- Line 14. If this return is not submitted/postmarked and taxes are not paid on or before the due date as shown on the face of this return, the amount of penalty due is based on the number of days the payment is late per NAC360.395 (see table below). The maximum penalty amount is 10%. Determine the number of days late the payment is, and multiply the net tax owed (Line 11) by the appropriate rate based on the table below. The result is the amount of penalty that should be entered. For example, the taxes were due January 31, but not paid until February 15. The number of days late is 15 so the penalty is 4%. The penalty and interest amounts are automatically calculated if you complete this form online.

Number of days late	Penalty Percentage	Multiply by:
1-10	2%	0.02
11 – 15	4%	0.04
16 – 20	6%	0.06
21 - 30	8%	0.08
31 +	10%	0.10
