee NRS Chapter 617 Benefits*, as modified by Terry Rubald. There was a second from Member Kalt. The motion passed.

5. Briefing to and from the Committee on Local Government Finance and Local Government Finance Staff

### a.) Discussion of Matters Affecting Local Governments

Terry Rubald stated that we do not have anything to report.

**b.)** For Possible Action: Discussion by Committee Regarding Matters Affecting the Committee Terry Rubald stated there is nothing from the Department on this item.

### 6. For Possible Action: Schedule Date and Review Agenda Topics for the Next Meeting

Chairman Leavitt stated that at the last meeting we tentatively set a meeting date towards the end of January. Terry Rubald agreed, but did not have the date with her.

### 7. Public Comment

Chairman Leavitt asked for public comment.

Carole Vilardo of the Nevada Taxpayers Association thanked the Subcommittee and the Committee for their hard work. She agreed that, relative to it being a temporary regulation, when we come back, the local governments will have experience, and we can do the fine tuning, as required.

### 8. For Possible Action: Adjournment

The meeting adjourned at 10:06 a.m.

### **PROPOSED REGULATION OF THE**

#### COMMITTEE ON LOCAL GOVERNMENT FINANCE

#### LCB File No. R010-13

#### July 18, 2013

EXPLANATION - Matter in *italics* is new; matter in brackets [omitted material] is material to be omitted.

AUTHORITY: §§ 1-8 and 14, NRS 354.107, 354.594; §§9-13 and 15-16, NRS 354.107, 354.594, 354.596, 354.598 and 354.600.

A REGULATION relating to governmental financial administration; requiring local governments to provide a total discounted estimated actuarial liabilities report concerning certain benefits; providing standards and requirements for actuarial studies; and providing other matters properly relating thereto.

Section 1. Chapter 354 of NAC is hereby amended by adding thereto the provisions set

forth as sections 2 to 16, inclusive, of this regulation.

**Sec. 2.** As used in sections 2 to 16, inclusive, of this regulation, unless the context otherwise requires, the words and terms defined in sections 3 to 8, inclusive, of this

regulation have the meanings ascribed to them in those sections.

**Sec. 3.** "Actuarial study" means a report prepared and signed by an actuary who is designated as an Associate of the Society of Actuaries or has a similar credential from a similar professional organization of actuaries.

**Sec. 4.** "Compensation and medical benefits" means the compensation and medical benefits provided by a local government employer to eligible persons pursuant to NRS 617.453, 617.455, 617.457 and 617.485.

Sec. 5. "Funded ratio" means the ratio of the total reserves established by the local government divided by the total discounted estimated actuarial liability for compensation and medical benefits.

Sec. 6. "Pay-as-you-go funding" means any amount funded annually by a local government employer that chooses to pay for the current cost of compensation and medical benefits only when the compensation and medical benefits become due and payable.

Sec. 7. "Pre-funding plan" means payments to an internal service fund or other designated fund to build reserves to pay for the total discounted estimated actuarial liabilities arising from compensation and medical benefits.

Sec. 8. "Public safety employee" means a person subject to an occupational disease described in NRS 617.453, 617.455, 617.457 and 617.485.

Sec. 9. The Department shall include in the budget forms required by NAC 354.100 a form requiring information on the compensation and medical benefits provided to eligible persons.

Sec. 10. (a) The governing body of a <u>self-insured</u> local government which employs public safety employees who are subject to compensation and medical benefits must file a report concerning the local government's total discounted estimated actuarial liabilities associated with such compensation and benefits on a form prescribed by the Department. The form must be submitted with the tentative budget required by NRS 354.596.

(b) An association of self-insured public agencies that insures public safety employees who are subject to compensation and medical benefits must file a report concerning its local government members' combined total discounted estimated actuarial liabilities associated with such compensation and benefits on a form prescribed by the Department. The applicable portion of the form required to be completed by its members must be submitted by a date determined by the Department of Taxation. Comment [wec1]: Split into subsections; a, b, c

**Comment [wec2]:** This clarifies that Form 33 must be submitted by the SIG separately from the members of the SIG who fill out only the top portion of Form 33.

(c) A private insurer, insuring other than a self-insured employer or an association of selfinsured public agencies, that insures public safety employees who are subject to compensation and medical benefits must file a report concerning its local government members' combined total discounted estimated actuarial liabilities associated with such compensation and benefits on a form prescribed by the Department. The applicable portion of the form required to be completed by its insureds must be submitted by a date determined by the Department of Taxation.

Sec. 11. The information submitted by each local government pursuant to section 10 of this regulation must be compiled by the Department in an annual report in summarized form. The Department shall publish the report on its Internet website.

--2--LCB Draft of Proposed Regulation R010-13 **Comment [wec3]:** This clarifies that should a private insurer cover a public agency that is not self-insured or a member of a SIG, that insurer must comply similar to a SIG. As far as I know, there are no such insurers at this time.

Sec. 12. The objective in reporting compensation and medical benefits information on a form attached to the tentative budget is to provide information which will enhance financial transparency and clarity to taxpayers, local government employers and employee groups by providing the true cost of compensation and medical benefits over time. Total discounted estimated actuarial liabilities determined by an actuary are not required to be reported in the financial statements of the local government.

Sec. 13. 1. The report filed pursuant to section 10 of this regulation must include, at a minimum:

(a) How the compensation and medical benefits are funded, such as through a prefunding plan, a pay-as-you-go funding or payments to an association of self-insured public employers plan or any other private insurer plan;

(b) The number of eligible persons subject to compensation and medical benefits, separately stated;

(c) The number and amount of known and accepted claims paid by the local government net of reinsurance during the immediately preceding 10 years, if available, and separately stated for eligible persons;

(d) The total discounted estimated actuarial liability for compensation and medical benefits, separately stated for eligible persons;

(e) The basis for the total discounted estimated actuarial liability, such as an actuarial study, including the date the actuarial study was prepared, the frequency of preparation of an actuarial study and whether the actuarial study separately reported on eligible persons;

--3--LCB Draft of Proposed Regulation R010-13 **Comment [wec4]:** Delete "other" since its inclusion implies that the association of self-insured public agencies is a private insurer plan which it is not. Private insurers may offer fully insured plans, excess insurance over a self-insured retention, a group purchase plan or a reinsurance plan.

**Comment [wec5]:** Clarify the meaning of separately reported. Does this mean 1) currently active eligible persons and 2) former employees or inactive/retired eligible persons?

(f) A 10-year history of payments made for compensation and medical benefits and reserves established and identification of the funds from which such payments were made or to which reserves were contributed;

(g) The funded ratio of the present value of contributions plus investment return compared to the present value of the total discounted estimated actuarial liabilities; and

(h) How the full and complete actuarial study may be obtained.

2. A local government having less than 10 years of historical records for purposes of providing the information required by subsection 1 must provide the information for as many years as the records have been maintained. The first report submitted pursuant to this section and each subsequent report must identify the number of years of information reported, if less than 10 years, until 10 years of information is obtained. A local government reporting historical information for less than 10 years must begin maintaining the information required by subsection 1 until 10 years of information is continuously available.

Sec. 14. A local government employer that participates in an association of selfinsured public employers plan must:

1. Report compensation and medical benefits expenditures and expenses equal to the employer's contractually required contributions using the modified accrual or accrual basis, based on the fund type or the type of entity; and

2.<u>1.</u> Report where the most recent actuarial study conducted pursuant to section 16 of this regulation and funding report of the association of self-insured public employers plan may be obtained.

> --4--LCB Draft of Proposed Regulation R010-13

**Comment [wec6]:** Form 33 requires that Members report contributions, but these are not specific to HLHC only due to broad classifications of risk. Suggest deletion of this requirement since Form 33 accomplishes the necessary HLHC details. Also refer to recommendations to changes to Section 10 to clarify that association SIG's and private insurers must file Form 33. Sec. 15. 1. In order to determine the total discounted estimated actuarial liability associated with compensation and medical benefits made to eligible persons, the best practice for an actuarial valuation must consider and define the following inputs:

(a) Participant demographic data, including, but not limited to, current age, gender, service retirement, terminations with benefit eligibility, salary increases, percent married and percent survivors of the eligible persons subject to the compensation and medical benefits;

(b) Reasonable assumptions concerning the interest rate, health care inflation rates, general inflation rates and decrement rates, such as the mortality rates for heart disease in the general population; and

(c) Claims experience which considers historical information based on actual claims incurred by the local government, including subsequent employment of public safety employees, and which considers the last injurious exposure rule.

2. As used in this section, "last injurious exposure rule" means full liability being assigned to a single local government employer or insurer for an occupational disease resulting from the claimant's exposure to injurious stimuli during a local government employer or insurer's coverage period, even if the most recent exposure was not the primary or triggering cause for the disease.

Sec. 16. 1. The total discounted estimated actuarial liability for compensation and medical benefits must at a minimum be computed using the probability of occurrence over a 30-year period, using confidence levels of 50 percent and 75 percent.

2. An actuarial study establishing the total discounted estimated actuarial liability must be performed at least once every 5 years.

--5--LCB Draft of Proposed Regulation R010-13 3. An actuarial study must identify the type of compensation and medical benefit and the eligible persons subject to the compensation and medical benefit.

4. An actuarial study must document the results of an actuarial valuation of employerprovided compensation and medical benefits to be paid to eligible persons.

5. An actuarial study must include the results of the discount process used to determine the present value of the payments.

6. A projection of new employees that may be hired over the 30-year period is not required for an actuarial study.

--6--LCB Draft of Proposed Regulation R010-13

### COMMITTEE ON LOCAL GOVERNMENT FINANCE REQUEST FOR APPEARANCE

CERTIFIED MAIL: 7006 0100 0002 3081 7302 MS. JO WHITLOCK, CLERK CITY OF CALIENTE PO BOX 1006 CALIENTE NV 89008

Date and Time of Meeting:

August 6, 2013 9:00 a.m.

Place of Meeting:

Legislative Building 401 S. Carson Street, Room 2135 Carson City, Nevada

Video Conference To:

Grant Sawyer State Office Building 555 East Washington Avenue, Room 4412 Las Vegas, Nevada

A representative from The City of Caliente is requested to appear before the Committee on Local Government Finance (Committee) regarding the following:

**City of Caliente Financial Condition** 

- Report by City on status of FY 2013 general fund ending fund balance; including plan on treatment of ending fund balance for FY 2014 budget
- Request to explain lack of filing of quarterly economic surveys

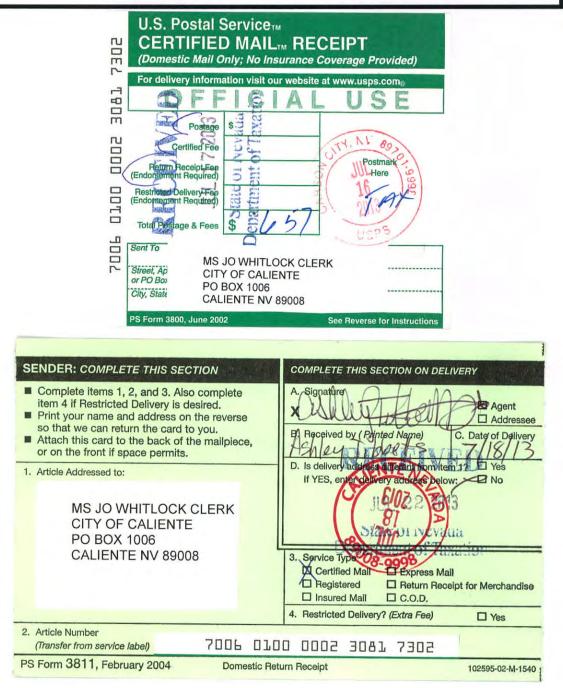

The Committee requests that any materials regarding this agenda item be received in the office of the Department at least 5 working days prior to the scheduled meeting to allow the Department and Committee Members an opportunity for review.

If you have any questions, please feel free to call me at 775-684-2095.

Terry È. Rubald, Deputy Executive Director Department of Taxation

Debbie – I am writing to demand an explanation as to why GID has not submitted its quarterly economic survey reports for all of fiscal 2011-12 and for the first two quarters of FY2012-13? I have offered sources of local help in past messages – but still no reports.

Please respond to this message with a delivery date of the reports on or before March 11, 2012.

Warner R. Ambrose Budget Analyst, Local Gov't Finance Division of Local Government Services (775) 684-2077

No, the department never received the final budget mailed in May. That is why we took the stance that the FY12-13 budget would be used for FY13-14. Now that it has been received the final budget you submitted will be used. However, the department still requests your presence at the CLGF meeting on August 6<sup>th</sup> to explain the District's delays in filing required reports.

Re: Final Budget -- Fiscal Year 2013-2014

Dear Mr. Wilkinson:

The Department of Taxation has determined that the final budget for Fiscal Year 2013-2014 was not submitted to the Department in a timely manner. Therefore, in accordance with NRS 354.598 (2), the final budget for fiscal year 2012-2013 has been filed as the final budget for FY2013-14. A copy of the relevant statute is enclosed.

Based upon this determination, the following tax rates were presented to the Nevada Tax Commission on June 25, 2013 for certification:

| Operating tax rate        | \$ 0.0000     |
|---------------------------|---------------|
| Voter approved rate       | 0.0000        |
| Legislative override rate | 0.0000        |
| Debt service rate         | <u>0.0000</u> |
| Total Tax Rate            | \$ 0.0000     |

If you should have any questions, do not hesitate to call me at (775) 684-2077. My e-mail address is as follows: <a href="mailto:wambrose@tax.state.nv.us">wambrose@tax.state.nv.us</a>.

Sincerely,

Warner R. Ambrose, Budget Analyst Local Government Finance Division of Local Government Services

enclosure

# NRS 354.598 Final budget: Adoption; budget by default; certification; appropriations; limitations; changes.

(2) At the public hearing, the governing body shall indicate changes, if any, to be made in the tentative budget and shall adopt a final budget by the favorable votes of a majority of all members of the governing body. Except as provided in this subsection, the final budget must be adopted on or before June 1 of each year. ...Should the governing body fail to adopt a final budget that complies with the requirements of law and the regulations of the Committee on Local Government Finance on or before the required date, the budget adopted and used for certification of the combined ad valorem tax rate by the Department of Taxation for the current year, adjusted as to content and rate in a manner as the Department of Taxation may consider necessary, automatically becomes the budget for the ensuing fiscal year. When a budget has been so adopted by default, the governing body may not reconsider the budget without the express approval of the Department of Taxation...

- Report by City on financial condition for FY 2013; status of continuation of FY 2012 labor agreements and concessions; report on FY 2014 final budget
- Financial status on enterprise funds

As your Committee knows, it is at this time of year that our staff is closing out the prior fiscal year, preparing closing entries and preparing for the annual audit. These steps normally take six to eight weeks of intense work by our staff to finally have financial statements that are audit ready. With that in mind I will be able to respond to your inquires but with the stipulation that the FY 2013 is preliminary and subject to modification as we perform the year end closing steps.

### Report by Department on Current Year Financial Status, including Revenue, Expenditures

The most recent reliable information which is available to demonstrate the financial condition of the City is the report that was presented to the Department of Taxation as the City's Adopted FY 2014 Budget. The report shows (page 32) that the City's General Fund was projected to end FY 2013 with an 8.04% fund balance (9,577,266/119,053,838 = 8.04%). We believe that after all of the year end closing adjustments are completed and after all accruals of revenues and expenditures are finalized we will meet the objective of an 8% fund balance and may even exceed that goal by a small percentage.

The Public Safety Tax Fund (pages 42 and 43) shows that the Fund was expected to end the fiscal year with a \$1,851,780 fund balance. Again, although we are still in the process of closing out the fiscal year we believe that the fund will end the fiscal year with a balance slightly greater than the \$1.8 million projected.

### **Cash Flow Analysis**

The City of North Las Vegas continues to forward the City's Cash Flow Analysis to the Department of Taxation on a monthly basis although the report for June has not been submitted at the time of preparing this letter. I am attaching a copy of the last completed Cash Flow Analysis which includes actual information through the end of May and a projection for June, 2013. This report shows that the City began the 2013 FY in July of 2012 with a cash balance of just under \$4 million. The actual cash balance as of May 31, 2013 is in excess of \$7.2 million and the end of the year projections are being shown as having an ending cash balance of almost \$7.2 million. The City is making timely payments to all employees and vendors.

### Status of continuation of FY 2012 labor agreements and concessions

The following is part of an e-mail provided by our City Attorney, Jeffrey Barr, regarding the status of the 2012 labor agreements which was also shared with the CLGF earlier this year:

### Status of FY2012 Labor Agreements and Concessions

In June 2012, the City Council passed Resolution 2475, declaring an emergency and suspending certain pay increases for its public safety bargaining units. The City is currently in litigation with its public safety bargaining units over Resolution 2475 in three different forums: (a) private arbitration; (b) the Employee-Management Relations Board (the "EMRB"); and (c) the District Court. In the private arbitration, the arbitrator has stayed the action pending resolution in either the EMRB or the District Court. In the EMRB, the parties do not anticipate a hearing for several months and have not actively litigated. In the District Court, the parties are beginning the process of substantively litigating the matter.

In addition to the information provided by Mr. Barr I can tell the Committee that the City has entered into a Tentative Settlement Agreement with the Police Officers Association (POA). The settlement agreement must be approved by the members of the POA and the North Las Vegas City Council before the agreement is finalized. A stipulation of this Agreement provides that if the Agreement is approved the POA will dismiss all claims related to the Litigation involving Resolution 2475.

The City has also had a positive response from the International Fire Fighters Association (IAFF), the bargaining unit that represents the City's fire staff. While a settlement agreement has not been reached, at this time, the discussion that are ongoing have been positive and the City believes an agreement will be reached in the near future. That agreement would also resolve any issues pertaining to Resolution 2475.

### Report on FY 2014 Budget

At the CLGF meeting that was held on May 2, 2013 several of the Committee members had concerns about CNLV's Tentative Budget. They did not understand why certain line items (mostly Salaries and Wages and Benefits) were increasing when the City did not have the resources to support those increases. They also questions what the large negative expenditures were in the General Fund (\$14.6 Million), Public Safety Tax Fund (\$3.2 Million) and Library District Fund (\$1 Million). As I attempted to explain, the Tentative Budget included all of the terms of the City's Collective Bargaining Agreements which caused the line item increases. The negative amounts were included as negative expenditures in order to provide a Tentative Budget that met the goals and objectives of our City Council and the State's NRS's.

The goal for the City then became finding a way to cut the budget without the use of those large negative expenditures. In general, those cuts were found by eliminating funding for most positions that were currently vacant. The vacancy cuts totaled more than \$4.6 million. The majority of the rest of the reductions were resolved when the City Council adopted Resolution 2496 which is a resolution similar to Resolution 2475 which suspended certain terms of the existing Collective Bargaining Agreements. By taking those actions the City was able to balance our FY 2014 Budget which continues to maintain a fund balance in the General Fund of 8% of expenditures and other uses.

