**AN OPEN LETTER TO ALL RETAILERS, WHOLESALERS, AND SUPPLIERS OF
INTOXICATING LIQUORS IN NEVADA**

With the recent amendments to Nevada liquor law, this letter is a reminder about the previous laws and also provides information on the new laws concerning the activities of all parties engaged in the sale of intoxicating liquors in Nevada. Assembly Bill 431 was approved by the Governor on June 5, 2017, and became effective July 1, 2017.

The Nevada Attorney General directs this letter to all relevant parties, including Nevada retail liquor stores, or “retailers,” wholesalers, and liquor suppliers, who are subject to certain provisions of NRS Chapters 369,¹ 597, and 598. It is important that all Nevada wholesalers, retailers, and liquor suppliers know and respect their legal obligations. Nevada law requires the following:

1. **No Loans from Wholesaler to Retailer.** A wholesaler shall not “loan any money or other thing of value to a retail liquor store.”² This prohibition mirrors Federal “tied-house” laws and is intended to prevent pay-to-play inducements.
2. **No Investments by Wholesaler in Retailer.** A wholesaler shall not “invest money, directly or indirectly, in a retail liquor store.”³ Again, this prohibition mirrors Federal “tied-house” laws and is intended to prevent pay-to-play inducements.
3. **No Complimentary Furnishings from Wholesaler to Retailer.** A wholesaler shall not “furnish or provide any premises, building, bar or equipment to a retail liquor store.”⁴
4. **No Joint Operation of a Retailer’s Business.** A wholesaler shall not “participate, directly or indirectly, including through a subsidiary or agent in the operation of the business of a retail liquor store.”⁵
5. **Adherence to Strict Payment Terms.** A wholesaler may not give one retailer preferable payment terms over another retailer. All sales by a wholesaler to a retailer must be paid by the retailer “on or before delivery or on terms requiring payment by the retail liquor store before or on the 10th day of the month following delivery of such liquor to it by the wholesale dealer.”⁶ Further, if a

- retailer becomes delinquent in payment to the wholesaler, the wholesaler shall cease further sales to that retailer during any delinquency.⁷ Finally, during any delinquency, the wholesaler is required to charge a delinquent retailer a monthly service charge of 1.5 percent of the unpaid balance.⁸
6. **No Substitution of Brands.** If a customer specifically requests one brand of alcoholic beverage, a retailer or its employees may not substitute a different brand without the customer's consent.⁹
 7. **No Exclusion or Boycott of Other Suppliers' Products.** A supplier shall not "prohibit a wholesaler from selling an alcoholic beverage of any other supplier."¹⁰ Additionally, a supplier shall not "prevent a wholesaler from using best efforts to sell, market, advertise or promote an alcoholic beverage of any other supplier."¹¹
 8. **No Conditional Requirements.** A supplier shall not "provide any reward or penalty to, or in any other way condition its relationship with, a wholesaler based upon the amount of sales the wholesaler makes of an alcoholic beverage of any other supplier."¹²
 9. **No Disapproving of a Wholesaler's Succession Plan.** A supplier shall not "disapprove a wholesaler's selection of a general manager or successor general manager based on the wholesaler's sales, marketing, advertising, promotion or retail placement of an alcoholic beverage of any other supplier."¹³
 10. **No Required Financial Information Sharing.** A supplier shall not "require a wholesaler to report to the supplier any of the wholesaler's financial information associated with the purchase, sale or distribution of an alcoholic beverage of any other supplier."¹⁴
 11. **No Resale Price Maintenance.** A supplier "shall not fix or maintain the price at which a wholesaler may resell an alcoholic beverage purchased from the supplier."¹⁵
 12. **Profit Splitting.** A supplier shall not "require a wholesaler to pay to the supplier all or any portion of the difference in the suggested retail price of an alcoholic beverage and the actual price at which the wholesaler sells the alcoholic beverage."¹⁶
 13. **No Delivery of Unwanted or Unnecessary Inventory.** A supplier shall not "require a wholesaler to accept delivery of any alcoholic beverage or any other item that is not voluntarily ordered by the wholesaler or otherwise not required

under the franchise between the supplier and wholesaler or is in violation of any levels of inventory that are mutually agreed upon in writing by the supplier and wholesaler.”¹⁷

14. No Retaliation for Reporting Violations. A supplier shall not “discriminate against, penalize or otherwise retaliate against a wholesaler because the wholesaler raises, alleges or otherwise brings to the attention of the Department of Taxation an actual, potential or perceived violation.”¹⁸

15. No Excessive or Unauthorized Advertisements or Promotions at Wholesaler’s Expense. A supplier may not (i) require contributions by the wholesaler that are not used for advertising or a promotional activity in the marketing area of the wholesaler, or (ii) require contributions by the wholesaler that exceeds any amount specified for that purpose in the franchise.”¹⁹

17. No Price or Other Discrimination Among Wholesalers. A supplier shall not “discriminate between such wholesalers with respect to any of the terms, provisions and conditions of these franchises.”²¹

18. No Tied Sales. It is unlawful for suppliers and/or wholesalers to provide money or anything of value to a retailer in exchange for exclusivity.”²²

19. Deceptive Trade Practices. A person engages in a deceptive trade practice when in the course of his or her business or occupation he or she knowingly violates a state or federal statute²³ or regulation relating to the sale or lease of goods or services or uses coercion, duress or intimidation in a transaction.

Suppliers, wholesalers and retailers need to be aware of these restrictions because some may attempt to gain a competitive edge by offering incentives or terms that are illegal. Agreeing to such terms would be a disservice to all that honor the law. It has previously been alleged that some retailers may be imposing various conditions on the wholesaler in order obtain the retailer’s business, but the wholesaler may not be able to honor these conditions if they are illegal. Additionally, some previous activities imposed by suppliers upon their wholesalers may now be illegal.

and operated business enterprises and those residents whose livelihoods and investments are dependent on their freedom to manage their businesses without economic and coercive control by others in the industry.

To the degree that some suppliers, wholesalers, and retailers may not previously have been fully aware of the previous requirements or the new amendments, we hope this letter has been informative. All suppliers, wholesalers and retailers should also be aware that failure to comply with these requirements may, among other things, constitute a deceptive trade practice and/or unfair trade practice under Nevada law.
