### General instructions

#### Purpose of the form

#### Who must file

Each business entity, including sole proprietorships, engaged in business in Nevada, unless specifically excluded by Commerce Tax law (NRS 363C), has to file a Commerce Tax return. The Commerce Tax return must be filed even if there is no tax liability due.

Certain entities are exempt by law from the filing requirement - see Commerce Tax law for complete list. Examples of exempt entities are:

- Natural person, unless such person is engaged in a business and files Schedule C, E (Part 1) or F with the federal tax return;

If a merger or conversion, as ascribed by NRS 92A, takes place during the taxable year, the surviving/ resulting business entity may file a single combined Commerce Tax return.

#### Simplified reporting for business entities with the gross revenue from engaging in business in Nevada under \$4,000,000

A business entity with the gross revenue from engaging in business in Nevada under \$4,000,000 during the taxable year shall utilize a simplified reporting method. The simplified reporting method allows you to omit the amounts on lines 1 through 35 on the return. If the simplified method is used, check the "under \$4,000,000 declaration" box and complete all fields after line 35, including the "certification of the return" box.

#### Taxable year

The taxable year is 12-months period beginning on July 1<sup>st</sup> and ending on June 30<sup>th</sup> of the following year. If the business entity ceases to exist before the end of the taxable year, input the date the entity ceased to exist in the second box of line "For the taxable year... through". The box "Final return" should also be checked.

#### When to file

The Commerce Tax return can be filed between the end of the taxable year July 1<sup>st</sup> and the due date of the Commerce tax return, - August 14<sup>th</sup>. If the due date falls on a weekend, the Commerce Tax is due the next business day.

#### Accounting method

The accounting method for the purposes of determining the amount of the Commerce Tax must be the same as the method used for federal income tax purposes.

#### Recordkeeping

Each person responsible for maintaining the records of a business entity shall:

- Keep such records as may be necessary to determine the amount of the liability of the business entity for Commerce Tax.
- Preserve those records for 4 years from the date the Commerce Tax return is filed or Commerce Tax liability is paid or until any litigation or prosecution pursuant to Commerce Tax law is finally determined, whichever is longer; and
- Make the records available for inspection by the Department upon demand at reasonable times during regular business hours.

#### Amended return

If the original return filed is based on estimates, or if, after filing the return, you discover an error with the reported NAICS code category, or revenue, or deduction(s), you should file an amended return. If you amend the return, check the box "Amended return".

### **Extension to file**

If you have good cause, you may request a 30-day extension to file and pay Commerce Tax. If the commerce tax is paid during the period of extension, no penalty or late charge will be imposed for failure to pay the Commerce Tax at the time required, but the interest will accrue at the rate of 0.75 percent per month from the date on which the amount of tax would have been due without extension until the date of payment. Use the Application for 30-day Extension to File and Pay Commerce Tax form to request an extension.

### **Who must sign**

The return must be signed by the business entity's authorized representative under penalty of perjury; the "certification of the return" box shall be checked. Enter the name, title, and the contact phone number of the authorized representative.

### **NAICS code category**

The NAICS code category is selected on the first return the business entity files. Use the keyword search for the 2012 North American Industry Classification System website to determine your NAICS code: <https://www.census.gov/naics/>. If your business is engaged in multiple business activities, the NAICS code category is based on the category in which the highest percentage of Nevada gross revenue is generated. Use the first two or three digits of your NAICS code to locate your NAICS code category in the NAICS code categories/Tax rates chart on page 7 of the Instructions.

Once the NAICS code category is selected on the initial Commerce Tax return, it may be changed only upon obtaining permission from the Department. Use the NAICS Code Category Change form to request the NAICS code category change.

### **Use of estimates**

For the calculation of the uncompensated care amounts refer to Commerce Tax Regulations.

If you rely on the most recent federal income tax return or the previous year's Commerce Tax return for the calculation of revenue for Commerce Tax, check the box "Estimates used". However, you will have to file an amended return, once the true amounts become available.

### **Alternative situsing method**

If the situsing rules of Commerce Tax law or Commerce Tax Regulations do not fairly represent the extent of the business conducted in Nevada, the business entity may utilize an alternative method of situsing. The alternative method should be reasonable, consistent, uniformly applied and supported by the records.

Check the box "Alternative situsing method", if you used an alternative method to situs the revenue.

### **Revenue**

Include only sitused to Nevada revenue. For situsing guidance, see line-by-line instructions on page 3.