When the cuts were applied to the Final Adopted Budget the increases in the Salaries and Wages and Benefits line items were reduced and the negative expenditures were removed. In short, the City adopted a balance budget which meets the goals and objectives of the City Council and the State's NRS's. Just as we have during FY 2013 the City will monitor revenues and expenditures very closely throughout the year to make sure we live within those resources available to the City and will result in meeting the intent of our City Council.

### Financial Status on Enterprise Funds

Enclosed with this letter is an analysis of the Net Pledged Revenues for the City's Water and Waste Water Utility Funds, (the City's Enterprise Funds). This analysis was also shared with the State Assembly and Senate during discussion regarding AB503. This Bill was introduced by Assemblywoman Marilyn Kirkpatrick, Speaker of the Assembly, passed by both the Assembly and the Senate and signed into law by the Governor on June 10, 2013. The Bill provides that cities, who meet certain requirements, may use resources from enterprise activities to support governmental activities in excess of the caps imposed on the use of those funds during the legislative session in 2011. Prior to the Bill being passed the City of North Las Vegas had to prove to the members of the Assembly and Senate that there were available unreserved resources within the enterprise funds to support the additional transfers. The proof we provided to the elected officials was the analysis of Net Pledged Revenues we are now sharing with the CLGF.

While this letter can not address all of the concerns of the Committee we hope that the information provided will lead to a dialogue that will address all of the concerns of each and every Committee Member. The City of North Las Vegas appreciates the hard work of the Committee on Local Government Finance and looks forward to working closely with the Committee as the City takes all necessary steps to stabilize and improve the City's financial condition.

Respectfully,

Al Zochowski Finance Director ZochowskiA@CityofNorthLasVegas.com

# FINAL BUDGET

FISCAL YEAR 2013 - 2014

Mayor Shari L. Buck

Council Members Pamela A. Goynes-Brown Robert L. Eliason Anita G. Wood Wade W. Wagner

City Manager Timothy R. Hacker

2250 Las Vegas Blvd. North • North Las Vegas, Nevada 89030 Telephone: (702) 633-1462 • Fax: (702) 649-5077 www.cityofnorthlasvegas.com

The City of North Las Vegas herewith submits the final budget for the fiscal year ending June 30, 2014.

This budget contains five funds, including Debt Service, requiring property tax revenues totaling \$44,133,891.

The property tax rates computed herein are based on preliminary data. If the final state computed revenue limitation permits, the tax rate will be increased by an amount not to exceed legally authorized limit. If the final computation requires, the tax rate will be lowered.

This budget contains 12 governmental type funds with estimated expenditures of \$254,110,245, net of transfers and excluding contingencies of \$500,000, and five proprietary funds with estimated expenses of \$120,981,407.

Copies of this budget have been filed for public record and inspection in the offices enumerated in NRS 354.596 (Local Government Budget and Finance Act).

CERTIFICATION

ATTEST:

Dave Empey / () Budget Manager certify that all applicable funds and financial operations of this Local Government are listed herein.

### APPROVED BY THE GOVERNING BOARD:

June 1, 2013

Nevada Department of Taxation 1550 East College Parkway, Suite 115 Carson City, NV 89706-7921

Presented herewith is the final budget for the 2014 fiscal year. The budget was discussed and adopted at a special meeting of the City Council held on Tuesday, May 21 at 5:00 p.m.

The City budget, for all funds including a contingency of \$500,000, is \$375.6 million of which 33.1% is allocated to the Public Safety function, 13.1% to the Public Works function, 20.2% to the Utilities function and 33.7% for all other functions. Expected ending fund balances for all governmental funds total \$57.5 million and are available to offset revenue shortfalls and finance the subsequent year's operations. In addition, expected ending cash balances in the proprietary funds total \$35.6 million and are available to offset revenue shortfalls in those funds.

With respect to General Fund expenditures, the budget is allocated to the functions indicated: General Government 16.7%; Judicial 6.4%; Public Safety 66.1%; Public Works 2.1%; Culture and Recreation 7.2%; and Community Support 1.5%. The expected ending fund balance is \$9,975,425 which is 8.3% of budgeted expenditures and other uses and meets a commitment previously established by Council in 2011.

Included in the Tentative Budget, 'Budget Reduction Plan' credits were shown for \$14,565,000 and reported as 'other uses' of the General Fund and \$3,250,511 in the Special Revenue, Public Safety Tax Fund. You will note that those credits have been removed in the Final Budget. In their place, budget reductions have been applied to various departments as adopted at the City's budget hearing on May 21<sup>st.</sup>

Development of this financial plan began in January involving all departments. Budget balancing reductions were determined based upon consideration of the citywide need to identify cost containment and modifications in order to maintain current service levels.

The Redevelopment Agency budgeted expenditures for the 2014 fiscal year are \$2,182,909, of which 25.6% is allocated to personnel costs, 29.8% for capital outlay and 44.6% for other operating costs. The expected ending fund balance is \$6,800,429.

The Library District budgeted expenditures for the 2014 fiscal year are \$2,877,786, of which 50.2% is allocated to personnel costs and 49.8% for other operating costs. The expected ending fund balance is \$115,583.

Sincerely,

The Empery

Dave Empey Budget Manager

# LAS VEGAS SUN Budget still in the red, NLV declares another state of emergency

# By Brian Nordli (contact)

Wednesday, June 19, 2013 | 10:10 p.m.

The North Las Vegas City Council voted on Wednesday for a measure that would renew last year's resolution to declare a state of emergency to close an \$18 million budget gap.

The issue: "This is just a repetition of what you did last year," city attorney Jeffrey Barr reminded the council during the meeting. Last year the city took an unprecedented step and declared a state of emergency to close a \$30 million budget deficit after stalled negotiations with its unions. This year, the city has an \$18 million budget deficit, and negotiations have once again stalled. With the July 1 deadline to enforce measures to balance the budget looming, the city is voting to declare a state of emergency for the second year in a row.

Decision: Approved, 5-0.

What it means: The city has stopped the bleeding again for at least one more year by again forcing concessions on its unions. Unlike last year, however, the action did not come as a shock to unions. The concessions involve limiting salary increases and certain benefits in the unions' contracts to close the budget deficit, but no one will be laid off.

The North Las Vegas Police Supervisors Union will file a second lawsuit against the city claiming the resolution is illegal. Meanwhile, the city will continue negotiations with the unions to reach a settlement on lawsuits filed after last year's state of emergency. The city and unions will also prepare for

Page 2 of 2

talks to restructure the union contracts in 2014. Hacker said the current contracts reflected a time when the city was growing; he hopes the restructured deals will help the city balance its budget in the future.

## Fitch Downgrades North Las Vegas, NV GO Bonds to 'BB+'; Outlook

**Negative** Ratings Endorsement Policy 01 Jul 2013 4:14 PM (EDT)

Fitch Ratings-San Francisco-01 July 2013: Fitch Ratings has downgraded to 'BB+' from 'BBB' the following North Las Vegas, NV (the city) obligations:

--\$1.475 million limited tax general obligation (LTGO) bond series 2002B;

--\$136.57 million LTGO bonds (additionally secured by consolidated tax pledged revenues); --\$298.6 million LTGO water and wastewater improvement bonds (additionally secured by water and wastewater system pledged revenues).

The Rating Outlook is Negative.

#### SECURITY

The bonds are secured by the full faith and credit of the city, subject to Nevada's constitutional and statutory limitations on the aggregate amount of ad valorem property taxes. Additional security is provided to \$136.57 million of the bonds by an irrevocable pledge of and lien on certain consolidated tax revenues (15% of these revenues) and to \$298.6 million of the bonds by pledged water/wastewater system net revenues.

#### **KEY RATING DRIVERS**

BUDGET BALANCE REQUIRES EMERGENCY RESOLUTION: The downgrade and Negative Outlook reflect the city's continued fiscal distress, as evidenced by the second consecutive year with a resolution declaring a state of emergency. The state statue permitting the declaration does not include a fiscal emergency. However, the city contends that in the wake of failed concessions, offsetting layoffs would have created a public safety emergency.

PENDING LAWSUITS: The city is facing lawsuits and grievances related to the fiscal 2013 resolution, and one of the city's four unions declared its intent to file another lawsuit in response to the fiscal 2014 resolution. According to management, the city is in settlement negotiations with three of the four unions.

CONTINUED REVENUE DECLINES: The city's fiscal distress is driven by a steep drop in general fund revenues coupled with costly long-term labor contracts. Reserve levels previously viewed as a cushion against revenue fluctuations have been used to balance the budget and are narrow and illiquid. A recent attempt to refinance a small amount of LTGO bonds to boost liquidity was unsuccessful.

RELIANCE ON UTILITY TRANSFERS TO CONTINUE: The general fund is reliant upon large water/wastewater fund transfers for a quarter of general fund resources. A state law that mandated their reduction was recently overridden by adopted legislation. This practice provides near-term relief but has reduced the financial position of the utility funds, calling into question the longer-term feasibility.

PRESSURED AND NARROW ECONOMY: The city and region's economy were among the hardest hit by the collapse of the housing market, resulting in a combined TAV decline of 52% over the last four years. The regional economy is dominated by tourism and gaming which experienced significant revenue and employment declines but appear to be stabilizing.

GROWING LONG-TERM LIABILITIES: Debt levels are moderate to high with limited additional debt expected. Amortization is extremely slow and debt service is inclining. Carrying costs, including debt and retiree

liabilities, are moderately high and expected to increase with rising pension payments.

NO ENHANCEMENT FOR ADDITIONAL PLEDGES: Fitch's rating reflects the city's LTGO pledge although the city intends to pay a portion of debt service from other pledged revenues. The additional pledges do not enhance the rating because consolidated tax revenues support a high proportion of general fund operations and water/wastewater revenues have historically provided only at or below about 1.0x debt service coverage after transfers to the general fund.

## **RATING SENSITIVITIES**

UNFAVORABLE LEGAL RULING: Failure to gain relief from contractual compensation increases via favorable rulings or settlements with bargaining units may require the city to provide back wages for fiscals 2013 and 2014. This would result in a significant unbudgeted cost on the already highly stressed budget.

FURTHER ECONOMIC DECLINE: Given continued revenue declines, any additional weakening of the city's economic indicators from currently anticipated trends would likely result in negative rating pressure.

INABILITY TO UTILIZE UTILITY TRANSFERS: If the city is unable to obtain approval from the Committee on Local Government Finance (CLGF) as required by legislation for the additional transfers needed to balance the budget, it may face rating pressure given limited expenditure flexibility. However, Fitch views approval as likely.

## **CREDIT PROFILE**

North Las Vegas encompasses approximately 100 square miles in Clark County with a population of 227,585. The city is approximately 43% built out with a large quantity of undeveloped land. The city has nearly doubled in population since 2000 but growth has more recently slowed with the housing and economic downturn.

## EMERGENCY RESOLUTION ADOPTED FOR SECOND CONSECUTIVE YEAR

The downgrade reflects the city's ongoing fiscal distress resulting in the city adopting a resolution declaring a state of emergency for the second consecutive year on June 19. Facing an \$18.8 million total deficit, of which the general fund accounts for \$14.6 million (about 12% of general fund spending), the city had been unable to come to agreement with its four unions on concessions including suspension of salary increases, holiday sell backs, merit pay, and uniform allowances. Combined, these concessions total \$11.7 million for fiscal 2014.

In addition, the city expects to receive only a net \$500,000 (less than 1% of general fund revenues) increase in C-tax revenues in fiscal 2014 as a result of legislative action on the state-wide distribution formula versus its requested \$23 million. Improved receipts bring total collections to \$41.5 million, which is \$2 million, or 4.6%, higher, than fiscal 2013. The city estimates an increase of less than 1% in property tax revenue for fiscal 2014.

#### STEEP REVENUE DECLINES AND RISING COSTS

General fund revenues declined to an estimated \$87.6 million for fiscal 2012 not including utility transfers, a drop of 46.7% since peaking in fiscal 2008. Property taxes continue to decline and now make up only 9.7% of revenues compared to 18% in fiscal 2010.

The city has closed several years of budget gaps by eliminating about 1,000 full-time equivalent positions (45% since the peak in 2009) through attrition and voluntary separation and layoffs. In addition, the city negotiated temporary memoranda of understanding (MOUs) with various unions providing concessions but precluding layoffs through fiscal 2012.

The fiscal 2013 budget had an initial \$33 million imbalance. Following unsuccessful negotiations with bargaining units to extend concessions under the temporary MOUs related to multi-year labor contracts expiring in fiscal 2014 and 2015, city council approved a large number of public safety layoffs, among other ongoing and one-time solutions. The layoffs would have generated savings of \$17 million from public safety and \$3.9 million from general government.

In lieu of following through with the layoffs, city council approved a resolution permitting the city to declare an emergency under Nevada Revised Statue (NRS) 288.15 which permits the one year suspension of labor contracts in 'situations of emergency such as a riot, military action, natural disaster or civil disorder.' The resolution stated that the 'mass layoffs of public safety personnel that would otherwise be required to balance

the budget would result in a public safety emergency.' Pursuant to NRS 288.15, the city would not be required to pay back suspended wages. The emergency declaration resulted in about \$9.9 million in fiscal 2013 savings primarily from suspension of the labor contracts through the end of fiscal 2013.

#### PENDING LITIGATION

The police supervisors' union filed a breach of contract lawsuit and the fire fighters and police officer's unions filed formal grievances following the fiscal 2013 emergency resolution. The police supervisors' union indicated its intent to file again given the fiscal 2014 resolution. The city continues to operate as if the labor contract suspensions hold and estimates resolution could take as long as two years. Management has indicated the city is in negotiations to settle the lawsuits with three of the four unions. Fitch believes the city faces significant financial risks if these issues are not resolved in the city's favor.

#### LIMITED FINANCIAL CUSHION

The city's financial position has weakened as a result of many years of large net deficits. Fiscal 2012 ended with a slightly improved unrestricted general fund balance of \$8.9 million equal to 7.3% of spending. Results were modestly below expectations Management expects to end fiscal 2013 with similar results and meet the city's target of 8%, which is well under the original board policy of 18% which was revised downward during fiscal 2011.

General fund liquidity declined significantly from an average of \$15.5 million from 2006 to 2009 to just \$1.28 million at the end of fiscal 2011. It has since increased to \$3.97 million in fiscal-year end 2012, equal to just 0.5x liabilities. Management expects to increase liquidity moderately to \$6 million for fiscal 2013. An attempt to refinance \$6.855 million in general obligation bonds in April to provide liquidity was unsuccessful. Fitch views this as both an indication of, and a contributor to, the city's financial stress.

The city retains 20% flexibility under the tax rate cap. However, Fitch believes the city council's decision not to increase the rate despite declaring emergency supports management's assertion that an increase is politically infeasible.

#### TRANSFERS FROM WATER/WASTEWATER SYSTEM PRESSURED

The general fund is highly dependent on transfers, including payments in lieu of taxes (PILT), from the water and wastewater systems representing 26% of general fund revenues in fiscal 2012. City council passed a resolution in 2012 to reduce the \$32 million annual transfer by \$500,000 annually to comply with state law limiting transfers to \$17 million by 2021. However, recently adopted state legislation allows the transfers to continue at their higher levels. In addition, the city is permitted to transfer above the cap for certain purposes subject to the approval of the state's CLGF. Management estimates a total of \$11.4 million above the current \$32 million limit available for transfer from the utility funds through 2017.

Water and wastewater system unrestricted cash reserves continue a declining trend. Fitch believes increased transfers could accelerate this decline, creating uncertainty regarding availability of cash for future transfers. Days cash on hand fell from \$179 million, or 1,367 days cash on hand in fiscal 2009, to \$48.7 million, or 499 days in fiscal 2012.

Combined water/wastewater debt service coverage (DSC) equaled 2.6x in fiscal 2012. Coverage incorporating transfers out was 1.2x, an improvement after two years of less than 1.0x. Projections from October 2012 assuming 3% annual increases in water and wastewater rates and transfers of \$32 million annually show coverage declining to 0.6x in 2013 net of transfers before increasing to just over 1.0x by 2017. Coverage may in fact be lower due to the increased level of transfers.

Given the general fund's reliance on the utility transfers and the strain they are putting on the utility system, Fitch does not believe the water and wastewater revenues provide additional credit enhancement for such LTGO bonds additionally secured by these revenues. Furthermore, sustained draws on reserves could further pressure the general fund's credit quality.

#### POTENTIAL INCREASED STATE INVOLVEMENT

State law authorizes the Department of Taxation (Taxation) to take over the management of a local government if the entity is not able to successfully deal with budget shortfalls. Taxation has broad financial powers, including approving all expenditures, negotiating with creditors, negotiating contracts and collective bargaining

agreements, and increasing the ad valorem tax rate available to pay local government obligations from \$3.64 to \$4.50 per \$100 of AV.

According to city management, thus far Taxation has requested monthly updates on financial status and has not indicated any intention of significant additional steps, including taking control of the city's financial management.

## ELEVATED DEBT LEVELS

Overall debt levels are moderate to high at \$2,747 per capita and 5.6% of market value not including water/wastewater debt. Amortization is low with a 10-year principal pay out of only 33% through fiscal 2024 and an ascending debt service schedule in the intermediate term. The city's five-year capital improvement plan through fiscal year 2018 includes about \$244 million in projects, down from \$300 million the prior year. The majority of projects have identified outside funding sources.

Carrying costs, net of GO debt paid by the water and wastewater funds, are currently in the moderate range at 22% of noncapital governmental spending. Fitch believes this ratio will increase as both debt service and postretirement benefit costs rise. Pension payments make up the majority of those costs at 15%. Contributions rates to the Nevada Public Employees' Retirement System are statutorily determined and were 23.75% for regular employees and a high 39.75% of public safety salaries in fiscal 2012. The plan's funded ratio is somewhat weak at a Fitch-estimated 63.9% using a 7% rate of return, making future rate increases likely. The city's other post-employment benefits liability as of year-end fiscal 2012 was a relatively modest \$29.4 million. STRESSED ECONOMY

The city's tax base grew rapidly through fiscal 2008 before declining precipitously by 53% between 2009 and 2012. It has ticked up 3% in fiscal 2013 and 2% in 2014. The city's housing market continues to experience high foreclosure rates. North Las Vegas housing prices are still down more than 50% from their peak in April 2006; however, there are some positive signs with an increase of 32.1% as of May 2013 year over year to \$126,300. State-wide figures are similar with prices up 23.2% year over year to \$152,900. Given the small share of revenue that property taxes now contribute, Fitch believes sizable TAV increases would be needed to have a meaningful impact on the budget.

