DEPARTMENT ORGANIZATION AND FUNCTION

The Department of Taxation has five major divisions/sections: the Executive Division; the Administrative Services/Fiscal Division; Information Technology Division; the Compliance Division which consists of both the Revenue/Collection and Audit Sections; and the Division of Assessment Standards. The Department acts as staff to the Nevada Tax Commission, State Board of Equalization and Committee on Local Government Finance. In addition, the Department is also responsible for annually developing the official estimates of population of the State and the various counties, cities, towns and townships. These estimates, after certification by the Governor, are used for the purpose of distributing certain revenues to counties, cities and towns and to determine the appropriate number of justices of the peace.

Executive is comprised of the Director, who also acts as the secretary to the Nevada Tax Commission and the State Board of Equalization; Deputy Directors; Administrative Law Judges; Executive Review section; Personnel and Internal Audit. Staff administers taxpayer petitions, taxpayer hearings, personnel services and internal audit functions.

Administrative Services/Fiscal is responsible for providing centralized support for all administrative, financial and fiscal activities of the Department. Sections include: Budget, Tax Distributions and Statistics, Revenue Accounting/ Processing/ Cancellations, and Support Services/Mailroom. Over \$4 billion in revenue passes through this Division annually for distribution to the State General Fund, other State agencies, cities, counties and school districts

Information Technology is responsible for the operation, maintenance and on-going enhancements to the Unified Taxation System (UTS) which includes the taxpayer facing web portal, Nevada Tax and the Discover Tax data warehouse utilized by audit and compliance. In addition to the UTS, support is also provided for the official website for Taxation, the Department's Intranet, statewide LAN/WAN and desktop applications.

Compliance – Revenue/Collection section collects taxes from delinquent accounts; provides oversight and collection of Sales and Use Taxes, the Modified Business Tax, the Business License Fee, Insurance Premium Tax, Cigarette Tax, Other Tobacco Tax, Liquor Tax, Lodging Tax, Live Entertainment Tax, Bank Excise Tax, Estate Tax, Short-term Auto Lease Fee, etc. Other programs administered include collecting taxes on vehicles, vessels and aircraft based and licensed in Nevada; and performing discovery work in the field for unregistered businesses, and liquor and cigarette contraband. In addition, staff in this section actively collect accounts receivable; answer questions on taxability; conduct hearings; monitor accounts for compliance with statutes and reporting requirements; and provide general taxpayer education.

Compliance staff also conducts investigations to ensure businesses are registered, anonymous tips regarding tax evasion are followed-up, individuals are located through skip tracing, etc. As the need arises, this section may issue tax deficiency notices, approve payment plans, file liens and withholds; and may close a business as a measure of last resort which includes seizure of assets and subsequent sales of these assets to meet tax obligations. This section also holds Taxpayer educational workshops for the public and oversees the Voluntary Disclosure program.

Audit administers a comprehensive audit program to ensure taxpayer compliance. This section is responsible for ensuring financial compliance with laws relating to all of the above named taxes. This section verifies the accuracy of taxpayer credit or refund requests and also administers discovery programs based on a comparison of information from other taxing authorities. Audit staff also assist with taxpayer information and education including proper reporting and record keeping requirements, and conduct taxpayer workshops.

Department Organization and Function (continued)

Division of Assessment Standards is responsible for appraising all centrally assessed property, establishing guidelines for the county assessors, conducting the ratio study, ensuring statewide compliance with assessment standards established by the Tax Commission and administering the Net Proceeds of Minerals tax and the Real Property Transfer tax. The Local Government Finance Section reviews local government budgets and audits, prepares the ad valorem tax rates for certification, advises local governments on budget act compliance and financial management matters, and reviews entities' annual audits and plans to prevent the re-occurrence of violations as reported.

The Department maintains five office locations. The headquarters is located in Carson City, with district offices in Henderson, Las Vegas and Reno, and a taxpayer assistance office in Elko. For fiscal year 2008-09, the Department's staff consisted of 340.86 positions statewide, with a budget of \$33,298,580.

The audit staff conducted 1,397 sales and use tax audits during Fiscal Year 2008-09. The total net collections from audit billings during this period was \$16,180,051. Audits billed may be collected in succeeding fiscal years, set up on payment plans, or may ultimately be reduced through negotiated settlement agreements approved by the Nevada Tax Commission. Net audit collections decreased in FY06 compared to previous years due primarily to legislative changes to the audit selection criteria. It called for random selection instead of risk based selection.