**Line-by-line instructions:**

LINE #	INSTRUCTIONS	EXAMPLES
Line 1	<p><b>Sale of inventory</b></p> <p>Include sitused to Nevada revenue from the sale of inventory. Inventory is property held for sale in the ordinary course of business. It may consist of tangible property, real property, securities, etc.</p> <p><u>Situsing:</u></p> <ul style="list-style-type: none"> <li>• Tangible personal property: if the property is delivered or shipped to a buyer in Nevada, the revenue from sale of such property is sitused to Nevada, regardless of the F.O.B. point or any other condition of sale.</li> <li>• Real property: if real property is located in Nevada, revenue from sale of such real property is sitused to Nevada.</li> <li>• All other inventory: the situsing is based on the physical location of the purchaser, or an alternative method can be used.</li> </ul>	<p><u>Example:</u> Barbary Coats, Inc. sells raincoats at their Las Vegas store and through the company's website. For the year they generated \$4,800,000 in sales. Out of state sales consisted of the following:</p> <ul style="list-style-type: none"> <li>• Oregon Sales \$2,200,000</li> <li>• Washington Sales \$2,500,000</li> </ul> <p>Total Sales \$ 4,800,000 - Oregon Sales \$2,200,000 - Washington Sales \$2,500,000 = Sitused to Nevada Gross Revenue \$ 100,000.</p>
Line 2	<p><b>Service performance</b></p> <p>Include sitused to Nevada revenue from the performance of services.</p> <p><u>Situsing:</u></p> <ul style="list-style-type: none"> <li>• Transportation: revenue is sitused to Nevada when both origin and destination of the trip are located in Nevada.</li> <li>• All other services: in general, the situsing is based on the location of purchaser's use or benefit from service. For specific situsing rules for different types of services refer to Commerce Tax regulations.</li> </ul>	<p><u>Example:</u> Beagle, Inc. is a mobile dog groomer located in Mesquite, NV. Several times a month the owner travels to St. George, UT to provide services at the customers' homes. The company has \$27,000 in total revenue, \$12,000 of which was earned on the trips to Utah. Total Service Revenue \$ 27,000 - Revenue from Utah customers \$12,000 = Sitused to Nevada Gross Revenue \$ 15,000.</p>
Line 3	<p><b>Rents, royalties and leases</b></p> <p>Include sitused to Nevada revenue from rents, subrents, royalties, leases and subleases.</p> <p><u>Situsing:</u></p> <ul style="list-style-type: none"> <li>• Real property: if real property is located in Nevada, revenue from rents and royalties is sitused to Nevada.</li> <li>• Tangible personal property: if rent or subrent, lease or sublease of tangible personal property is deemed to take place in Nevada, the revenue from such rent, or subrent, lease, or sublease is sitused to Nevada (see NRS 360B.365, 360B.370 or 360B.375).</li> </ul>	<p><u>Example:</u> Tahoe Rentals, Inc. is located in Carson City, NV. It rents paving equipment to one of their customers. The customer uses Tahoe's equipment to pave a stretch of road in Truckee, CA. Line 4	<p><b>Interest income from credit sales and loans</b></p> <p>Include sitused to Nevada interest income from credit sales and loans. "Credit sales" mean the sale of goods by a seller who accepts payment for the goods at a later time. <u>Situsing</u> is based on the location of purchaser's use or benefit from service, or an alternative method can be used.</p>	<p><u>Example:</u> Best rates, LLC is located in Long Beach, CA. It sells cars on credit to customers in California and Nevada. During the year the total interest revenue on the credit sales equaled to \$10,000,000, including \$5,000,000 from Nevada customers. Hence, \$5,000,000 is sitused to Nevada.</p>
Line 5	<p><b>Damages received from litigation for loss of business income</b></p> <p>Include sitused to Nevada damages received as a result of litigation for loss of business income. <u>Situsing</u> is based on the type of business activity from which the revenue would be otherwise generated. See situsing rules for lines 1-4.</p>	<p><u>Example:</u> Burgers, Inc., a Nevada restaurant, sues Bernie's Grills, Inc. for selling defective equipment. Burgers, Inc. wins the case and is awarded \$1,000,000 for the cost of the defective equipment and \$2,000,000 for the loss of business income. Line 6	<p><b>Insurance proceeds received for loss of business revenue</b></p> <p>Include insurance proceeds received for the loss of business revenue. <u>Situsing:</u> If the business entity is located in Nevada, the insurance proceeds for loss of its business revenue are sitused to Nevada.</p>	<p><u>Example:</u> Tony, a sole proprietor and a Nevada resident, is unable to run his business due to a short term disability. Line 7	<p><b>Forgiven debt</b></p> <p>Include debt transferred or forgiven as consideration. Do not include discharge of indebtedness as a result of a bankruptcy proceeding. <u>Situsing:</u> If the business entity is located in Nevada, forgiven debt is sitused to Nevada.</p>	<p><u>Example:</u> Swift&amp;Smart, Inc. decides not to pay its business credit card debt of \$50,000. Because this corporation does not have any valuable assets and due to the cost of litigation, the bank does not pursue to bankrupt it, but rejects Swift&amp;Smart, Inc. as a client and sends the form 1099-C. The amount of cancelled debt is includable in gross revenue.</p>

Once the client's annual filing with NV Secretary of State becomes due, EZ-license Inc. bills the client for the documents preparation fee and the annual filing fees to be paid to the NV Secretary of State. Then it prepares the documents, files them and remits the filing fees to the NV Secretary of State on behalf of the client. EZ-license Inc. can deduct the fees remitted on behalf of the client to the NV Secretary of State as fiduciary duty distributions to the extent they are included in the reported gross revenue.

### Interest and penalties worksheet

Penalty charge: If the Commerce Tax return is not submitted/postmarked and taxes are not paid on or before the due date, the amount of penalty due is based on the number of days the payment is late per NAC 360.395 (see table below). The maximum penalty amount is 10%.

Number of days late	Penalty Percentage	Multiply by
1-10	2%	0.02
11-15	4%	0.04
16-20	6%	0.06
21-30	8%	0.08
31+	10%	0.10

Example: the Commerce Tax was due August 14, 2017, but not paid until August 29, 2017. The number of days late is 15 so the penalty is 4%.

**Penalty calculation:**

Using a calendar, determine the number of days the payment is late: \_\_\_\_\_

Determine the appropriate penalty rate from the table above: \_\_\_\_\_

Commerce Tax due (Line 29): \_\_\_\_\_ multiplied by rate = \_\_\_\_\_ Enter the result on line 30.

**Interest calculation:**

Commerce Tax due (Line 29): \_\_\_\_\_ multiplied by 0.75% \_\_\_\_\_ multiplied by number of months late = \_\_\_\_\_ Enter the result on line 31.