The city's economy is reliant upon gaming; most major employers and taxpayers are hotel/casinos. The top 10 taxpayers, of which three are hotel/casinos, make up 7% of TAV. Unemployment of 11.4% as of April 2013 is down from 13.7% year over year based on 2.2% employment growth. The city's rate is well above the county (9.6%), state (9.5%), and nation (7.1%). Median household income is 6% above the state's and 14% above the nation's, but per capita income is 20% below both state and national average.

Tourism is beginning to recover with the Las Vegas Convention and Visitors Authority reporting an increase in visitors of 0.5% as of April 2013 year over year. Average daily room rates are up 6.9% over the same time period.

July 8, 2013

Mr. Marvin Leavitt Chairman, Committee on Local Government Finance C/O State of Nevada Department of Taxation 1550 College Parkway, Suite 115 Carson City, Nevada 89706-7937

Dear Mr. Leavitt:

I am writing to the Committee on Local Government Finance as is a requirement of AB 503. AB 503 is the legislation passed by the State Assembly and Senate that was signed by the Governor on June 10, 2013. This legislation allows local governments to use money, in certain circumstances, in an enterprise fund, once approved by the Committee on Local Government Finance, in excess of the current allowable amounts. This letter includes information provided to the Committee on Governmental Affairs which supports the City of North Las Vegas' needs for a transfer of monies from the City's Water and Wasterwater Enterprise Funds to the City's General Fund and Library District Fund.

The first requirement of AB 503 that must be met in order for a local government to seek approval from the CLGF to transfer the monies is that the City's annual financial statements have been audited and that the General Fund balance in the City's General Fund is less than 9% of expenditures. The Department of Taxation has on file the City's Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2012 (the latest information available at this time). The CAFR has been audited and the Certified Public Accounting Firm of Piercy Bowler Taylor and Kern has issued an unqualified report for the financial statements presented in the CAFR. The ending fund balance in the General Fund was \$9,180,610 which is 8% of total expenditures.

The next requirement is that the local government adopts a resolution requesting the approval of the CLGF to transfer money from an enterprise fund. At the City Council meeting of July 3, 2013 the City Council approved Resolution No. 2500, "A resolution to request approval from the Committee on Local Government Finance to allow the transfer of funds from the City's Water and Wastewater Funds to the City's General Fund and the North Las Vegas Library District Fund." (A copy of the approved resolution is enclosed)

AB 503 also sets priorities for how the funds that are transferred must be used. The first priority is that the funds must be used to restore police and fire services. The next priority is that the funds must be used to restore operations of libraries, parks and other recreational services. The final priority is that the funds can be used to settle any legal claim outstanding on the date on which the transfer is made.

## Page 2

The City provided to the Committee on Governmental Affairs a detailed list of how the City anticipates using these funds. The list includes:

- 1. Provide \$780,000 to restore police services by retaining 13 Police Officer positions which were due to be eliminated as grant funding expired.
- 2. Provide \$850,000 to restore fire services which would ensure all eight City Fire Stations be operational 365 days a year.
- 3. Provide \$1,003,000 to restore library services which would allow all three City libraries to operate 5 days weekly and prevent the closing of any of the libraries.
- 4. Provide \$1,700,000 to allow for start-up cost of Craig Ranch Regional Park as well as increasing existing pool and recreation operations thereby restoring both parks and recreational services to the community.

In addition to the four items noted above the City is in the process of settling several outstanding legal claims. The claims are a response of our collective bargaining groups impacted by the Council's approval of the "Emergency Resolutions" to balance the FY 2012 – 2013 and FY 2013 – 2014 budgets. Those Resolutions required the City to suspend certain terms of the collective bargaining agreements with the Police Officers Association (POA), the Police Supervisors Association (PSA), the International Association of Fire Fighters (IAFF) and Teamsters Local 14. City representatives have been meeting with representatives of the unions in hopes this will lead to the settlement of the actions taken by the unions against the City. While we feel settlement talks are positive and they will be beneficial, the City will need a source of funds to make the settlements reality. Because the City does not have any available resources to make these settlements we are requesting the use of funds allowed by AB 503, when needed, at the amounts the City will be able to report to the CLGF when settlements are achieved.

Enclosed with this request for approval is a document which details the funds available in the City's Water and Wastewater Funds. This document anticipates Operating Revenues, Operating Expenses and Non-operating Revenues and Expenses through FY 2017. It also takes into account the requirements of a bond covenant that states the City's Water and Wastewater Funds must maintain an unrestricted reserve equal to, or greater than, 25% of Operating Expenses. This document shows that the Ending Unrestricted Reserve Balance at June 30, 2013 is anticipated to be \$31,336,648.

It is the intent of the City of North Las Vegas to only transfer funds from the enterprise funds to the City's General Fund or North Las Vegas Library District Fund as needed. Should the City require additional transfers in the future, the City will document its needs and reappear before the CLGF for permission to use those funds. In addition, the City's intention is to comply with any reporting requirements established by the CLGF as is required by AB 503.

The City of North Las Vegas seeks approval from the CLGF to move forward with this plan. Should you or your staff need any further information please contact Al Zochowski, Finance Director, at (702) 633-1463. He will be ready and able to answer any questions.

Thank you for r consideration Timothy R. Ha City Mahagei

## **RESOLUTION NO. 2500**

## A RESOLUTION TO REQUEST APPROVAL FROM THE COMMITTEE ON LOCAL GOVERNMENT FINANCE TO ALLOW THE TRANSFER OF FUNDS FROM THE CITY'S WATER AND WASTEWATER ENTERPRISE FUNDS TO THE CITY'S GENERAL FUND AND THE NORTH LAS VEGAS LIBRARY DISTRICT FUND AS AUTHORIZED BY AB 503 (2013).

WHEREAS, in June 2013, the Nevada Legislature passed and the Governor signed AB 503 (2013) into law;

WHEREAS, AB 503 (2013) temporarily revises provisions governing a local government's use of money in an enterprise fund allowing a local government, by resolution, to transfer money from an enterprise fund to the general fund for the following purposes: (1) to restore police and fire services; (2) to restore the operation of libraries, parks and other recreational services; and (3) to settle any legal claim outstanding on the date on which the transfer is made;

WHEREAS, Section 1 of AB 503 (2013) requires the approval of the Committee on Local Government Finance prior to any transfer;

NOW, THEREFORE, BE IT RESOLVED, based upon the foregoing recitals and findings which are incorporated by referenced, that:

1. It is in the best interest of the citizens of North Las Vegas to effectuate certain transfers from the City's Water and Wastewater Enterprise Funds as follows:

- (a) To provide funds to restore Fire Department operations at all eight City fire stations every day of the year--\$850,000;
- (b) To provide funds to maintain 13 Police Officer positions that are currently being funded through grants that expire on December 30, 2013--\$780,000;
- (c) To provide funds to restore the operations of library services to all three of the City's libraries 5 days per week and prevent the closing of at least one of the City's libraries--\$1,003,000;
- (d) To provide funds for the operations and maintenance of Craig Ranch Regional Park after the completion of construction--\$1,700,000.

2. The City requests the approval of the Committee on Local Government Finance for the above-referenced transfers.

111

111

111

3. The City reserves the right to make transfers of additional funds and seek approval of said transfers at any time for any municipal purposes listed in AB 503 (2013), and nothing in this Resolution No. 2500 shall be deemed to limit or impair the City's right to make additional transfers as permitted by law.

PASSED AND ADOPTED THIS <u>3<sup>RD</sup> DAY OF JULY, 2013</u>.

/s/John J. Lee John J. Lee, Mayor

## CHAPTER.....

AN ACT relating to local financial administration; revising temporarily provisions governing the use by a local government of money in an enterprise fund; requiring the Committee on Local Government Finance to adopt certain regulations; providing a penalty; and providing other matters properly relating thereto.

## Legislative Counsel's Digest:

Existing law restricts the use by a local government of money in an enterprise fund, money collected from fees imposed for the purpose for which an enterprise fund was created or any income or interest earned on money in an enterprise fund under certain circumstances. (NRS 354.613) Section 1 of this bill authorizes temporarily the governing body of a local government to loan or transfer such money if the ending fund balance of the general fund of the local government at the end of a fiscal year is less than 9 percent of the total expenditures of the local government from the general fund during that fiscal year. Any such loan or transfer requires the prior approval of the Committee on Local Government Finance. Any money loaned or transferred by the governing body pursuant to section 1 must be used only, in order of priority: (1) to restore police and fire services; (2) to restore the operation of libraries, parks and other recreational services; and (3) to settle any legal claim outstanding on the date on which the loan or transfer is made. Section 1 requires the governing body of a local government that loans or transfers money pursuant to that section to make certain quarterly reports to the Committee on Local Government Finance concerning the loan or transfer. Section 1 also requires the Committee to adopt regulations specifying the procedure for obtaining the approval of the Committee required by that section.

**Section 9.5** of this bill requires the governing body of any local government which makes such a loan or transfer to report certain information to the Director of the Legislative Counsel Bureau on or before January 15, 2015, for transmittal to the Audit Division of the Bureau and to the Legislature.

EXPLANATION - Matter in *bolded italics* is new; matter between brackets [omitted material] is material to be omitted.

# THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** Chapter 354 of NRS is hereby amended by adding thereto a new section to read as follows:

1. Except as otherwise provided in this section and notwithstanding any provision of NRS 354.613 to the contrary, if the ending fund balance of the general fund of a local government at the end of a fiscal year is less than 9 percent of the total expenditures of the local government from the general fund during that fiscal year, as reflected in the report of the annual audit prepared for the local government pursuant to NRS 354.624,

the governing body of the local government may, during the following fiscal year, by resolution and with the prior approval of the Committee on Local Government Finance, loan or transfer money from an enterprise fund, money collected from fees imposed for the purpose for which an enterprise fund was created or any income or interest earned on money in an enterprise fund.

2. Any money loaned or transferred by the governing body of a local government pursuant to subsection 1 may be used only for the purposes listed in this subsection, in the following order of priority:

(a) To restore police and fire services;

(b) To restore the operation of libraries, parks and other recreational services; and

(c) To settle any legal claim outstanding on the date on which the loan or transfer authorized by subsection 1 is made.

3. The governing body of a local government that loans or transfers any money pursuant to subsection 1 shall submit a quarterly report to the Committee on Local Government Finance which includes all of the information required pursuant to subsections 4 and 5.

4. Each report submitted by the governing body of a local government pursuant to subsection 3 must include, without limitation:

(a) Information about any increase in a fee described in subsection 1 imposed by the local government;

(b) Any change to salaries or benefits paid to employees of the local government;

(c) Any change to a collective bargaining agreement negotiated pursuant to chapter 288 of NRS to which the local government is a party; and

(d) Any information prescribed by regulation of the Committee on Local Government Finance pursuant to subsection 6.

5. In addition to the requirements set forth in subsection 4, if, for any fiscal year, the difference between budgeted and actual general fund revenues or expenditures for the local government is more than 5 percent for any category of revenues or expenditures, as provided in the report of the annual audit prepared for the local government pursuant to NRS 354.624, in addition to the requirements set forth in subsection 4, the first quarterly report submitted to the Committee on Local Government Finance after the audit report is submitted to the local government must include an explanation of the difference.

6. The Committee on Local Government Finance:

(a) Shall adopt regulations specifying the procedure for obtaining the approval of the Committee required by subsection 1; and

(b) May prescribe by regulation any additional information which must be included in the reports submitted by the governing body of a local government pursuant to subsection 3.

7. The provisions of this section:

(a) Apply only to a local government which has, during each of the 5 fiscal years immediately preceding the effective date of this act, loaned or transferred:

(1) Money from an enterprise fund;

(2) Money collected from fees imposed for the purpose for which an enterprise fund was created; or

(3) Any income or interest earned on money in an enterprise fund.

(b) Do not apply to an enterprise fund created for an airport owned and operated by a local government.

**Sec. 2.** NRS 354.470 is hereby amended to read as follows:

354.470 NRS 354.470 to 354.626, inclusive, *and section 1 of this act* may be cited as the Local Government Budget and Finance Act.

**Sec. 3.** NRS 354.472 is hereby amended to read as follows:

354.472 1. The purposes of NRS 354.470 to 354.626, inclusive, *and section 1 of this act* are:

(a) To establish standard methods and procedures for the preparation, presentation, adoption and administration of budgets of all local governments.

(b) To enable local governments to make financial plans for programs of both current and capital expenditures and to formulate fiscal policies to accomplish these programs.

(c) To provide for estimation and determination of revenues, expenditures and tax levies.

(d) To provide for the control of revenues, expenditures and expenses in order to promote prudence and efficiency in the expenditure of public money.

(e) To provide specific methods enabling the public, taxpayers and investors to be apprised of the financial preparations, plans, policies and administration of all local governments.

2. For the accomplishment of these purposes, the provisions of NRS 354.470 to 354.626, inclusive, *and section 1 of this act* must be broadly and liberally construed.

**Sec. 4.** NRS 354.474 is hereby amended to read as follows:

354.474 1. Except as otherwise provided in subsections 2 and 3, the provisions of NRS 354.470 to 354.626, inclusive, *and section 1 of this act* apply to all local governments. For the purpose of NRS 354.470 to 354.626, inclusive [:], *and section 1 of this act*:

(a) "Local government" means every political subdivision or other entity which has the right to levy or receive money from ad valorem or other taxes or any mandatory assessments, and includes, without limitation, counties, cities, towns, boards, school districts and other districts organized pursuant to chapters 244A, 309, 318 and 379 of NRS, NRS 450.550 to 450.750, inclusive, and chapters 474, 541, 543 and 555 of NRS, and any agency or department of a county or city which prepares a budget separate from that of the parent political subdivision.

(b) "Local government" includes the Nevada Rural Housing Authority for the purpose of loans of money from a local government in a county whose population is less than 100,000 to the Nevada Rural Housing Authority in accordance with NRS 354.6118. The term does not include the Nevada Rural Housing Authority for any other purpose.

2. An irrigation district organized pursuant to chapter 539 of NRS shall fix rates and levy assessments as provided in NRS 539.667 to 539.683, inclusive. The levy of such assessments and the posting and publication of claims and annual financial statements as required by chapter 539 of NRS shall be deemed compliance with the budgeting, filing and publication requirements of NRS 354.470 to 354.626, inclusive, *and section 1 of this act*, but any such irrigation district which levies an ad valorem tax shall comply with the filing and publication requirements of NRS 354.470 to 354.626, inclusive, *and section 1 of this act* in addition to the requirements of chapter 539 of NRS.

3. An electric light and power district created pursuant to chapter 318 of NRS shall be deemed to have fulfilled the requirements of NRS 354.470 to 354.626, inclusive, *and section 1 of this act* for a year in which the district does not issue bonds or levy an assessment if the district files with the Department of Taxation a copy of all documents relating to its budget for that year which the district submitted to the Rural Utilities Service of the United States Department of Agriculture.

**Sec. 5.** NRS 354.476 is hereby amended to read as follows:

354.476 As used in NRS 354.470 to 354.626, inclusive, *and* section 1 of this act, unless the context otherwise requires, the

words and terms defined in NRS 354.479 to 354.578, inclusive, have the meanings ascribed to them in those sections.

**Sec. 6.** NRS 354.590 is hereby amended to read as follows:

354.590 Whenever the terms of NRS 354.470 to 354.626, inclusive, *and section 1 of this act* require or refer to action of a governing body by resolution, the governing body may at its discretion act by ordinance, if it is otherwise authorized by law to adopt ordinances.

**Šec. 7.** NRS 354.594 is hereby amended to read as follows:

354.594 The Committee on Local Government Finance shall determine and advise local government officers of regulations, procedures and report forms for compliance with NRS 354.470 to 354.626, inclusive [-], and section 1 of this act.

**Sec. 8.** NRS 354.613 is hereby amended to read as follows:

354.613 1. Except as otherwise provided in this section [,] *and section 1 of this act,* the governing body of a local government may, on or after July 1, 2011, loan or transfer money from an enterprise fund, money collected from fees imposed for the purpose for which an enterprise fund was created or any income or interest earned on money in an enterprise fund only if the loan or transfer is made:

(a) In accordance with a medium-term obligation issued by the recipient in compliance with the provisions of chapter 350 of NRS, the loan or transfer is proposed to be made and the governing body approves the loan or transfer under a nonconsent item that is separately listed on the agenda for a regular meeting of the governing body, and:

(1) The money is repaid in full to the enterprise fund within 5 years; or

(2) If the recipient will be unable to repay the money in full to the enterprise fund within 5 years, the recipient notifies the Committee on Local Government Finance of:

(I) The total amount of the loan or transfer;

(II) The purpose of the loan or transfer;

(III) The date of the loan or transfer; and

(IV) The estimated date that the money will be repaid in full to the enterprise fund;

(b) To pay the expenses related to the purpose for which the enterprise fund was created;

(c) For a cost allocation for employees, equipment or other resources related to the purpose of the enterprise fund which is approved by the governing body under a nonconsent item that is

separately listed on the agenda for a regular meeting of the governing body; or

(d) Upon the dissolution of the enterprise fund.

2. Except as otherwise provided in this section, the governing body of a local government may increase the amount of any fee imposed for the purpose for which an enterprise fund was created only if the governing body approves the increase under a nonconsent item that is separately listed on the agenda for a regular meeting of the governing body, and the governing body determines that:

(a) The increase is not prohibited by law;

(b) The increase is necessary for the continuation or expansion of the purpose for which the enterprise fund was created; and

(c) All fees that are deposited in the enterprise fund are used solely for the purposes for which the fees are collected.

3. Upon the adoption of an increase in any fee pursuant to subsection 2, the governing body shall, except as otherwise provided in this subsection, provide to the Department of Taxation an executed copy of the action increasing the fee. This requirement does not apply to the governing body of a federally regulated airport.

4. The provisions of subsection 2 do not limit the authority of the governing body of a local government to increase the amount of any fee imposed upon a public utility in compliance with the provisions of NRS 354.59881 to 354.59889, inclusive, for a right-of-way over any public area if the public utility is billed separately for that fee. As used in this subsection, "public utility" has the meaning ascribed to it in NRS 354.598817.

5. This section must not be construed to:

(a) Prohibit a local government from increasing a fee or using money in an enterprise fund to repay a loan lawfully made to the enterprise fund from another fund of the local government; or

(b) Prohibit or impose any substantive or procedural limitations on any increase of a fee that is necessary to meet the requirements of an instrument that authorizes any bonds or other debt obligations which are secured by or payable from, in whole or in part, money in the enterprise fund or the revenues of the enterprise for which the enterprise fund was created.