The following is a comparison of statistics describing Revenue and Audit sales and use tax activity for the last six fiscal years.

HISTORY

ORIGINALLY ENACTED

1969 session of State Legislature as the City/County Relief Tax, effective July 1, 1969. Levy effected by county ordinance.

Collected in Clark and Washoe Counties as of July 1, 1969; Lyon County, January 1, 1971; Douglas, Elko, Humboldt, Lincoln, Mineral Counties, May 1, 1971; Nye County, June 1, 1972; Pershing County, July 1, 1972; Churchill County, July 1, 1973; Carson City, April 1, 1976; Storey County, July 1, 1976; Lander County, July 1, 1979; White Pine County, July 1, 1980; Esmeralda and Eureka Counties, May 1, 1981.

1969 levied for city/county support. 99 percent of in-state collections returned to county of origin; 1 percent to State General Fund; 100 percent out-of-state collections prorated amongst counties levying the tax; combined collections distributed as follows: if no cities within county, 100 percent to county; if one city within county, to county and city, on basis of population ratio; if two or more cities within county, to cities only on basis of population ratio.

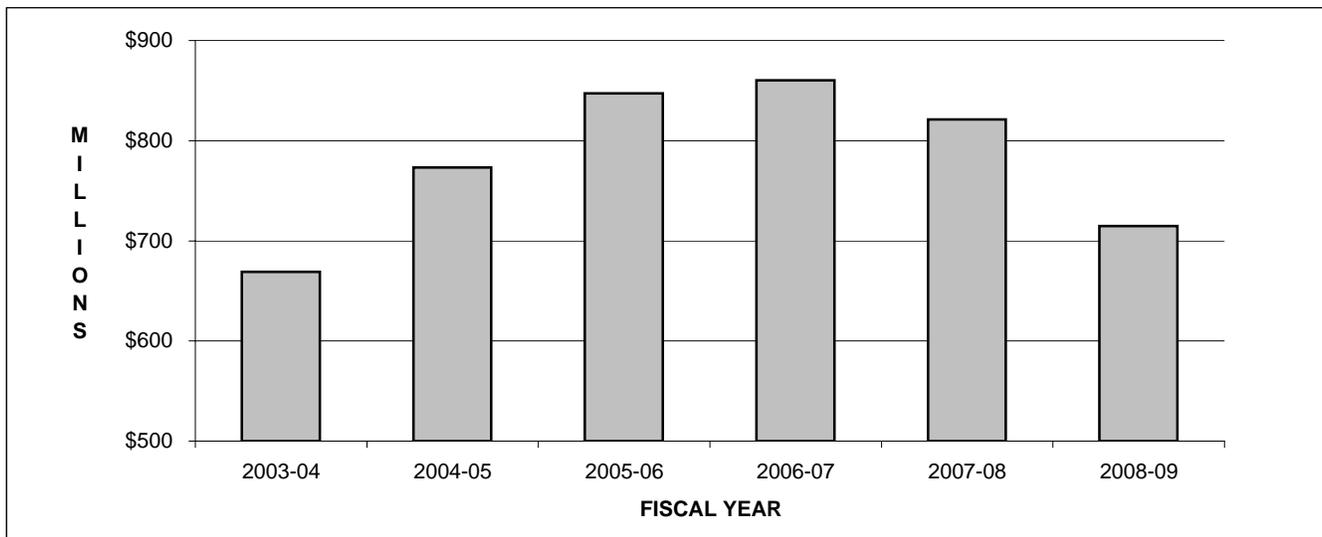

Basic City/County Relief Tax Revenue (continued)

AMENDMENTS	1981	1981 session of State Legislature; name changed to Basic City/County Relief Tax effective May 1, 1981 and levy required by State Statute. May 1, 1981 General Fund Commission reduced to .50 percent.
	1991	Effective October 1, 1991, .50 percent General Fund Commission was imposed on out-of-state collections.
	1993	Effective July 1, 1993 General Fund Commission increased to 1 percent on in-state and out-of-state collections.
	1997	The 1997 Legislature created the Consolidated Tax Program. Beginning FY 98-99, the Department implemented the program that combines BCCRT, SCCRT, Cigarette Tax, Liquor Tax, Real Property Transfer Tax and Motor Vehicle Privilege Tax into one monthly distribution. Total allocation by county is transferred to the Consolidated Tax Account for distribution to individual local governments within the county.
	1999	Effective July 1, 1999 General Fund Commission decreased to .75 percent on in-state and out-of-state collections.

