Other Tobacco Products (OTP) Excise Tax Return Form #1 Instructions

Line A: Enter the total wholesale price of products sold or distributed during the reporting month. The total wholesale price is the established price paid for the products by the reporting wholesale dealer before any discount or other reduction is made. In the case of wholesale dealers who manufactured the products being sold or distributed, the wholesale price is the established sales price before any discount or other reduction to the wholesale dealer's customer. The wholesale price of other tobacco products distributed, given away, received at no charge, or consumed for personal use must be included on line A. A completed copy of OTP form #2 must be attached. Instructions for OTP form #2 can be found on page #9.

Line 1: Enter the total wholesale price of products sold or distributed during the reporting month for which tax was not previously paid by another Nevada licensed wholesale dealer. The wholesale price of other tobacco products distributed, given away, received at no charge, or consumed for personal use must be included on line 1.

Line 2: Enter the total wholesale price of products sold to out-of-state customers during the reporting month for which tax was not previously paid by another Nevada licensed wholesale dealer. A completed copy of OTP form #3 must be attached. Instructions for OTP form #3 can be found on page #9.

Line 3: Enter the total wholesale price of products sold and delivered to Tribal retail dealer and/or U.S. Military during the reporting month for which tax was not previously paid by another Nevada licensed wholesale dealer. A completed copy of OTP form #3 must be attached. Instructions for OTP form #3 can be found on page #9.

Line 4: Enter the total wholesale price of products sold to a licensed Nevada wholesale dealer who subsequently sold the products outside the state of Nevada, to a Tribal retail dealer, or U.S. Military. The Department shall allow a credit of 30 percent (.30) of the wholesale price, less the discount of .25 percent (.0025) for the services rendered in collecting the tax for OTP, upon which the tax has been paid and the products have been sold out-of-state, to Tribal retail dealers, and/or U.S. Military. Each field on OTP form #4 must be completed in order to receive credit. Products must have been reported on this or previous returns in line 1 of OTP form #1. Copies of invoices for both the sale to the wholesale dealer and their sale to the qualifying entity as well as a credit memo issued to the wholesale dealer must be included. Instructions for OTP form #4 can be found on page #9.

Line 5: Enter the total wholesale price of merchandise returned to the manufacturer upon which the tax has already been paid. The Department shall allow a credit of 30 percent (.30) of the wholesale price, less the discount of .25 percent (.0025) for the services rendered in collecting the tax for OTP, upon which the tax has been paid and the products may no longer be sold. A copy of the credit memo for products returned by your customer, along with a copy of the credit memo indicating those products were returned to the manufacturer must be included. If any of the above listed information is not provided you may not receive credit. A completed copy of OTP form #5 must be attached. Instructions for OTP form #5 can be found on page #10.

Line 6: Enter the total sales subject to tax: Line 1 minus line 2, minus line 3, minus line 5 = the total sales subject to tax entered on line 6.

Line 7: Enter tax: Multiply total sales subject to tax (line 6) by tax rate (30% or .30) and enter on line 7.

Line 8: If taxes are paid within 20 days after the end of the reporting month, you may take the collection allowance of 0.25 percent (.0025). To calculate the collection allowance: multiply line 7 by 0.25% (.0025). **No collection allowance will be given for late payment of taxes.**

Line 9: Enter tax due: Subtract line 8 from line 7.

Line 10: Enter amount due to you for overpayment made in prior reporting periods for which you have received a Department of Taxation credit notice. **NOTE: Only credits established by the Department may be used.** You must provide a copy of this credit notice along with your return.

Line 11: Enter tax due: Subtract line 9 from line 10.

Line 12: If this return will not be submitted/postmarked and the taxes paid on or before the due date as shown on the first page of this return, the amount of penalty due is based on the number of days the payment is late per NAC 360.395. The maximum penalty amount is 10%.

Number of days late	Penalty Percentage	Multiply by:
1 - 10	2%	0.02
11 - 15	4%	0.04
16 - 20	6%	0.06
21 - 30	8%	0.08
31 +	10%	0.10

Determine the number of days the payment is late by and multiply the net tax owed (Line 11) by the appropriate rate based on the table above. The result is the amount of penalty that should be entered. For example, the taxes were due January 20, but not paid until February 5. The number of days late is 15 so the penalty is 4%.

Line 13: If this return will not be submitted/postmarked and the taxes paid on or before the due date as shown on the first page of this return, enter .75% (.0075) multiplied by line 11 for each month or fraction of a month late. For example, if you remit payment for a reporting period one day after the due date, you are required to pay one month worth of interest on the total tax due.

Line 14: Enter any amount due for prior reporting periods for which you have received a Department of Taxation debit notice. Please attach a copy of the debit memorandum issued by the Department of Taxation.

Line 15: Enter the Total due: Add lines 11, 12, 13 and 14. Enter total on line 15.

Line 16: Enter the amount of payment remitted with the return