6. The Department of Taxation shall provide to the Committee on Local Government Finance a copy of each report submitted to the Department on or after July 1, 2011, by a county or city pursuant to NRS 354.6015. The Committee shall:

(a) Review each report to determine whether the governing body of the local government is in compliance with the provisions of this section; and

(b) On or before January 15 of each odd-numbered year, submit a report of its findings to the Director of the Legislative Counsel Bureau for transmittal to the Legislature.

7. A fee increase imposed in violation of this section must not be invalidated on the basis of that violation. The sole remedy for a violation of this section is the penalty provided in NRS 354.626. Any person who pays a fee for the enterprise for which the enterprise fund is created may file a complaint with the district attorney or Attorney General alleging a violation of this section for prosecution pursuant to NRS 354.626.

8. For the purposes of paragraph (c) of subsection 1, the Committee on Local Government Finance shall adopt regulations setting forth the extent to which general, overhead, administrative and similar expenses of a local government of a type described in paragraph (c) of subsection 1 may be allocated to an enterprise fund. The regulations must require that:

(a) Each cost allocation makes an equitable distribution of all general, overhead, administrative and similar expenses of the local government among all activities of the local government, including the activities funded by the enterprise fund; and

(b) Only the enterprise fund's equitable share of those expenses may be treated as expenses of the enterprise fund and allocated to it pursuant to paragraph (c) of subsection 1.

9. Except as otherwise provided in subsections 10 and 11, if a local government has subsidized its general fund with money from an enterprise fund for the 5 fiscal years immediately preceding the fiscal year beginning on July 1, 2011, the provisions of subsection 1 do not apply until July 1, 2021, to transfers from the enterprise fund to the general fund of the local government for the purpose of subsidizing the general fund if the local government:

(a) Does not increase the amount of the transfers to subsidize the general fund in any fiscal year beginning on or after July 1, 2011, above the amount transferred in the fiscal year ending on June 30, 2011, except for loans and transfers that comply with the provisions of subsection 1; and

(b) Does not, on or after July 1, 2011, increase any fees for any enterprise fund used to subsidize the general fund except for increases described in paragraph (b) of subsection 5.

10. On or before July 1, 2012, a local government to which the provisions of subsection 9 apply shall adopt a plan to eliminate, on

or before the fiscal year beginning on July 1, 2021, all transfers from any enterprise funds to subsidize the general fund that are not made in compliance with subsection 1. A copy of the plan must be filed with the Department of Taxation on or before July 15, 2012.

11. On and after July 1, 2012, the provisions of subsection 9 do not apply to a local government that fails to comply with the provisions of subsection 10.

Sec. 9. NRS 354.626 is hereby amended to read as follows:

354.626 1. No governing body or member thereof, officer, office, department or agency may, during any fiscal year, expend or contract to expend any money or incur any liability, or enter into any contract which by its terms involves the expenditure of money, in excess of the amounts appropriated for that function, other than bond repayments, medium-term obligation repayments and any other long-term contract expressly authorized by law. Any officer or employee of a local government who willfully violates NRS 354.470 to 354.626, inclusive, *and section 1 of this act* is guilty of a misdemeanor and upon conviction thereof ceases to hold his or her office or employment. Prosecution for any violation of this section may be conducted by the Attorney General or, in the case of incorporated cities, school districts or special districts, by the district attorney.

2. Without limiting the generality of the exceptions contained in subsection 1, the provisions of this section specifically do not apply to:

(a) Purchase of coverage and professional services directly related to a program of insurance which require an audit at the end of the term thereof.

(b) Long-term cooperative agreements as authorized by chapter 277 of NRS.

(c) Long-term contracts in connection with planning and zoning as authorized by NRS 278.010 to 278.630, inclusive.

(d) Long-term contracts for the purchase of utility service such as, but not limited to, heat, light, sewerage, power, water and telephone service.

(e) Contracts between a local government and an employee covering professional services to be performed within 24 months following the date of such contract or contracts entered into between local government employers and employee organizations.

(f) Contracts between a local government and any person for the construction or completion of public works, money for which has been or will be provided by the proceeds of a sale of bonds,

medium-term obligations or an installment-purchase agreement and that are entered into by the local government after:

(1) Any election required for the approval of the bonds or installment-purchase agreement has been held;

(2) Any approvals by any other governmental entity required to be obtained before the bonds, medium-term obligations or installment-purchase agreement can be issued have been obtained; and

(3) The ordinance or resolution that specifies each of the terms of the bonds, medium-term obligations or installment-purchase agreement, except those terms that are set forth in subsection 2 of NRS 350.165, has been adopted.

 $\rightarrow$  Neither the fund balance of a governmental fund nor the equity balance in any proprietary fund may be used unless appropriated in a manner provided by law.

(g) Contracts which are entered into by a local government and delivered to any person solely for the purpose of acquiring supplies, services and equipment necessarily ordered in the current fiscal year for use in an ensuing fiscal year and which, under the method of accounting adopted by the local government, will be charged against an appropriation of a subsequent fiscal year. Purchase orders evidencing such contracts are public records available for inspection by any person on demand.

(h) Long-term contracts for the furnishing of television or FM radio broadcast translator signals as authorized by NRS 269.127.

(i) The receipt and proper expenditure of money received pursuant to a grant awarded by an agency of the Federal Government.

(j) The incurrence of obligations beyond the current fiscal year under a lease or contract for installment purchase which contains a provision that the obligation incurred thereby is extinguished by the failure of the governing body to appropriate money for the ensuing fiscal year for the payment of the amounts then due.

(k) The receipt by a local government of increased revenue that:

(1) Was not anticipated in the preparation of the final budget of the local government; and

(2) Is required by statute to be remitted to another governmental entity.

(1) An agreement authorized pursuant to NRS 277A.370.

Sec. 9.5. 1. The governing body of any local government that loans or transfers money from an enterprise fund pursuant to section 1 of this act on or before December 1, 2014, shall, on or before January 15, 2015, submit a report to the Director of the

Legislative Counsel Bureau for transmittal to the Audit Division of the Bureau. The report must include:

(a) A copy of the audit report prepared for the local government pursuant to NRS 354.624 for the fiscal years ending on June 30, 2013, and June 30, 2014; and

(b) A copy of each quarterly report previously submitted by the governing body to the Committee on Local Government Finance pursuant to section 1 of this act.

2. The Audit Division shall review the report submitted by the governing body pursuant to subsection 1 and transmit the report, with the comments of the Audit Division, to the 78th Session of the Legislature.

**Sec. 10.** This act becomes effective upon passage and approval and expires by limitation on June 30, 2017.

20 ~~~~ 13

## Before the COMMITTEE ON LOCAL GOVERNMENT FINANCE August 6, 2013

# **TOPIC:** #6 Request for approval of loan or transfer of money from an enterprise fund pursuant to AB503, Section 1 (2013)

## 1. City of North Las Vegas

**<u>AUTHORITY</u>**: Pursuant AB503 (2013) local governments are allowed to use money, under certain circumstances, in an enterprise fund, once approved by the Committee on Local Government Finance in excess of current allowable amounts.

**EXPLANATION:** The Local Government Finance Section, Division of Local Government Services of the Department of Taxation noted the following in the review of the City's submission:

- 1. In the City's calculation of ending fund balance percentage, the City included transfer amounts; which the Department does not use in its calculations of ending fund balance percentages;
- 2. The four uses of the proposed transfers may comply with the requirements of Section 1, subsection 2 of the legislation, yet the Department notes the following:
  - a) The public library standards mandate each facility be open for no less than 20 hours per week with some of these hours to include evenings and weekends. Additional information is needed about whether the libraries will be kept open for more than the minimum; (\$1,003,000)
  - b) The Craig Ranch Regional Park the City's submission indicates the proposed funds are for <u>start-up costs</u> for the park rather than <u>restoration of services</u> as the statute requires. If the facility has been opened and its operations curtailed during the recent economic woes, then the transfer to restore operations appears valid. (\$1,700,000)

## **RECOMMENDATION:**

The Department recommends the Committee approve the transfer of the funds for the public safety issues (\$1,630,000); but defer a decision on the library and park request until more definitive information is considered by the Committee.

# SUMMARY OF LEGISLATION ENACTED BY THE 2013 SESSION

The 2013 Legislature enacted the following bills into law affecting the Division of Assessment Standards administration of NRS Title 32 Revenue and Taxation. For details of the effects a bill may have, refer to the bill itself. The full text of all bills introduced during the 2013 Legislature is available through the Internet at <a href="http://leg.state.nv.us/Session/77th2013/">http://leg.state.nv.us/Session/77th2013/</a> or <a href="http://leg.state.nv.us/Session/27th2013Special/">http://leg.state.nv.us/Session/27th2013/</a> or <a href="http://leg.state.nv.us/Session/27th2013Special/">http://leg.state.nv.us/Session/27th2013</a> or <a href="http://leg.state.nv.us/Session/27th2013Special/">http://leg.state.nv.us/Session/27th2013/</a> or <a href="http://leg.state.nv.us/Session/27th2013Special/">http://leg.state.nv.us/Session/27th2013Special/</a> or you may click on the link at the beginning of each bill.

# **ASSEMBLY BILLS**

## Assembly Bill No. 31

Section 1 of the bill requires the head of each state agency to designate one or more employees to act as the records official for the agency. The records official is responsible for carrying out the duties prescribed in State Library and Archives regulations regarding forms and procedures for requesting copies of agency books and records.

Section 3 requires all agency books and records to be public and available for copying, except records associated with NRS 360.247 regarding information of a proprietary or confidential nature in a hearing before the Tax Commission. In addition records and files of the Department concerning the administration or collection of any tax or assessment, except those associated with NRS 360.250, or records held for at least 30 years for which a court order has been obtained, are also confidential and excepted from the requirements of Section 3. Confidential proprietary information of a business receiving an Office of Economic Development abatement obtained during an audit thereof is also confidential and not subject to Section 3. Proprietary information concerning a taxpayer must be kept confidential by county assessors under NRS 361.044; and the records and documents concerning a claim of excess proceeds in a tax sale are confidential and not subject to Section 3.

#### Effect on Department: Yes Effect on Local Government: Yes

Action Plan: (1) Identify and prepare a list of books and records of the Division which are proprietary and confidential and not available for copying by the public; (2) Obtain AG advice on certain taxpayer reports.

## Assembly Bill No. 33

Section 1 requires the Office of Energy to use the LEED Rating system or equivalent in determining eligibility for the green building abatement. Section 1(2) provides an approval process by county commissioners for proposed abatements; Section 1(4) requires the Department to forward certificates of eligibility to affected local governments; and Section 1(5)(b) provides a LEED abatement for eligible existing buildings for up to five years, not to exceed \$100,000 in any year.

**Effect on Department:** Yes, tracking additional LEED abatements for purposes of revenue forecasting

Effect on Local Government: Yes, effect on property tax revenue stream

Action Plan: (1) Provide guidance letters to treasurers on implementing the LEED abatements, tracking cost of abatements; (2) Develop regulations requiring reporting without netting abatements.

## Assembly Bill No. 1, 27<sup>th</sup> Special Session, fka AB 38, regular session

**Section 2** repeals qualifications for the abatement that apply solely to a business that furthers the development and refinement of intellectual property.

**Section 3** softens the payroll, investment, insurance, and timing criteria required for qualification for the abatement under NRS 360.750 for new and existing businesses. However, the employee or capital investment requirements used to qualify for the abatement must be retained at the location of the business for the first 5 years.

**Section 4** mirrors the amendments made in Section 3 for purposes of NRS 361.0687. **Section 5** reduces the amount of capital investment required for purposes of qualifying for the abatement. Section 5 also increases the amount of the abatement up to 75 percent of the taxes on personal property, if the business is located in a foreign trade zone, except for businesses engaged in recycling which remain at 50 percent abatement. The duration of the abatement for businesses in foreign trade zones is from one to five years.

Sections 6, 6.5, and 7 make similar amendments for qualifying abatements of sales and use tax.

**Sections 7.3, 7.7, and 8** amend Chapter 274 governing zones for economic development. Section 7.3 provides a definition of a "data center" which is eligible for abatement for a duration up to 15 years if the business invests a minimum of \$100,000,000 in an historically underutilized business zone.

**Section 9 (5)(b)** permits the Office of Economic Development to grant a property tax abatement up to 75 percent for businesses applying for abatement through Chapter 274, Zones for Economic Development.

**Section 10** amends NRS 701A.365, which provides abatements for utility-scale renewable energy facilities. In order to qualify for the abatement, the facility currently must make a capital investment of at least \$10,000,000 in certain counties and cities with higher populations, or \$3,000,000 for counties less than 100,000 in population or cities less than 60,000 in population. This has been amended to require that such capital assets be retained at the location of the facility for at least 5 years.

**Section 13** provides any abatements granted after July 1, 2013 and before July 1, 2032, expire after June 30, 2032.

**Effect on Department:** Yes, tracking additional GOED abatements for purposes of revenue forecasting; new auditing requirements **Effect on Local Government:** Yes, effect on property tax revenue stream

**Action Plan:** (1) Advise county officials on the changes affecting the qualifications for abatement. (2) Assist in the development of regulations for auditing purposes.

#### Assembly Bill No. 46

**AB 46** authorizes the Washoe County Board of County Commissioners, by a two-thirds vote, to impose a new sales and use tax at the rate of one-quarter of 1 percent of the gross receipts of retailers and a new property tax at the rate of 5 cents per \$100 of assessed value. The revenue so obtained would be used for Washoe County School District capital projects.

**Section 2** authorizes the board of county commissioners of Washoe County to impose additional taxes for use by the school district for capital projects; and require administration of the new sales and use tax in the same manner as the LSST.

**Sections 3-6** provide the procedures for collection, penalties and interest, and distribution of the tax by the Department the Department is entitled to a 1.75 percent collection fee.

**Section 9** exempts the 5 cent property tax increase from the \$3.64 limit provided in NRS 361.453.

Section 9.5 exempts any increase in taxes from the partial abatement of taxation.

**Section 10** amends Chapter 387 by allowing a 5 cent levy on assessed value for purposes of raising revenue for capital projects by the Washoe County School District.

Section 11 allows the allocation of the governmental services tax on the basis of the amount of the property tax levy attributable to debt service

Effect on Department: Yes Effect on Local Government: Yes, effect on revenue stream

Action Plan: The Department will have to modify its centrally-assessed billing programs to include a change in the tax rates and the distribution thereof. Incorporate new levy of Washoe County School District into Redbook with separate line "capital projects levy."

#### Assembly Bill No. 50

The bill only applies to redevelopment agencies in the City of Las Vegas.

**Section 1.5** modifies the termination date of a redevelopment agency: at the end of the fiscal year in which the principal and interest of the last maturing securities are paid, or 60 years after the date on which the original redevelopment was adopted, whichever is later.

**Section 2** requires a Las Vegas redevelopment agency to provide a detailed report to the public concerning proposed expenditures for land or improvements at least 14 days before the expenditure is approved.

**Section 3** requires a Las Vegas redevelopment agency to include in the detailed report a statement of all revenues and expenditures of the agency and a statement of the efforts by the agency to promote the goals of the regional development authority.

**Section 3.5** requires 18% of revenues received after October 1, 2011 but before March 6, 2031 be set aside to improve or preserve the operating viability of low-income dwelling units and after March 6, 2031, to be used to improve existing public educational facilities near the redevelopment area.

**Section 5** permits redevelopment revenue to be directed toward projects of tourism improvements districts created before October 1, 2009 and thereafter to projects of either the tourism improvement district or the redevelopment agency.

#### Effect on Department: No

**Effect on Local Government:** Yes, effect on reporting requirements and distribution of revenue

Action Plan: Monitor the activities of the Las Vegas redevelopment agencies; obtain copies of the redevelopment agency reports.

#### Assembly Bill No. 65

AB 65 amends Chapter 241, Open Meeting Law, requirements.

**Section 2** exempts certain quasi-judicial meetings of certain state agencies from the Open Meeting Law requirements. None of the Title 32 boards and commissions were exempted.

**Section 3** allows a member of a public body to designate a substitute if such action is expressly authorized by the creating documents of the public body and if the substitution is put in writing.

**Section 4** allows a public body to correct alleged Open Meeting Law violations within 30 days without prosecution by the Attorney General. Actions taken by a public body to correct an alleged violation of the Open Meeting Law is effective prospectively.

**Section 5** requires members of a public body appearing telephonically or by video-conference can be seen or heard by the public. **Section 6** provides "electronic communication" is subject to the requirements of the Open Meeting Laws.

**Section 7** requires notice of meetings include contact information for the person from whom supporting material may be requested; the section also requires supporting materials to be placed on the internet website of certain counties and cities, and the governing body may provide a link to the supporting materials on its website to interested parties via electronic mail.

Effect on Department: Yes Effect on Local Government: Yes Action Plan: Ensure Department meeting notices include contact information and place supporting materials on website. Make sure that members of boards appearing telephonically or by videoconference can be heard by the public.

#### Assembly Bill No. 66

**AB 66** changes the notice requirements in equalization actions by the State Board of Equalization.

**Section 1** amends NRS 361.395 that notice of equalization actions where an increase in value is proposed must be given 30 days in advance to interested persons by first-class mail. Hearing notices for contested cases remain at 10 days in advance by certified mail or personal service.

**Section 1.5** amends NRS 361.405 and requires decision letters advising of an increase in value in a contested case must be sent by certified mail, but a decision letter in an equalization action where value is increased may be sent by first class mail.

#### Effect on Department: Yes Effect on Local Government: No

Action Plan: Ensure Department properly notices interested parties on behalf of the State Board of Equalization.

## Assembly Bill No. 68

**AB 68** amends the distribution of consolidated tax revenues as provided in NRS 360.285 and 360.680. It also provides that if two or more local governments enter into an inter-local agreement that provides for a distribution different than that provided by the CTX formula, notice will be provided to the Department of the intent to enter into such agreement.

**Section 1** clarifies that each apportioned payment attributable to a fiscal year must be based upon the Governor's certification made on or before March 1 immediately preceding the fiscal year for which the payment will be made.

**Sections 2-4** of this bill establish different formulas to calculate the distribution of the CTX tax proceeds.

**Section 5** requires a nonbinding notice of intent to adopt a cooperative agreement which changes the CTX distribution, must be sent to the Department by March 1. A copy of the final cooperative agreement must be transmitted to the Department not later than April 1 of the initial year of distribution.

#### Effect on Department: Yes Effect on Local Government: Yes, effect on revenue stream

**Action Plan:** (1) Monitor modifications made by distribution section of the Department; (2) Incorporate CTX distribution changes in revenue forecast analyses, including tentative and final revenue projections; (3) Develop a form to be used to give notice of intent to enter into a cooperative agreement, pursuant to Section 5(2)(b).

