EXACTOR

Exactor is providing the true next-generation end-to-end, automated solution for secure, reliable and accurate sales tax record keeping and processing. Exactor provides an end-to-end solution that seamlessly and automatically bridges between all elements of a transaction. This allows the merchant to focus on SALES, while Exactor deals with the TAX. www.exactor.com, e-mail at info@exactor.com.

SPEEDTAX

Certified as both an SST Model 1 (CSP) and Model 2 (CAS) provider – combines the practical advantages of Web-based technology with CPA-designed functionality, so sales tax compliance can be both cost-effectively automated, and expertly managed. Simplify sales tax, accelerate business. www.speedtax.com.

AccurateTax

AccurateTax.com is a Certified Service Provider (CSP) with the Streamlined Sales Tax Project. As a CSP, they are able to provide volunteer sellers with the SSTP a certified software solution for calculating, collecting, and remitting sales tax through their web site. <http://www accuratetax.com>

Fed-Tax

FedTax.net was recently approved by the SSUTA Governing Board as a CSP, authorized to calculate and remit local sales tax for merchants with their TaxCloud service on July 1, 2010. TaxCloud is a free, easy-to-use, tax calculation and remittance service offered by The Federal Tax Authority (Fed-Tax.net). <http://fed-tax.net/>