#### Assembly Bill No. 138

**AB 138** provides a new abatement of personal property taxes for a business which makes a capital investment of at least \$1,000,000 in a program at the University of Nevada, Reno, the University of Nevada, Las Vegas, or the Desert Research Institute or \$500,000 in the Nevada State College or other state college for the support of research, development or training related to the field of endeavor of the business, and which meets certain other requirements.

**Section 2** provides the terms which a qualifying business is obligated to fulfill in order to receive an abatement, including continuing in operation for at least 5 years. In addition to making a capital investment in one of the institutions of higher learning, the business must employ 15 or more full-time employees for the duration of the abatement, and two or more graduate students from the program in which the capital investment is made. Other requirements also apply.

The Office of Economic Development must supply a copy of the application to county commissioners and must request a letter of acknowledgment from any affected county school district, or city. A Board of County Commissioners has 30 days to respond. A failure to respond is deemed to be approval of the application.

**Section 2(4)** provides that the abatement must not exceed 50% of the taxes imposed on personal property or 50% of the amount of capital investment, whichever is less, for a duration of 5 years.

**Section 2(8)** is a claw-back provision authorizing the county treasurer to distribute taxes received from claw-back to a fund for construction of capital projects or a stabilization fund pursuant to NRS 354.6113 or 354.6115.

Section 7 provides that any abatement granted after July 1, 2013 expires after June 30, 2023.

#### Effect on Department: Yes

Effect on Local Government: Yes, effect on revenue stream

Action Plan: (1) Determine which division will be auditing this abatement, since it only applies to property taxes; (2) Propose regulations for NTC as necessary to carry out the provisions of the abatement, including whether a net or gross AV should be reported for purposes of segregation reports; (3) Notify local governments about abatement approval process and claw-back provisions; (4) Track effects of the abatement from local governments.

#### Assembly Bill No. 239

**AB 239** authorizes the Director of the Office of Energy to charge and collect certain fees from applicants for LEED abatements; changes provisions relating to eligibility for renewable energy abatements; requires land use permits for renewable energy utilities; and establishes the Economic Development Electric Rate Rider Program.

**Sections 1, 2** permit the Director of the Office of Energy to charge and collect an application fee for various types of LEED abatements. In addition, **Section 7** permits an application fee for renewable energy abatements. The sections do not affect the Department of Taxation.

**Section 2.5** amends NRS 701A.340 to include geothermal energy as a type of renewable energy. **Section 3** eliminates the renewable energy abatement for electric transmission facilities. Geothermal facilities will still be eligible as they are now defined as a renewable energy facility in Section 2.5. Applicants may submit their applications to boards of county commissions anytime after submitting same to the Office of Energy.

**Section 4** amends eligibility requirements in NRS 701A.365; including requiring at least 50 percent of the 75 full-time employees to be residents of Nevada and wages to be 175% of the statewide average hourly wage. Applications must be approved by boards of county commissioners; and are deemed approved if the board does not respond within 30 days. County commissioners must consider a cost/benefit analysis.

**Section 6** amends NRS 701A.385 and removes the distribution formula for property taxes after the abatement is applied. The remaining amount of taxes after the abatement (45%) will then be distributed to each tax entity based on the proportionate amount represented by each entity's tax rate. No distribution will be made to the Renewable Energy Fund.

**Section 7.5** revises the permissible uses by the Office of Energy for monies in the Renewable Energy Fund.

**Sections 10 through 21** establish the Economic Development Electric Rate Rider Program to be administered by the Public Utilities Commission. The sections do not affect the Department of Taxation.

**Sections 23 through 27.9** affect the permitting process for a utility facility by the Public Utilities Commission and do not affect the Department of Taxation.

#### Effect on Department: Yes Effect on Local Government: No, same effect on revenue stream

Action Plan: (1) Programming changes for centrally assessed billing programs will be necessary; (2) Revenue projections will have to reflect the revised distributions to local governments.

#### Assembly Bill No. 335

**AB 335** creates the University of Nevada, Las Vegas, Campus Improvement Authority as a political subdivision of the State. **Sections 16-24.7** create the Authority and the governing body; and outline the duties and authority granted to the Board.

**Section 23** specifies that the Authority is not subject to the Local Government Budget and Finance Act (NRS 354.470 to 354.626), except for subsection 1 of NRS 354.626.

Section 24 specifies that the Authority shall not own any land or improvements to any land.

Effect on Department: No Effect on Local Government: Yes Action Plan: (1) Monitor status of Authority; (2) Because the Authority may not own land or improvements, it will not be included in the list of local governments exempt from RPTT because no tax could ever accrue.

#### Assembly Bill No. 388

**AB 388** revises provisions governing the renewable energy abatement with regard to geothermal facilities. It also revises the approval process by boards of county commissioners. It reinserts the eligibility of electric transmission facilities deleted by AB 239. *See also AB 239.* 

Effect on Department: No Effect on Local Government: Yes, effect on revenue stream

Action Plan: Read in conjunction with AB 239.

#### Assembly Bill No. 413

**AB 413** authorizes Clark County to impose additional taxes on fuels for motor vehicles if a ballot question is approved by voters.

Sections 2-2.7 and 4 through 11.3 require the administration, allocation, disbursement and use of these taxes in the same manner as certain existing fuel taxes.

Effect on Department: Yes Effect on Local Government: Yes, effect on revenue stream

Action Plan: (1) Include in revenue projections for Clark County

## Assembly Bill No. 418

Existing law authorizes the board of county commissioners of each county to levy an additional 5-cent property tax on all taxable property in the county. (NRS 354.59815) For any county whose population is 700,000 or more (currently Clark County), the formula for distributing the proceeds of the tax among the county and the cities in the county is revised.

**Section 1** amends NRS 354.59815(2)(c) such that 40% of the proceeds of the 5 cent property tax levied by county commissioners is distributed to the county and cities and 60% is distributed to the State Highway Fund. The county treasurer will retain 30% of the 40% and distribute the remaining 70% in proportion of the projected assessed value of the county and cities to the total projected assessed value.

**Effect on Department:** Yes, tracking revenue for purposes of revenue forecasting and budgeting **Effect on Local Government:** Yes, effect on revenue stream

Action Plan: (1) Monitor budget to account for change in distribution.

#### Assembly Bill No. 466

This bill requires the Director of the Department of Taxation to prepare and send a report of tax expenditures to the Governor and the Legislature in November of each even-numbered year, including estimates of: (1) the fiscal impact of the tax expenditure on both the State and local governments; (2) the number of taxpayers benefiting from the tax expenditure; and (3) the revenue that would result from repeal of the tax expenditure.

#### Effect on Department: Yes Effect on Local Government: Yes

**Action Plan:** (1) Identify all tax expenditures, including all exemptions and abatements; (2) Design and develop reporting forms/formats for information from county assessors and county treasurers; (3) Compile information; (4) Analyze fiscal impacts.

#### Assembly Bill No. 503

Existing law restricts the use by a local government of money in an enterprise fund, money collected from fees imposed for the purpose for which an enterprise fund was created or any income or interest earned on money in an enterprise fund under certain circumstances. (NRS 354.613) **Section 1** amends NRS 354.613 by authorizing an exception, allowing a local government enterprise fund to loan or transfer money to a local government's general fund. The qualifying condition is the ending fund balance of the general fund of the local government at the end of a fiscal year is less than 9 percent of the total expenditures. In addition, the exception may only apply to a local government which has, during each of the five past fiscal years loaned or transferred money from an enterprise fund. Any such loan or transfer requires the prior approval of the Committee on Local Government Finance. Currently, only North Las Vegas would likely qualify.

**Section 1** requires the governing body of a local government that loans or transfers money pursuant to that section to make certain quarterly reports to the Committee on Local Government Finance (CLGF) concerning the loan or transfer. **Section 1** also requires CLGF to adopt regulations specifying the procedure for obtaining the approval of CLGF, as well as prescribe any additional information which must be included in the reports submitted by the local government.

**Section 9.5** of this bill requires the governing body of any local government which makes such a loan or transfer to report certain information to the Director of the Legislative Counsel Bureau on or before January 15, 2015, for transmittal to the Audit Division of the Bureau and to the Legislature. This statute expires on June 30, 2017.

#### Effect on Department: Yes Effect on Local Government: Yes

**Action Plan:** (1) Draft reporting regulations for CLGF and initiate the regulatory workshop process; (2) Draft quarterly reporting form

# SENATE BILLS

# Senate Bill 1, 27<sup>th</sup> Special Session

**SB 1** amends the Clark County Sales and Use Tax Act of 2005, commonly known as the "More Cops" bill.

**Section 1** creates Section 13.3 to be added to the Clark County Sales and Use Tax Act of 2005. The section temporarily suspends some of the requirements of the "More Cops" bill, such as the requirement that proposed uses of the proceeds from the sales tax will not replace or supplant existing funding for the police department. The temporary suspension applies to the period from July 1, 2013 to July 1, 2016.

**Section 3** increases the rate of tax imposed by .15 of 1%. The current rate of the tax imposed is one-quarter of one percent, so the total revised tax is .40 of 1%. The increase goes into effect upon passage of an ordinance by a two-thirds majority of the Clark County Board of County Commissioners. The earliest date the tax could first be imposed is October 1, 2013.

**Section 3.5** requires the County Treasurer to not disburse the proceeds of the tax unless he/she is satisfied that the police department meets the requirements of Section 3.7. Funds not disbursed by the County Treasurer may become available to other eligible police departments.

**Section 3.7** requires a police department to fill an equal number of vacant budgeted positions using money other than proceeds from this tax before it can expend an allotment from the tax on new positions. If the police department does not have a sufficient number of unfilled positions to match all of the positions available for funding with the proceeds of the increase in the rate of tax, the police department may apply for a waiver from the Committee on Local Government Finance (CLGF). CLGF must submit a report to the Legislative Commission on or before September 1 of each year on the number of waivers granted by the Committee during the preceding fiscal year.

#### Effect on Department: Yes Effect on Local Government: Yes

Action Plan: (1) Modify "More Cops" reporting forms as necessary. (1) Track and report requests for waivers from police departments to CLGF. (3) Prepare reports on behalf of CLGF.

## Senate Bill 3

Under existing law, for each fiscal year, each board of county commissioners is required to allocate money in its budget for medical assistance to indigent persons. County Commissioners must levy a tax rate for that purpose between 6 and 10 cents per \$100 of assessed valuation, and the tax so levied must be excluded in computing the maximum amount of money the county may receive from property taxes.

**SB 3** requires counties with a population of less than 100,000 to include in the medical indigent payment to the Department of Health and Human Resources an amount representing the

nonfederal share of expenditures set forth in NRS 422.272 for the State Plan for Medicaid. However, the total amount to be remitted must not exceed an amount equivalent to 8 cents per \$100 of assessed valuation.

#### Effect on Department: No Effect on Local Government: Yes

Action Plan: (1) Revise future revenue projections taking into account the "tax cap" for medical indigent payments. (2) Ensure that the medical indigent tax rate is not included in calculations for maximum tax rates allowed; (3) Prepare reporting form for medical indigent.

## Senate Bill 7

Senate Bill 7 requires the Executive Director of the Department of Taxation to prepare technical bulletins to educate the public on issues related to their businesses and the taxes administered by the department. The technical bulletins may include information and guidance concerning specific issues or topics, examples for clarification purposes, and any other information determined by the Executive Director or the Tax Commission to be beneficial to the public.

The technical bulletins are intended for informational purposes only and each technical bulletin or revised technical bulletin must be approved by the Nevada Tax Commission prior to being published on the department's Internet website.

#### Effect on Department: Yes Effect on Local Government: No

Action Plan: (1) Determine whether guidance letters currently issued by the Division would be subject to approval by the Tax Commission

# Senate Bill 21

SB 21 provides tools for the State Controller to collect debts owed to the State. One of the tools is a requirement that licensing agencies be prohibited from renewing licenses and certifications if the person owes a debt to a state agency which has been assigned to the State Controller for collection or the person has not provided to the licensing agency certain information relating to state business licenses.

Section 13 amends NRS Chapter 361 to require applicants for the renewal of a certificate as a property tax appraiser to indicate whether the applicant has a state business license. If so, the applicant must include the state business license number on the application for renewal of the certificate. A certificate may not be renewed by the Department if the information requested is not submitted or the State Controller has informed the Department that the applicant owes a debt which has not been satisfied.

#### Effect on Department: Yes Effect on Local Government: Yes

Action Plan: (1) Notify assessors and certified appraisers of the new requirement for certification; (2) Modify application forms to obtain necessary information; (3) Monitor applications and prepare reports listing those with business licenses.

## Senate Bill 79

SB 79 repeals the existing law which authorizes an incorporated city having the commission form of government to use for general municipal purposes all net profits earned from any utility owned and operated by the city.

**Section 1** repeals NRS 710.600. It is intended to close any loop-holes that might allow the transference of funds from an enterprise fund (utility fund) for purposes not related to the utility. The bill is consistent with the limitations imposed by NRS 354.613 (AB 471, 2011).

#### Effect on Department: No Effect on Local Government: Yes

Action Plan: (1) Monitor budgets of affected cities; (2) Notify affected cities of the limitation on the use of net profits from utilities owned and operated by the city.

#### Senate Bill 123

SB 123 requires NV Energy or other electric utility serving Clark County to submit a comprehensive plan for the reduction of emissions from coal-fired electric generating plants and the replacement of the capacity of such plants with increased capacity from renewable energy facilities and other electric generating plants. The plan at a minimum must include the retirement or elimination of not less than 800 MW of coal-fired electric generating capacity on or before 12-31-19; the construction or acquisition of 350 MW from renewable energy facilities and the construction of 550 MW from other electric generating plants.

**Section 9** provides that an electric utility shall, upon completion of contruction or acquisition of facilities pursuant to the plan for emissions reduction and capacity replacement, begin recording in a regulatory asset, with carrying charges, an amount that reflects a return on the electric utility's investment in the facility, depreciation of the utility's investment in the facility nad the cost of operating and maintaining the facility.

**Section 11** provides for recovery of amounts related to the implementation of an emissions reduction and capacity replacement plan. If approved by the PUC, the utility shall record any deferred revenue in a regulatory asset account and may calculate carrying charges on the unamortized balance of the regulatory asset.

#### Effect on Department: No Effect on Local Government: No

Action Plan: Monitor the effects of Sections 9 and 11 on the book costs and depreciation reported to Centrally-assessed for purposes of establishing the value of the utility.

## Senate Bill 215

SB 215, the Assessor's Omnibus bill, amends various provisions in NRS Chapter 361.

Section 1 changes the continuing education requirement for completing 36 hours in five years to completing 36 hours in 3 years. Section 2 authorizes the county assessor to waive the penalty required when a person who purchases, repossesses or brings into this State a mobile or manufactured home fails to report same to the assessor. The waiver may be granted if the assessor finds extenuating circumstances sufficient to justify the waiver.

Sections 3 and 4 amend NRS 371.103 and 371.104. The sections provide that the affidavit required when a veteran transfers his exemption to his spouse be made before an employee of the Department of Motor Vehicles rather than the county assessor.

Sections 5 and 6 repeal the statutes which cause the assessor's technology fund to expire.

#### Effect on Department: Yes Effect on Local Government: Yes

Action Plan: (1) Prepare guidance letter advising state and local property tax appraisers of new continuing education requirements as well as their current status of completion under the new law. (2) Prepare future budgets to include funds for training at an accelerated pace; (3) Prepare revenue forecasts noting the commission to the assessor's technology fund is taken prior to distribution to the local governments.

## Senate Bill 216

SB 216 amends various provisions in NRC Chapter 361.

**Section 1** amends NRS 361.480 to permit the ex officio tax receiver to send tax bills electronically if so authorized by a property owner or the holder of a mortgage. Electronic delivery shall be deemed to have been mailed, regardless of whether the electronic transmission was actually received.

**Section 2** amends NRS 361.585 Property which is being held in trust by a county treasurer as a result of a property tax delinquency must be re-conveyed to the appropriate person if the accrued taxes, costs, penalties and interest are paid before the county treasurer issues public notice of the sale of the property to recover the delinquent taxes. **Section 2** extends the period for the receipt of such a payment until 5 p.m. on the third business day before the day of the sale specified in the notice of sale.

**Section 3** requires such a notice of sale to specify the day, time and place of the sale, and revises the publication of the sale in a newspaper published in the county to at least once a week for 4 consecutive weeks rather than for 20 days.

#### Effect on Department: Yes Effect on Local Government: Yes

Action Plan: (1) Begin program of notifying centrally-assessed taxpayers that bills may be sent electronically if so requested in writing; (2) Prepare guidance letter for county treasurers regarding changes to tax sale procedures.

#### Senate Bill 236

SB 236 requires all administrative forms to be placed on the Department's website, and to be in such a format that allows the form to be completed electronically and returned to the Department electronically.

**Section 3** requires the availability of administrative forms on the Internet no later than June 30, 2015. The format must allow a person to complete or prepare the form electronically, download and save an electronic copy and submit the form securely via the Internet. A state agency may utilize any program, software or technology that accomplishes this purpose.

A state agency may apply to the Interim Finance Committee for a waiver of the requirements if there are extenuating circumstances.

**Section 4** allows a state agency to provide a copy of any record to a requesting state agency, if the record is not confidential.

#### Effect on Department: Yes Effect on Local Government: No

Action Plan: (1) Develop all forms of the Division to comply with the requirements of the statute; and (2) Notify interested parties of the availability of the forms.

#### Senate Bill 272

SB 272 revises a boundary line between Storey and Washoe Counties upon adoption of resolutions by the respective boards of county commissioners.

#### Effect on Department: No Effect on Local Government: Yes

Action Plan: (1) Monitor changes and ensure the Department receives revised tax district boundary maps as necessary; (2) Notify centrally-assessed taxpayers in Storey and Washoe Counties that the boundaries have changed and the wire-mileage reports should reflect the new boundary.

#### Senate Bill 281

SB 281 exempts the property of the Thunderbird Lodge Preservation Society in Washoe County from property taxes.

#### Effect on Department: No Effect on Local Government: Yes

Action Plan: (1) Revise list of exemptions in Department publications

# Senate Bill 301

SB 301 amends NRS 361.731 through 361.733 regarding the process by which a county treasurer sells a tax lien against a parcel of real property upon which taxes have become delinquent. Instead of selling a tax lien, a county treasurer may now assign a tax lien to a third party if the property owner and the assignee enter into a written agreement, and the assignee pays to the county treasurer an amount equal to the delinquent taxes and accrued penalties, interest, fees, and costs.

**Section 4** allows the owner to authorize the county treasurer to assign the tax lien on the property. The authorization must be made pursuant to an agreement between the owner and the assignee. The agreement must include provisions for allowing the owner to redeem the tax lien from the assignee and requires the assignee to release the tax lien within 20 days after payment. To redeem the tax lien, the owner may pay the assignee back the amount paid by the assignee to the county treasurer plus up to \$600 for recording fees and other expenses, if the property is a single family residence, interest not to exceed 15% annually, and costs incurred by the assignee. There is no limitation for other types of property with regard to recording fees and other expenses. If the owner fails to pay the assignee the amounts owed, the assignee may initiate an action for collection, and action as provided by NRS 361.625 to 361.730 except those requiring action by the district attorney. The agreement must be recorded.

**Sections 5 through 22** amend various provisions in NRS Chapter 361 regarding the mailing of notice of delinquent taxes and the duties of the tax receiver; how the county treasurer issues a trustee's certificate; the evidentiary effect of a list of delinquent taxes and certificate of assignment, rather than certificate of purchase; the venue and jurisdiction of actions authorized by NRS 361.635, as well as notices and affidavits required by NRS 361.685 and the pleadings of the defendant, and the tax lien assignment process.

In particular, **Section 12** amends NRS 361.7312 requiring the treasurer to assign a tax lien if the assignee presents written authorization from the property owner, posts a bond in the amount of \$500,000, or an affidavit showing the assignee is exempt from the bond requirement, and tenders the full amount of delinquent taxes, penalties, interest, fees, and costs. An assignment of a tax lien does not affect the priority of the tax lien. Section 13 provides for additional requirements of the assignee to perfect the assignment.

#### Effect on Department: No Effect on Local Government: Yes

Action Plan: (1) Initiate regulatory process for information to be contained on affidavit and bond forms; (2) Provide information about the process on the Department's website.

#### Senate Bill 400

SB 400 anticipates passage of SJR 15 to repeal the constitutional provision establishing a separate tax on the net proceeds of minerals (NPM). In general, SB 400 designates the existing tax upon minerals and royalties as an excise tax upon mineral extraction and royalties. An excise tax is a tax imposed for the privilege of carrying on a business or engaging in an

activity as opposed to a property tax which is based on the value and ownership of the property.

**Sections 1.5, 2, 7-9 and 13-48** make conforming changes to existing law to implement the tax as an excise tax rather than a property tax. These sections maintain, without change, how the State and local governments must treat the net proceeds from mineral extraction and royalties in making various tax, revenue and spending calculations under existing law.

For example, in the distribution formula for CTX referenced in **Section 1.5** (NRS 360.690) and **Section 2** (NRS 360.695), the law currently requires exclusion of "net proceeds of minerals" from the calculation of average percentage change in assessed value of the local jurisdiction. Section 1.5 now references the "net proceeds from mineral extraction and royalties subject to the excise tax". The new reference will not change that calculation.

**Section 2.5** exempts extracted minerals and royalties from property taxes, as measured by gross yield and net proceeds, if they are subject to the excise tax.

**Section 2.7** exempts geothermal land from property taxes, but still subjects improvements to property taxes.

Section 3 removes the definition that gold and silver bearing ores are not personal property.

**Section 3.5** amends NRS 361.157 by providing that mining claims are exempt from being a taxable possessory interest.

**Section 4** amends NRS 361.227 by providing that the value of the mineral deposit must not be included in the value of the land.

**Section 9** amends NRS 361.405 to allow changes in assessed value to property to come from both the State Board of Equalization and now also the Tax Commission. This presumes the Tax Commission will be making changes to the "value" of net proceeds through audits. Section 9(2)(a) allows the value of minerals determined for the excise tax to be placed on the property tax roll, and to be treated as part of assessed value for purposes of calculating tax rates.

**Section 10** makes clear that the net proceeds of minerals tax is no longer a property tax but is instead an excise tax upon mineral extraction by each extractive operation and upon all royalties paid by each extractive operation.

**Section 11** defines an extractive operation as a geographically separate extractive location as defined by the mine plan provided in NRS 519A.200 to 519A.260. In addition, mineral extraction is defined as any act, process, system, or method by, through or from which ores, coal or other mineral substances are extracted, included drilling wells. The definitions for royalty are placed in a new section.

**Section 12** also makes clear that the provisions for calculating a tax in NRS Chapter 362 is for purposes of an excise tax, not a property tax. All taxes, interest, and penalties are to be deposited in the State General Fund, however, distribution to local governments will continue as before.

## Effect on Department: Yes, upon passage of SJR 15

#### Effect on Local Government: Yes, upon passage of SJR 15

Action Plan: (1) Monitor whether SJR 15 passes; (2) determine whether any changes in procedures will be necessary to calculate the new Net Proceeds of Minerals *Excise Tax;* minerals *excise tax;* (3) Upon passage of SJR 15, notify local governments about changes in net proceeds of minerals *excise tax* revenues; (4) Determine how net proceeds *excise tax* revenues will be incorporated into revenue projections.

#### Senate Bill 452

SB 452, **Section 2**, allows the Board of Trustees of the Fund for Hospital Care to Indigent Persons to commit money from the fund to obtain higher rates of reimbursement for hospital care provided to recipients of Medicaid at certain hospitals and also allows the Board to commit money from the Fund to satisfy the obligation of counties to pay certain matching funds for the nonfederal share of expenditures for certain persons who receive long-term care.

**Section 7(4)** provides that the board of county commissioners in each county must remit to the State Controller an amount equal to the amount collected by the county board pursuant to NRS 439B.340, which is 1 cent on each \$100 of assessed valuation. The amount so collected must be placed in the Intergovernmental Transfer Account of the State's General Fund.

**Section 8** provides that in a county whose population is 100,000 or more, the board of county commissioners may allocate money from its fund for medical assistance to indigent persons to make an intergovernmental transfer of money to the Division of Health Care Financing and Policy of the Department of Health and Human Services.

#### Effect on Department: No Effect on Local Government: Yes

**Action Plan:** (1) Monitor changes and determine whether there is any effect on revenue forecasting for local governments; (2) Prepare guidance letter for local governments.

## Senate Bill 475

SB 475 extends the sunsets on various tax types, including net proceeds pre-payment system.

#### Effect on Department: Yes Effect on Local Government: Yes

Action Plan: (1) Continue the current administration of the prepayment system for net proceeds of minerals taxes.

# AGENDA ITEM 8a 1

# DISCUSSION OF MATTERS AFFECTING LOCAL GOVERNMENTS

**REPORT CONCERNING CITY OF ELY** 

# **City Council votes to remove Alworth**

# By Lukas Eggen Ely Times Staff Writer | Posted: Thursday, July 4, 2013 8:00 am

The Ely City Council voted to remove Jim Alworth from the position of City Clerk pursuant to Ely City Code 1-6A-5 during its meeting last Thursday. The code states the city clerk may be removed from his or her position with a unanimous vote from the City Council.

"When the new city council is appointed, they have the right to hire their own city clerk," Councilman Dale Derbidge said. "It's not a matter of what he's done wrong or what he hasn't done. It's what the city council wants as a city clerk and who they feel best to run the city clerk."

The city will advertise for the open position. Mayor Jon Hickman will then make an appointment, which must be approved by the city council. Alworth was not in attendance, but attorney Scott Husbands spoke on his behalf.

"From the concept of fairness, I don't know how this body can consider removal of Mr. Alworth when Mr. Alworth is not here," Husbands said. "He had a previously planned vacation. It's not as if Mr. Alworth is trying to avoid this body and discussion of this item....The fairness question goes not only to Mr. Alworth as an individual, but to the members of the public who are here tonight and the members of the public who are not here tonight such that this council can have a full discussion with Mr. Alworth about some of the council's concerns and response to those... What prejudice the council would suffer I don't know from tabling this for another two weeks.

"The prejudice Mr. Alworth suffers is immeasurable. He loses his job, which is quite possibly the greatest prejudice you could possibly suffer as an employee."

Husbands also expressed concerns about removing someone from his or her post without talking about competence, which would require a personnel session and said Alworth deserves a chance to address concerns about his performance.

"I don't know how you can have a discussion about removing anybody without getting into competence," Husbands said.

Councilman Derbidge said the council doesn't have to show cause according to city code and other councilman also took issue with Husbands comments.

"You're insinuating that we have something against him," Councilman Sam Hanson said. "What Mr. Derbidge has pointed out, that may or may not enter into it what so ever. It's our right to have that opportunity to select through the mayor to nominate those with home we would want to work. I think you already tried to change the atmosphere of the discussion by the words that you're using."

http://www.elynews.com/news/article\_2ddfbd10-e3f3-11e2-8e9f... 7/26/2013

Husbands final point dealt with addressing the candidates about transparency in government.

"There's quite a big deal about transparency in politics these days," Husbands said. "You see it on CNN, you see it on Fox News, MSNBC and certainly from the people that ran in this campaign and won spoke about transparency. So I guess the rhetorical question I would ask on Mr. Alworth's behalf and the public here today is what is transparent about removing somebody and then saying, 'We don't have to say why we're removing them, we're just going to remove them?"

The City Council also voted on the following items:

• Approval to elect Derbidge as mayor pro tem, who also serves as chairman of the Nevada Northern Railway Board of Trustees.

• Approval to elect Hanson as vice-chairman of the NNRy Board of Trustees.

• Approval of resolution 2013-04 to exchange real property between the City of Ely, the railroad and Mike Lemich.

• Approval to accept renewal proposals from the Nevada Public Agency Insurance Pool and Public Agency Compensation Trust and approval for payment from fiscal year 2013-14 funds.

• Tabling consideration to send notice to lessees of Corral No. 23 for violations of paragraph 16, which requires lessee to use the leased property so as to avoid interfering with the quiet enjoyment and use by others.

• Took no action to consider the White Pine County Commission's request that the City of Ely pay an additional \$19,000 for police protection under the proposed FY 2014 inter-local agreement for police/fire/animal control.

• Approval to extend the length of time between capturing and putting down animals to 10 days, using volunteers to help adopt our dogs and cats and to post photos of animals to eliminate citizens going to the animal control building.

• Approval to extend the notice to delinquent landfill customers another 60 days because of confusion surrounding the notice.

- Approval to allow 15 minutes for dispersal of the public following the City meetings.
- Quashing selection of an engineer for the Landfill survey.
- Approval of the concept of a valley gutter on Ave. M between 10th and 11th Street East.

• Appointing Hanson to head and appoint a committee to re-evaluate the organization of the City administration.

http://www.elynews.com/news/article\_2ddfbd10-e3f3-11e2-8e9f... 7/26/2013

• Tabling consideration to amend Ely City Code 1-6A-4 to mirror the wording within NRS 266.415.

• Approval to appoint Councilmen Derbidge and Randy Lee to be placed on the signature cards for the City of Ely checking accounts at Bank of America and First National Bank of Ely.

# Mayor vetoes removing Alworth as City Clerk

# Posted: Friday, July 5, 2013 3:48 pm

Ely City Mayor Jon Hickman vetoed the City Council's decision to remove City Clerk Jim Alworth, which was passed unanimously on June 27. In a notice of veto, Hickman stated:

"My reason to veto is because City Clerk Alworth was unable to attend (the) meeting because of a pre-scheduled vacation. Mr. Alworth's attorney Scott Husbands asked the council to table the item until City Clerk Alworth returned from his vacation. The City Council refused. Although a City (Clerk) can be removed without reason, in my opinion Mr. Alworth, a city employee for thirteen years should have the right to be present at the city council to at least voice his opinion and/or have supporters voice their opinions during public comment."

It takes four of five City Councilmen to overturn Mayor Hickman's veto.

A more detailed story will appear in next week's edition of The Ely Times.

# City votes to override Mayor's veto to remove Alworth as City Clerk

# By Lukas Eggen Ely Times Staff Writer | Posted: Friday, July 19, 2013 8:00 am

The Ely City Council voted unanimously to override Mayor Jon Hickman's veto to remove Jim Alworth as City Clerk during its meeting last Thursday. The city council also voted to cap the amount of money being spent on an outside attorney looking for ethics violations against Councilman Marty Westland.

Westland did not take part in the discussion or vote.

Attorney Scott Husbands was hired by the city to look into three possible ethics violations and billed the City for \$1,380 for work already performed.

"I didn't put it on the agenda to stop it, so I make a motion to put a cap of \$1,380 on the money that we spend on an attorney to investigate the ethics violations against Councilman Westland," Councilman Bruce Setterstrom said. "If you want to continue the investigation and use your money and not the city's money, that's fine. I don't agree with spending the city's money on an investigation that anybody can call the ethics board and make an ethics charge and they'll investigate it."

Comments from the public supported this stance and also called into question the motives behind the original motion to hire outside council to investigate three possible ethics violations.

Husbands said the decision "effectively ties our hands in the investigation" and attempts to schedule interviews with Westland were postponed twice because of scheduling conflicts with Westland's attorney.

"Had we done that, we wouldn't be assessing a cap right now, we'd be assessing our findings," Husbands said.

But Setterstrom reiterated he's not trying to stop an investigation.

"I don't think the city needs to spend any more money on this," Setterstrom said. "That's my point. Not that you're not doing a good job. Not that he's guilty or innocent or that he's my friend. I don't think the citizens of Ely want to spend money on frivolous things like this when they can do it for free."

The City Council also voted on the following items:

• Approval to hire within for a Public Works Director to be in charge of and to direct the following departments: Water, sewer, street parts and recreation.

#### 8-6-13 CLGF Exhibits Page 206

http://www.elynews.com/news/article\_89659c72-efba-11e2-aa7d-001a4bcf887a.html?mod... 7/26/2013

• Approval to allow the White Pine Historical Railroad Foundation to use the City of Ely weed sprayer when it is available for spraying weeds on railroad property.

• Tabling discussion/possible action of the request by Ferrel Hansen and DeMont Hansen to terminate their lease of 18,83 acres at the Georgetown Ranch from the City of Ely.

• Approval to waive water and sewer connection fees for the White Pine County Aquatics Center.

• Approval to raise the water testing rates the City of Ely charges the McGill-Ruth Consolidated Sewer and Water General Improvement District to \$20 for each additional sample after the first.

• Tabling consideration of White Pine County regional Transportation Commission's street paving priority list within the City of Ely, including future plans for paving High Street from the Convention Center up to First Street.

• Approval of review of the City of Ely Policy on standards for patching utility digs in the City Streets.

• Approval to pay the City of Ely's FY 2013-14 membership dues to the Nevada League of Cities in the amount of \$1,626.40.

• Approval to award bids of surplus vehicles, equipment and material as advertised in The Ely Times.

• Approval of modifications to the City of Ely Corral lease agreement.

• Quashed consideration to retain the present baseball backstop at Broadbent Park and re-install the baseball diamond. New, portable backstops will be purchased.

• Approval to hire two full-time temporary employees who will work through Sept. 30 in order to complete the street department's seasonal summer work, The employees are expected to be paid between \$12 and \$15 an hour.

• Tabling possible approval to get needed hot asphalt patching of utility digs in the City of Ely done as soon as possible.

• Approval to do pave backs tentatively scheduled in the City of Ely at an estimated cost of approximately \$118,896.07. The city council ordered Street Supervisor Stork and City Engineer B.J. Almberg to use cold mix where possible instead of hot mix, which Councilman Setterstrom will save the City significant amounts of money.

• Approval of consideration of the use of city vehicles, including taking vehicles home and using them for personal errands. The city forbade the use of city vehicles for personal use.

• Approval to receive monthly reports regarding the number and type of new business license applications.

#### 8-6-13 CLGF Exhibits Page 207

http://www.elynews.com/news/article 89659c72-efba-11e2-aa7d-001a4bcf887a.html?mod... 7/26/2013

• Approval to receive an annual review of Home Occupation and Special Use permits.

• Approval of the first reading of Ordinance 661, Bill No. 2013-07 which amends Ely City Code 1 -5-5A to indicate that the date and time of Ely City Council regular meetings may be changed by resolution.

• Approval for the Ely City Council to apply to the Nevada Department of Transportation Adopt A Highway litter removal program.

• Approval of the second reading of Ordinance No. 658, Bill No. 2013-04, which establishes a cross connection control for all but residential users of the City of Ely's water system to prevent backflow and backsiphonage into the City of Ely's water system.

• Approval of the second reading of Ordinance 659, Bill No. 2013-05, which amends Ely City Code Chapter 4-2-5 and Ordinance 648 by amending paragraph A to indicate that a person may receive a complete credit from his or her obligation to pay landfill fees to the City of Ely when said person takes his or her refuse to another landfill and pays fees to said landfill for the time period in which he paid fees to the other landfill.

• Approval of the second reading of Ordinance 660, Bill No. 2013-06, which amends the C-2 zone to allow for hospitals and other related medical facilities without a Special Use permit.

The next City Council meeting is 4 p.m. July 25.

# REPORT ON NYE COUNTY OVER-EXPENDITURES BY DEPARTMENTS; PAYMENT OF MEDICAL INDIGENT MATCH TO STATE

Office of the Comptroller Finance Department Tonopah, Nevada Tonopah Office Nye County Courthouse William P. Beko Justice Facility PO Box 153 Tonopah, NV 89049 Phone (775) 482-8186 Fax (775) 482-8198

RECEIVED

JUL 26 2013

State of revaua Department of Taxation

July 23, 2013

State of Nevada Department of Taxation 1550 College Parkway, Suite 115 Carson City, Nevada 89706-7937 Attn: Terry Rubald

Dear Ms. Rubald,

Nye County has received the letter from you dated July 15, 2013, requesting a representative from Nye County appear before the Committee on Local Government Finance (Committee) to report on the Nye County Financial Condition. Of specific interest, is a report on over expenditures by county departments, and a report on delinquent payments to the state for indigent services. I followed up with a phone call to you to ask if it would be acceptable for Nye County to respond to your questions in writing, or if an appearance would be necessary on August 6, 2013 at 9:00 am. You indicated a letter would be acceptable.

I would like to report that at this time, the over expenditure situation from fiscal year 2011-2012 has been resolved in fiscal year 2012-2013, with no departments over expending allocated budgets at this time.

In addition, the payment of the 50/50 match for indigent care, was paid by check number 1016144, issued 7/17/2013 in the amount of \$387,091.56, representing the balance due for FY 12-13. A copy is attached as requested.

I have spoken with Kim Lara, the Chief Deputy Treasurer regarding the status of the reconciliations for FY12-13. They are currently working through the second quarter of fiscal year 2012-2013, and are on schedule to complete the reconciliations and investment allocations in accordance with our audit plan for fiscal year 2013.

If you have any questions, please contact me.

Sincerely,

Ensal Papiali

Susan G. Paprocki Nye County Comptroller

Mrs. Laura Fitzpatrick Clark County Treasurer P. O. Box 551220 Las Vegas, NV 89155-1220

Re: Compliance with SB 1 (2013 Special Session)

Dear Laura:

Pursuant to the requirements of Senate Bill 1, enacted during the 27<sup>th</sup> Special Session of the Nevada Legislature, the Las Vegas Metropolitan Police Department, as well as the police departments of the other four cities in Clark County may request a waiver of certain funding requirements from your office.

Please provide to the undersigned a listing of any requests received by your office from the aforementioned police departments. The Department would request a response by Friday, August 9, 2013 in order to include it in the report we are required to make to the Legislative Commission pursuant to the legislation.

Thank you for your prompt attention to this request. If you should have any questions, do not hesitate to call me at (775) 684-2073. My e-mail address is as follows: klangley@tax.state.nv.us.

Sincerely yours.

Kelly S. Langley, Supervisor Local Government Finance Section Division of Local Government Services

# AGENDA ITEM 9

# REVIEW AND APPROVAL OF MINUTES CLGF MEETING OF MAY 2, 2013

### Minutes of the Meeting COMMITTEE ON LOCAL GOVERNMENT FINANCE May 2, 2013 9:00 a.m.

The meeting was held at the Nevada Department of Education Boardroom located at 700 East Fifth Street, Carson City, Nevada, and video-conferenced to the Nevada Department of Education located at 9890 South Maryland Parkway, Suite 228, Las Vegas, Nevada.

### **COMMITTEE MEMBERS PRESENT:**

|   | Gunther Prosser<br>Will Crespo | Resident of Storey County              |

### Agenda Item 1: Roll Call

Warner Ambrose, Budget Analyst, Department of Taxation, took roll call and stated there was a quorum present. Member Vincent stated that he will have to leave at 10:30 a.m. Member Cunningham stated that she will have to leave shortly before 11:00 a.m. and Vice Chairman Alastuey stated that he will have to leave shortly before noon.

### Agenda Item 2: Public Comment

Jeffrey Church came forward for public comment. He stated that he is a Reno resident, a retired police sergeant from Reno and owns various pieces of property in the City of Reno. He has various issues with the City of Reno. He is asking the Committee to formally ask the Attorney General for review and opinion on these issues. Chairman Leavitt referred him to the Attorney General. The Attorney General will not talk to him. They give the Committee advice, but will not give him advice and would not accept his complaint. The issues Mr. Church wanted to discuss are the Safety 88 Police Tax Levy, unfunded lifetime healthcare and the Reno Fire Ballot Issue. Mr. Church also provided a handout to the Committee of his public comments and the ballot measure on the fire ballot issue. Mr. Church gave a review of these issues.

Mark Joseph Phillips, Storey County resident, came forward for public comment. He thanked the Committee for making the permanent regulation, R005-12, effective. This regulation requires that certified financial statements be posted on official websites of counties. This matter has been placed on the May 7, 2013 agenda of the Storey County Board of Commissioners. Mr. Phillips stated that Storey County is facing a financial state of emergency in many respects. He submitted the Comstock Chronicle for the record today. The newspaper tells about a school board that just approved a bond without a definite amount on the bond – a blank check. It also tells about Comstock Residents' Association successfully suing Storey County in District Court. There is also a former County Commissioner who is facing felony battery by strangulation charges. The Attorney General's Office will bill Storey County for the prosecution of this case. Lastly, the Fair and Rec Board, the Virginia City Tourism Commission, has failed to provide for an audit this fiscal year. Mr. Phillips will be asking the Department of Taxation to designate a different auditor.

Agenda Item 3a): Financial Condition Reports by the Department; Consideration and Possible Adoption of Recommendations and Orders: City of North Las Vegas Financial Condition Member Kohn-Cole recused herself regarding the City of North Las Vegas due to a conflict of interest.

Warner Ambrose presented the financial overview of the City of North Las Vegas. The Department has compared the final numbers in their final budgets for FY 2013 against the column in the FY 2014 budget which is called estimated FY 2013. We have noted that their revenues are down a little over \$4.1 million. Expenditures are also down about \$4.2 million. Mr. Ambrose expressed some concerns of the Department. If you look in the general fund for FY 2014, you will see that a year ago at this time, the City has put in a plug number for the general fund to balance

Tom Gransbery, Supervisor, Local Government Finance, discussed the waste water fund. They are running out of cash in this fund. We would like to have a discussion on when we will get the cost allocation study.

Member Sherman stated there was revenue analysis to determine whether the utility funds were meeting the bond covenants. We need more detail on the bond covenants.

Chairman Leavitt stated it looks like there is a fairly substantial increase in expenditures in the general fund. He does not understand what is going on.

Member Sherman stated that he noticed this, too. He also noticed that salaries, wages and benefits cost categories are going up across the board. There was mention that they are still under agreement with their employees' association for cost of living and other wage and benefit increases. Mr. Sherman would like to hear about the plan they have for reduction of force.

Warner Ambrose stated that there is ongoing litigation. They have four different unions that they deal with. Two of these are subject to litigation.

Member Alastuey stated that some of the audio has been breaking up in Las Vegas.

### May 2, 2013

Member Walker stated that we have to have a balanced budget by law. She asked how they are going to achieve their budget reduction plan if they have not put it into the computer program for their department's budget.

Chairman Leavitt stated that he was going to ask Tom to place an item on the next agenda that relates to budget instructions indicating when you file a tentative or final budget, you do not put in a balancing number that offsets your functional activities. The balancing number is so large, it runs the ending fund balance into a deficit.

Tom Gransbery stated that in that last two or three years we have seen budgets that had this.

Terry Rubald, Chief, Division of Local Government Services, Department of Taxation, stated that many people on the teleconference are having difficulty hearing. She asked the participants to please speak louder.

Member Sherman stated that they were forecasting revenue increases for the two utility funds. They have rate increases for both water and waste water, but their revenue actually declined. Basic rate increases do not necessarily yield the revenue anticipated. We need a better understanding of the basis of the forecasted revenue increases in both utilities.

Chairman Leavitt invited the North Las Vegas representatives to discuss their tentative budget.

Al Zochowski, Finance Director of North Las Vegas, came forward to speak. Their tentative budget has a plug figure. It was done this way last year. Between April 15th and June 1st, they did make adjustments within the different functions of their budget to bring it into balance. That is their plan for this year as well. Once the City adopts the final budget, it will be balanced, the functions will have the correct expenditures for each of the different functions and the City will plan on having a general fund ending fund balance of more than 8% of the total expenditures from FY 2011-12. It is a work in progress that is changing on a day-by-day basis as they strategize on different ways to provide a balanced budget for the City of North Las Vegas.

Member Sherman made note that they also included the estimate for the current fiscal year and asked about the timing for getting this resolved.

Al Zochowski responded that they will strategize and end up with an 8% fund balance.

Chairman Leavitt expressed concern that the utility funds are running out of cash. This pertains to their overall financial condition rather than the tentative budget. Chairman Leavitt asked that the matter be addressed.

Al Zochowski stated that he did not understand the question in that when they started the current fiscal year their cash was somewhere around four million dollars. Their cash flow projections indicate that they will end the year with about six million dollars in cash.

Chairman Leavitt stated that he was referring to utility funds not the general fund. There is a similar situation on Page 55 of the meeting packet as it relates to the water utility where they are going from \$39 million at the beginning of this period down to \$15 million at the end of this next fiscal year.

Al Zochowski stated that he is at a disadvantage because the audio is breaking up so substantially that they are hearing about every other word. Also, he has not reviewed these reports since the close of the fiscal year. He asked his utilities manager to come forward. He stated they never took the reserves down below 25%.

# Chairman Leavitt again referred to Page 55 which shows operating transfers from each one of three years and cash going down. He then referred to Page 57. Chairman Leavitt asked how they can continue when they show declining cash in every one of those years and continuing operating transfers of \$30 million per year.

Will Riggs, Utilities Financial Manager, City of North Las Vegas, stated that the cash has been going down because of construction of their reclamation facility. They have borrowed money. That cash has been sitting on their books and has been used every year on construction. The reclamation facility is substantially complete with a little left to finish. Those funds will not be going down as much in the next few years.

Chairman Leavitt asked if he was being given assurance that they have the ability to stop the \$30 million plus transfers out of the utility funds to the general fund in the future without harming the utility operations.

Al Zochowski stated that they did provide the Committee with the report and gave further explanation regarding the transfers.

Vice Chairman Alastuey stated that he did not see how this could be sustained.

Will Riggs stated that the drop in their cash position was due to the fact that they have been making capital improvement payments on the waste water plant. If only the operations utilities funds were considered, they believe their cash position would continue to increase over the years. It does look high because of the capital project, but now the final payments on this project are coming through.

Member Weiler referred to Page 123. It shows an increase through 2017. He asked for any other assumptions behind the numbers.

Will Riggs stated that currently the municipal code allows a 3% rate increase every year on the utilities to help cover CPI costs. In addition, they have some growth, 1% to 2% per year, in some of the future years. Those are generated. Other than that, they have taken their annual revenue and sources of those revenues to project out what those future rates would be.

Member Walker stated that when they talk about their operations and the cash for their operations, she has a concern about Page 57 of the tentative budget. Looking at their operating and non-operating costs, it is about \$56 million. But their cash equivalent at the end of next year in their tentative budget is \$749,000. Their cash is somewhere around 1.5%. That will not last but a few days of cash flow. She does not understand how they can maintain a positive cash balance with 1.5% of their expenditures being in their cash fund on a day-to-day basis. They must be going through negative cash balances at some point.

Member Weiler again referred to Page 123, noting that there was expenditure for water. He asked how they purchased water, what the assumptions were behind that and if they had a locked in contract.

Will Riggs stated that on the tentative budget that was filed, their estimated expenses and revenue are based on their budget. At the end of the year, their expenses should be less. Their cash should be better than what is in the budget. They have some projects underway that, until the end of the year, they do not know where they will end up other than they will be under the budget. Their cash balance will be higher next year than what is on the budget. The City of North Las Vegas purchases about 90% of its water from the Southern Nevada Water Authority. They pay a wholesale water cost. This cost has historically gone up about \$10 per year. They have met with the Southern Nevada Water Authority, and they have given them the projections of what the costs will be over the next three years. Those costs are included in the budget. For further years, they have gone to about \$10 per acre foot purchase price. They have talked with their engineers. Based on their population and growth, the engineers have given them what they believe is going to be the used water that they will have to purchase. They calculate the cost based on that. So as the wholesale water costs go up,

### May 2, 2013

they have that in this model. As they have growth, they have additional water they would purchase. Historically, this number has come in lower, in reality, than what the projections are. The projection they are using is very conservative and fully loaded. They believe that if they stay within this, they will be fine.

Al Zochowski responded to the comment that the school districts' water cost has gone up. The City's water bills have gone up too, but those are within their operating departments. As they use water and as they have different connection costs that have increased this year, that is within the operating budget, not the water and sewer budget.

Member Clinger had questions on the net pledge revenue schedule on Page 123. It shows by 2017, there is a positive cash flow. Member Clinger asked about the status of the cost allocation study. The legislation allows them to continue to make these transfers through 2021. The delta between the cost allocation and the transfer payments becomes vitally important. Providing they can reach a positive cash flow by 2017, if their cost allocation numbers are not equivalent to those transfers a few years later, they will really be in trouble. Member Clinger asked how they plan to get to the 2021 date.

Al Zochowski responded to Member Clingers questions. Applied Analysis is doing a cost allocation study for them. They began the study back in December. There have been several meetings with Applied Analysis. They are planning to meet in June to semi-finalize the information so they can understand what their true charges to the utility funds should be – not just the utility funds, but to all functions within the City. It is a very comprehensive study, and it is taking longer than they had hoped. They believe the outcome of the study will be very beneficial. As they wean themselves from the PILT transfer and move to a charge for service, they have eight more years to do that. They do not want to take eight years, but if it takes that long to get the City into a stable financial position – it would be up to the City Council – but he believes the City Council's goal is to return the City to financial stability with whatever tools they have. If it extends using the PILT through 2021, he thinks they might do that.

Member Clinger expressed concern that in the schedule it shows, after 2014, transfers of \$31 million but, in the budget documents, it shows \$32 million. It appears that they are falling behind on their projections within the next year.

Al Zochowski stated that they put their budget together based on the information they had at the time. Although they budgeted for a \$31.5 million transfer in the current year, in order to meet their 8% fund balance, they may go back to the City Council and ask for an augmentation so they can get the full \$32 million. This way their general fund will end up with the 8% fund balance they need to have.

Member Vincent stated that in 2014, a difference appears in the tentative budget, cash and cash equivalents in this projection. They were looking to do a \$7 million bond issue, but this does not appear in the tentative budget. Member Vincent asked for an explanation.

Will Riggs responded that the \$7 million is the agreement that the City settled with Clark County on the channel. Clark County is issuing that money. They put that money in there, and the expense in there as the building of that pipeline. The projections show the payments back to the County.

Member Clinger stated that he knew it was very difficult to project out to 2021. He commented that what we do not see is a plan that gets them off of these transfers. He, and he believes other members of the Committee, would like to see this. The cost allocation is critical, and Member Clinger asked when that would be available.

Al Zochowski responded that the cost allocation may be done in the next three or four months. That does not mean they will implement the results of the cost allocation study at that particular time.

### May 2, 2013

Member Walker asked if they could take the schedule on Page 123, and break it out between the two funds. Her concern is that, while their water is in a little bit better shape, the wastewater utility is not. It does not have the 25% of restricted assets which is required by their bond covenants.

Will Riggs responded that they will get that for the Committee.

Chairman Leavitt stated that, until we have a final budget, we have gone about as far as we can go. The intent of questioning is not to be a thorn in their side, but we are obviously concerned about their long-term viability. We want to be certain that they have that ability. We all recognize that they have a lawsuit pending that is worth roughly \$10 million per year. We are not going to have resolution of this in the near future, and he will not ask them any more about that today. If they lose the lawsuit, there is another \$30 million to deal with. After they file the final budget, we will have to have another in depth conversation. Chairman Leavitt recognized that Al Zochowski, since he has arrived, has done everything possible to bring this situation under control. They do not have any violation of statutes relating to their audits. Chairman Leavitt expressed personal appreciation to Al Zochowski for the work he has done since arriving there. He inherited a very difficult situation that has been building for a number of years. We recognize the great work he has done there in trying to get this resolved.

Vice Chairman Alastuey commented that he believes Mr. Zochowski and his staff have already addressed every issue brought up today. He commended Mr. Zochowski for his candor and his efforts. We wish the best for the future. There is a lot of work to do.

Member Sherman agreed with Chairman Leavitt's and Vice Chairman Alastuey's comments regarding the administration. We all recognize one of the critical issues that needs resolution is the financial situation in the two utility funds. Member Sherman agreed with Member Walker that it would be beneficial to the Committee and the policy makers to have the cash flow forecasts of the two funds broken apart between relative revenues and expenditures. Because the utility funds have a combined annual debt obligation of roughly \$24 million, he would like to see, at least at a summary level, what are the bond covenants of the debt being paid by those two utility funds. He would like to see how these calculations and amounts shown on the pledge revenue sheet jive with those covenants.

Member Clinger stated that Al Zochowski and Manager Hacker are doing an outstanding job with very difficult circumstances, dealing with extremely difficult labor agreements and following revenues. He had one follow-up question regarding the levy of an additional three cents. In the tentative document, that did not show up.

Al Zochowski stated that it was his understanding that they needed to notify the Department of Taxation of what they might do with property taxes if the City Council decided to make any changes whatsoever. During discussions with the City Manager, they discussed possibilities of trying to maximize the type of revenue they could get from property taxes. They thought it would be about 3 ½ cents of the property tax rate. The City Council has not made the decision to do this. Even though they have notified the Department of Taxation that this might happen, their projections on the tentative budget are reflective of the tax rate that has been in place for the City of North Las Vegas for the last several years.

Warner Ambrose asked if that was going to be considered at the public hearing or some time before so a decision will be made that will reflect in the final budget regarding that increase.

Al Zochowski answered that this will be the City Council's decision, and it will happen before the final budget is adopted. Mr. Zochowski thanked the Committee members for their positive comments. It has been a tedious and hard job. He stated that it is a challenge that he, the City Manager, the City Attorney, the department directors and the City of North Las Vegas staff are taking seriously. There will be some big things that need to take place over the next couple of years in order for them to say that they will not continue to use PILT dollars

### May 2, 2013

to balance their general fund budget. These changes will be happening over the next couple of years. They will not happen next month or next year. There are hard decisions that need to be made. The City of North Las Vegas will do their best to find financial stability for their citizens.

Before going on to the next agenda item, Chairman Leavitt had comments regarding financial reports and the Budget Act. He has been involved in this for a long time. The Budget Act has many great flows and controls built into it. It provides for the issuance of a tentative budget. The tentative budgets are reviewed by the Department of Taxation for compliance with statutes and regulations. Based on that, the governments all file a final budget. As a result of filing the final budget, the governments appropriate money for expenditures during the year. Then they actually implement that budget. At the end, there is an audit report due, which is a final report on what they have done with what they said they would do. That audit report should be filed quickly enough at the end of the year so that the citizens of the community, the legislature that meets every other year and the Department of Taxation can review it. We can determine that the local governments and their officials have complied with the law in how they have spent their money. If we have a situation where audit reports are not completed and not filed, particularly if they are not filed before we get to the tentative budget and final budget for the next year, the citizens have no knowledge of what happened in the prior year. We do not know if any functions are over-expended or if we have interfund loans without proper approvals. We do not know if statutes have been violated. We have no knowledge of any of these things as we go into the next fiscal year, and it even relates to the prior fiscal year. This is a big problem. The local governments have excuses as to why these things are not done. They need to get past these excuses. We are ten months from the end of the last fiscal year, and we are missing financial reports. Chairman Leavitt stated that he was very irritated that we are having this problem with local governments at this time. The Budget Act has been in effect for a long period of time, and everyone knows they have an audit responsibility. They need to get it straightened out and do it.

Terry Rubald stated that the Chairman's remarks are accurate. The Department has asked Elko County and Nye County to appear this morning to discuss the problems associated with not sending in the audits that are required by NRS 354.624. This particular statute states that annual audit must be submitted to the governing body no later than five months after the close of the fiscal year being audited, with a copy to the Department. The Department understands that issues come up that delay the completion of audits by the required due date. We freely give extensions when they are warranted. Warmer Ambrose is here to answer your questions about the circumstances of the requests for extensions and how and when they were granted. The problem facing the Department is that next week we are required to approve or disapprove tentative budgets as to compliance with law and regulations. Tentative budgets are supposed to be prepared on Department forms. Those forms require the use of final audited numbers for FY 2011/2012. The Department is in a difficult position. Elko County and Nye County are asking us to approve tentative budgets without providing the audited numbers for FY 2011/2012. This means a major component of compliance would be ignored. Terry Rubald stated that the remedy for this situation is found in NRS 354.598 §2. It states that should the governing body fail to adopt a final budget that complies with the requirements of law and the regulations of the Committee on Local Government Finance, the budget adopted and used for certification of the combined ad valorem tax rate by the Department automatically becomes the budget for the ensuing fiscal year. No one wants this remedy. We are hopeful, with your encouragement, these two local governments will comply in time for us to provide the necessary approvals of the tentative budgets.

Member Sherman clarified that extensions were granted to Elko County and Nye County, and their financial statements are yet to be received by the Department of Taxation.

Terry Rubald stated that this is correct.

### May 2, 2013

# Agenda Item 3(b): Financial Condition Reports by the Department; Consideration and Possible Adoption of Recommendations and Orders: Elko County Financial Condition

Warner Ambrose reviewed the financial condition of Elko County. He referred to the extension requested by Elko County on Page 127, dated November 29, 2012. The extension is normally granted for 30 days, for the submission of the audit report to the governing board. On Page 128 is Mr. Ambrose's response, dated November 30, 2012, where an extension was granted to Elko County. It goes on to state that this extension is contingent on submission of two copies of the audit report to the Department no later than January 31, 2013. We normally provide 30 days for the county to schedule a meeting with their board to formally accept the audit report. Sometime around the middle of February, Mr. Ambrose contacted Elko County to inquire why the audit report had not been received. They stated that a problem had arisen relative to grants administration. There was still no indication as to when we might get the audit. Part of this was due to a problem they were having a vear ago. Mr. Ambrose referred to the letter on Page 129 where it mentions delays in the FY 2011 audit which were not the fault of the county. They were having trouble with the actuarial study on their OPEB benefits. They had indicated to us that they did not expect a problem in submitting the FY 2012 audit. This problem arose. We had no contact from them about this until we asked. We indicated, because of the problems in FY 2011, if another extension was requested, it would probably be denied. So, they have not submitted a second extension request. To date, the only thing we have received from the County relative to the audit is a draft copy of the general fund numbers. We needed this information to complete a report for LCB prior to session. The same holds true for Nye County relative to this, also.

Cash Minor, Elko County Comptroller and Assistant County Manager, came forward to address these matters. He said there were no excuses. The June 30, 2012 audit will be on the Commission's agenda for May 9, 2013, to be approved. In trying to get it in compliance, they have taken steps with their auditors to actually start their process in May rather than October in hopes to speed this up. Whatever the County can do to increase their work papers, they will do that.

Member Kalt related his auditing experience. In the auditing world, there are a limited number of firms. When scheduling the audit, particularly in September and October, you are given a window of opportunity of when they will be doing their field work. That is when they schedule all their various clients. They are doing significantly more of their interim work in May and June so when they come out to do their field work at the end, they can complete their audits. With the change in governmental accounting, there are one or two major firms that conduct audits in the rurals. If you are not prepared and miss your window of opportunity, you will have scheduling issues. They will go on to their next clients. It is very difficult to get back on the schedule. It is very important for the individual entities to be ready.

# Agenda Item 3(c): Financial Condition Reports by the Department; Consideration and Possible Adoption of Recommendations and Orders: Nye County Financial Condition

Warner Ambrose gave an overview of Nye County's financial condition. On Page 137 of the meeting packet is the original letter requesting an extension for Nye County and its relative component units, which are three of the towns within the County. This is dated November 28, 2012. The County one is in there because a lot of this problem ties back to problems in the Treasurer's Office. We also received requests for extensions for 15 other entities within the county. We received the school district audit on time, and one other entity. The other remaining entities in the County filed extension requests, and we did grant them on November 29th. Some of the smaller entities came in right around that time, and the letters to them were dated either November 29<sup>th</sup> or 30<sup>th</sup> or the first couple of days in December. We did grant them an extension. They had indicated, if you will notice in the County's letter, problems they were having with the implementation of a new accounting system. In discussing it with their auditor, it was suggested that they should ask for slightly more than the normal 30 days. You will see on Page 139, the extension was granted. Instead of only being until December 31<sup>st</sup>, we actually gave them an extra 60 days. We granted them until February 28<sup>th</sup> for those audits to be completed and submitted to the governing board with the idea that we would receive the audit reports from those entities, including the County, no later than March 15<sup>th</sup> of 2013. March 15th came and went. Again, we called to find

out what was going on. We had some telephone conversations including Ms. Rubald, Mr. Gransbery, the auditor and Ms. Paprocki, subsequent to March 15th. Subsequent to that, we did actually receive, at the direction of Mr. McArthur, who is the auditor for the County and all these other entities. Some of the entities sent him a secondary request for an extension clear into May, which was denied. We have covered that in the letter, which is on Page 145 in your packet, dated April 17<sup>th</sup>, to Mr. McArthur, regarding the status of the Nye County audit reports. We attached with that letter a copy of the statute that Ms. Rubald referred to which provides for the action we can take if we do not receive properly completed budgets that include audit information. He believes Ms. Paprocki is here to make comments regarding this issue.

Susan Paprocki, Comptroller, Nye County, came forward to speak. She stated that their audit is scheduled to be heard by the Board of County Commissioners at their May 7<sup>th</sup> meeting, and will be approved at that time.

Chairman Leavitt asked if there was assurance that this situation would not be repeated.

Susan Paprocki responded that they have already begun to schedule pre-audit meetings for next year, with a schedule in place for working through next year's audit. The Treasurer's Office has undergone staffing changes which will enable them to work through the issues that they had this year with the Treasurer, since the Treasurer has resigned his position.

Vice Chairman Alastuey asked if the County and the entities would be retaining the same auditor for year ended 2013.

Susan Paprocki responded yes.

Member Sherman noted in their letter that prior audit reports indicated internal control weaknesses over financial reporting due to the lack of bank and investment account balance reconciliations. They are maintaining about 170 funds. According to the letter from the County, they have only done reconciliations through June 2011 as of January 2012. He asked what the status was of these reconciliations.

Susan Paprocki replied that the reconciliations are now complete through June 30, 2012.

Chairman Leavitt stressed the importance of these. We have had problems in the past where these things have not been done. We then have interfund loans that are not approved because there is no cash. You then borrow from another fund because you do not reconcile all of these cash accounts. We end up having illegal loans that get people in trouble. This needs to be done on a regular basis so you do not end up in this situation.

Warner Ambrose asked if the FY 2013 reconciliations are current.

Susan Paprocki responded that they are not current at this time

Warner Ambrose asked where we are on FY 2013. He needs to know what to anticipate.

Susan Paprocki responded that she does not know the exact status at this time, but will contact the Treasurer's Office and find out exactly where they are.

Warner Ambrose asked Ms. Paprocki if she was aware of the status relative to the presentation of audit reports of some of the entities that the County is not responsible for. He asked if she has heard anything from Mr. McArthur or gotten an update relative to that.

Susan Paprocki stated that the only thing she knew was that their audit reports were on their Board of County Commissioners meeting on May 7th. She is not aware of any of the other entities.

Warner Ambrose stated that he would follow up with the other entities.

Chairman Leavitt stated that the provisions in the statue are a safeguard for the people that are doing the work. When you do not follow those, you end up in trouble. Chairman Leavitt read a paragraph in the statute relating to over-expenditure. Some people have treated this very lightly.

"Any officer or employee of a local government who willfully violates NRS 354.470 to 354.626, inclusive, is guilty of a misdemeanor and upon conviction thereof ceases to hold his or her office or employment. Prosecution for any violation of this section may be conducted by the Attorney General or, in the case of incorporated cities, school districts or special districts, by the district attorney."

Chairman Leavitt stated that the statute takes over-expenditures very seriously, yet we continue to have them. He knows that sometimes these are accounting problems, such as incorrect estimations. You need to be really careful about these. There is a method in the statute, if you need to spend more money than previously authorized, that allows you to get augmentation. This can be done to stay in compliance. That way, you do not run into problems with this particular statute. There are many people concerned about government at this time that are willing to press these issues. If you follow the statutes, they are for your protection, and your lives will be much easier.

Brian Kunzi, Nye County District Attorney, addressed some of these concerns. He wanted the Committee to be very informed of what they have done. This has been an on-going problem for the County. Mr. Kunzi assured the Committee that they are taking this very, very seriously. Last year, the Sheriff's Office overran their budget by \$1.2 million. The County Commissioners undertook it, examined it and made a determination that there was a willful violation. They have, in fact, referred this matter to the Attorney General's Office for prosecution. One of the problems in getting this submitted was the fact that they did not have an audit for the previous year. They did not have a final audited number. He would also like to report – this is all a matter of public record – that they have dealt with this issue numerous times at Commission meetings. Initially, they were not getting any monthly reports from the County Treasurer. They finally had a public hearing in which this was specifically addressed, and communications with the Treasurer with regard to what his legal obligations They then started getting those reports. Unfortunately, it became very clear, as the audit was were. progressing, that the reports were not close to accurate because of the fact that there were not reconciliations going on. Again, the County Commissioners, in particular, have been very engaged in this process to try to bring everybody into compliance. Unfortunately, we run into a situation where we have major problems created by two elected officials who are beyond the control of the County Commissioners. When you have officials who are not doing what they are required to do, it is very, very difficult for them to try to get compliance. They have taken all the measures that the law has allowed them to do to address these. Mr. Kunzi emphasized that they have taken these things very seriously. They understand where the problem is. With respect to the reports, the County Commissioners hired an individual to come in. He is actually a former county treasurer who has been responsible over the past few months for getting all of the bank reconciliations done, which is why Mr. McArthur has now been able to complete his audit. He is continuing through that process. He hopes that the Committee understands that the County does take this very seriously. He thinks the County has probably taken extraordinary steps, probably more than any other county has probably ever done. He does not think a referral has ever been given to the Attorney General's Office. They are working very closely with them because this is something that they want to do. They have been engaged throughout this entire process of trying, and even himself from the District Attorney's Office, the number of emails, the communications, warnings of what the consequences were of not complying with obligations, totally went unheeded, which has forced them into a very bad situation. They are taking it seriously and are moving forward very aggressively.

Chairman Leavitt stated that he appreciates this. He asked that, as soon as the reconciliations are done, notify the Department of Taxation that those are complete and up-to-date, so that we have assurance that this has been taken seriously. As we talked about before, if you do not keep those up-to-date, they can cause more than accounting problems. They cause legal problems regarding these interfund loans. So, notify the Department as soon as those get done. And the next thing, we expect the audit report on November 30<sup>th</sup> of this year for the 2013 year.

Susan Paprocki responded yes sir.

### Agenda Item 4: Review and Approval of Minutes, CLGF Meeting, 11-29-2012 and 1-23-2013

Vice Chairman Alastuey made note of corrections to the November 29, 2012 minutes. On Page 157 of the meeting packet, as indicated by the question marks, the two statements were made by Member Vincent, not Vice Chairman Alastuey. The November 29, 2012 minutes were then approved as amended, and the January 23, 2013 minutes were approved as written.

### Agenda Item 5(a): Report on Regulatory Matters – Report by Department on Feedback Related to T003-12, Heart Lung Liability Reporting

Tom Gransbery stated that in the meeting packet was the new Form 33 which was required with the tentative budgets for FY 2014. These forms are for reporting the heart and lung liability. He believes private insurers were not discussed when the workshops were held. Local governments that have private insurers do not have a liability. They make a yearly payment and then the liability, from the first dollar to when the claim closes, would be the liability of the insuring company. Also, both Clark County and Washoe County school districts have made statements that their security employees are not recognized as police officers. Therefore, these school districts have not filed a form.

Member Sherman commented that he was interested to see the few forms that have been turned in so far. He asked if the information provided was consistent and if it made sense.

Tom Gransbery responded that they have not looked at them closely, yet. The reports have been filed. They will compile a report from these. He believes that will be done in early summer after the final budgets have been submitted and reviewed.

Member Sherman stated that the summary report is what the Committee is interested in. He would like to see a copy of all the forms filed in addition to the summary.

Tom Gransbery stated that they could do that.

# Agenda Item 5(b): Report on Regulatory Matters – Schedule Workshop for Permanent Regulations Related to T003-12

Terry Rubald brought to the Committee's attention that we have an outstanding set of temporary regulations that will expire November 1st. We need to get right on it. Her plan is to resubmit as adopted to LCB to get them to do a permanent draft. We will need to hold a workshop in early July, if possible, and if that is consistent with what the Committee would like to do.

Chairman Leavitt asked if the full Committee had to be present at the workshop.

Terry Rubald responded that they do not. The Department can conduct the workshop on their behalf.

Chairman Leavitt would like Member Sherman to attend since he has taken such an active role in it, and of course, anyone else who would like to attend.

Member Sherman asked about the date of the workshop.

Terry Rubald responded that a date has not yet been set, but she would like to set the date for early July – perhaps late in the week of July  $8^{th}$  or the week of July 15th. It also depends on when LCB can get to us, so perhaps we should set a final date a little later.

### Agenda Item 5(c): Report on Regulatory Matters – Report on Legislative Bills by Department

Terry Rubald referred to Page 177 of the meeting packet for the list of legislative bills that they have been watching. She brought the Committee's attention to SB 400, and the summary of potential effects on Page 182. Should SB 400 pass, it would provide transitional direction to maintain the net proceeds of minerals tax. It is her understanding that it would bring about transitioning from the concept of net proceeds being a property tax to a severance or production tax. As seen in the summary, there are concerns about some of the unintended consequences related to using net proceeds as part of the assessed value that can be levied against, not only for property tax but as part of the formula for other taxes.

Chairman Leavitt commented that we have run into problems with similar situations in the past – when one definition is changed, it relates to all kinds of other things down the line.

Member Walker commented that in some of the hearings there have been comments by Speaker Kirkpatrick about how difficult it is to access the agenda and backup for CLGF. Member Walker also has found it difficult and wanted to discuss how we could make it easier.

Terry Rubald responded that she appreciated the feedback. She stated that the Department is currently going through a process of revamping the entire website. She will pass these comments along.

# Agenda Item 6(a)(1): Briefing to and from the Committee On Local Government Finance and Local Government Finance Staff: Discussion of Matters Affecting Local Government – Report Concerning City of Caliente; Fund Balances for FY 2013 and FY 2014

Heidi De'Angelo, Budget Analyst, Department of Taxation, stated that she contacted Jo Whitlock in early April regarding reports for the current year. They were told their accounting program was not working currently so they could not provide the information for us. She has not received any quarterly economic surveys for this year.

Chairman Leavitt recalled that the City of Caliente gave us all kinds of assurances at the last CLGF meeting. He recalls that they said they had resolved all of these problems, and we should not expect any more problems from the City of Caliente.

Heidi De'Angelo responded that this was correct. From what she understands, they implemented a new or more current accounting program.

Chairman Leavitt asked if the accounting program was working.

Heidi De'Angelo responded that it apparently was not.

Chairman Leavitt commented that if we slide that forward a few months, we will have another one of these audit report incidents. He stated that we need to have some discussion with the City of Caliente. Chairman Leavitt asked if their tentative budget was good.

Heidi De'Angelo responded that their tentative budget looks reasonable. They fall well within the 4% ending fund balance for their general fund.

### May 2, 2013

Chairman Leavitt asked Ms. De'Angelo to contact the City of Caliente to see if they are able to resolve these problems. If not, he would like them to appear before this Committee at the next meeting. He does not want this to get out of hand.

Tom Gransbery stated that at the last meeting, we thought we would give them a break, but they would have to come in front of the CLGF after filing their final budget. We will make sure they are on the next agenda. We have been promised more than once that those quarterly economic surveys would be filed, and yet today we have none.

Vice Chairman Alastuey stated that the City's enterprise fund has a net loss of \$80,361.00. We need to have the City of Caliente comment on this.

Tom Gransbery stated that we know what we need the City of Caliente to bring to the next meeting.

Agenda Item 6(b): Briefing to and from the Committee on Local Government Finance and Local Government Finance Staff: Discussion by Committee Regarding Matters Affecting the Committee Member Sherman commented that the Committee has many matters that it deals with that take a lot of effort on the part of staff to prepare that information, provide insight and answer our questions. Before the start of the meeting, he was informed that the Department would be losing one of its key staff positions. He wanted to give recognition to Tom Gransbery, who will be retiring soon. Member Sherman expressed his appreciation to Tom for all of his hard work and insight and said that he will be missed. He asked him to drop in and visit once in a while.

Tom Gransbery thanked the Committee members and stated that they all deserved a pat on the back. He thanked them for sharing their expertise and knowledge. He and his staff have benefited from it.

Chairman Leavitt expressed his appreciation to Tom. He has asked him to do hundreds of things over the years. Tom has faithfully and accurately done them. He is a government public servant that performs his work well and has performed over a long period of time. He should be congratulated.

Member Clinger echoed the same comments. He stated that he has had the opportunity to work with Tom as a member of this Committee, but also in his other position as State Budget Director. He knows how much this Committee will miss him but also how much Terry Rubald and the rest of the Department will miss him. He has done great work in all of the instances that he has worked with him. Member Clinger really appreciates the work that Tom has done.

Member Walker supported everything the others said. Tom has been such a professional. The work that he has done with local governments has raised the bar for local government finance in Nevada.

Vice Chairman Alastuey added that what he has always valued in a lengthy public servant is being candid and able to dig up stuff. Tom has fulfilled both of these attributes to his full satisfaction. He has never run across anyone as responsive as Tom and his staff.

Beth Kohn-Cole stated that from an auditor's perspective, Tom is so responsive and helpful. All of your staff is responsive and helpful. The auditor's appreciate that when they are trying to get things done. We can see that the local governments benefit from his expertise. He is doing an excellent job and will be greatly missed.

Tom Gransbery stated that he has great staff that know the ins and outs of local government. Good work will continue. We have a good Chief. With the hours and effort that Terry puts in, we get behind her and do the best we can. Again, he thanked the Committee members.

### May 2, 2013

Chairman Leavitt stated that he has been on the Committee for a long time. He remembers Tom in a number of different positions over the years as he has moved up to where he is now. It has always been appreciated.

### Agenda Item 7: Schedule Date and Review Agenda Topics for the Next Meeting

Chairman Leavitt suggested the middle of July. Sometimes it is difficult to get a quorum in summer months. He would like to have a substantial discussion with North Las Vegas after the final budgets are done.

Member Walker stated that she will be gone in mid-July, but late July works for her.

Member Sherman stated that he was unavailable in early August. July would work.

Chairman Leavitt stated that we will plan for the latter part of July, and we will work on exact dates.

Terry Rubald stated that she will poll everyone when we have some alternatives.

### Agenda Item 8: Public Comment

There was no public comment in Carson City or Las Vegas.

### Agenda Item 9: Adjournment

The May 2, 2013 Committee on Local Government Finance meeting adjourned at 11:07 a.m.