1981 session of State Legislature; effective May 1, 1981.

AMENDMENTS

1983

Fire districts organized pursuant to Chapter 473 of Nevada Revised Statutes to be included in the distribution. Shifted authority to grant reserve fund distributions from the Interim Legislative Committee on Local Government Finance to the Nevada Tax Commission.

Supplemental City/County Relief Tax Revenue (continued)

AMENDMENTS (continued)	1985	Changed distribution of excess supplemental city/county relief tax receipts. When all entities within a county have received the maximum supplemental city/county relief tax allowable, excess is then deposited in the Reserve Fund. Shifted authority to grant Reserve Fund distributions from the Nevada Tax Commission to the Interim Finance Committee. Established the following maximum Reserve Fund amounts: 1.) \$10,000,000 for distribution to local governments in the event actual receipts in any one year are less than the estimated receipts for that year. 2.) \$2,500,000 for emergency distributions to local governments if unforeseen or uncontrollable conditions, existing or imminent, substantially impair the financial capacity of a local government to provide the basic services for which it was created. 3.) Any amount in excess of \$12,500,000 in the fund, at the beginning of the year, must be distributed to local governments in the following fiscal year.
	1987	Eliminated redevelopment districts from the distribution of supplemental city/county relief tax.
	1989	Removed the limitations on the amount of supplemental city/county relief tax a local government may receive in any one fiscal year. Eliminated the Reserve Fund and created the Emergency Fund of the supplemental city/county relief tax. The amount of the fund was set at \$2,500,000. Created the Redistribution Fund for the supplemental city/county relief tax and provided specific dollar allocations to the Town of Laughlin, Clark County, Churchill County and Elko County.
	1991	Changed distribution of supplemental city/county relief tax at the county level. First a group of selected counties receive a guaranteed distribution from the total collections. The remaining funds are allocated to a second group of counties based on the percentage of county collections to the total collections for the group. Adjustments to ease the impact of the legislation to certain counties are made to the distribution formula. Counties in the guaranteed group will be moved into the point-of-origin group if their collections outpace their distribution by 10 percent in a fiscal year. Intracounty distributions were not amended by the Legislature. The Local Government Tax Act of 1991 authorized certain counties that were negatively impacted by the rebasing of the distribution formula to impose certain taxes to make up the revenue loss.
	1993	<p>The Local Government Tax Act of 1993 authorized certain counties that were negatively impacted by additional rebasing of the distribution formula to impose certain taxes to make up the revenue loss. These additional taxes, if imposed, are to be levied from October 1, 1993 through September 30, 1994.</p> <p>Effective July 1, 1993 General Fund Commission increased to 1 percent on in-state and out-of-state collections.</p>
	1997	The 1997 Legislature created the Consolidated Tax Program. Beginning FY 98-99, the Department implemented the program that combines BCCRT, SCCRT, Cigarette Tax, Liquor Tax, Real Property Transfer Tax and Motor Vehicle Privilege Tax into one monthly distribution. Total allocation by county is transferred to the Consolidated Tax Account for distribution to individual local governments within the county.
	1999	Effective July 1, 1999 General Fund Commission decreased to .75 percent on in-state and out-of-state collections.

NRS 377B.100 provides that a county, under certain population requirements, may impose up to .25 percent tax for infrastructure; NRS 543.600 provides that a county whose population is 400,000 or more may impose a .25 percent tax for the purpose of flood control. 99.25 percent of collection returned to county of origin; .75 percent to State General Fund. Special Acts of the Legislature have provided for certain counties to impose additional option taxes for specific local purposes.

HISTORY

ORIGINALLY ENACTED

1981 session of State Legislature. Washoe County enacted ordinance effective November 1, 1982; Storey County effective August 1, 1985; Nye County effective May 1, 1986; Churchill and White Pine Counties effective November 1, 1986; Carson City effective January 1, 1988; and Clark County effective March 1, 1988.

Local Option Sales and Use Tax (continued)

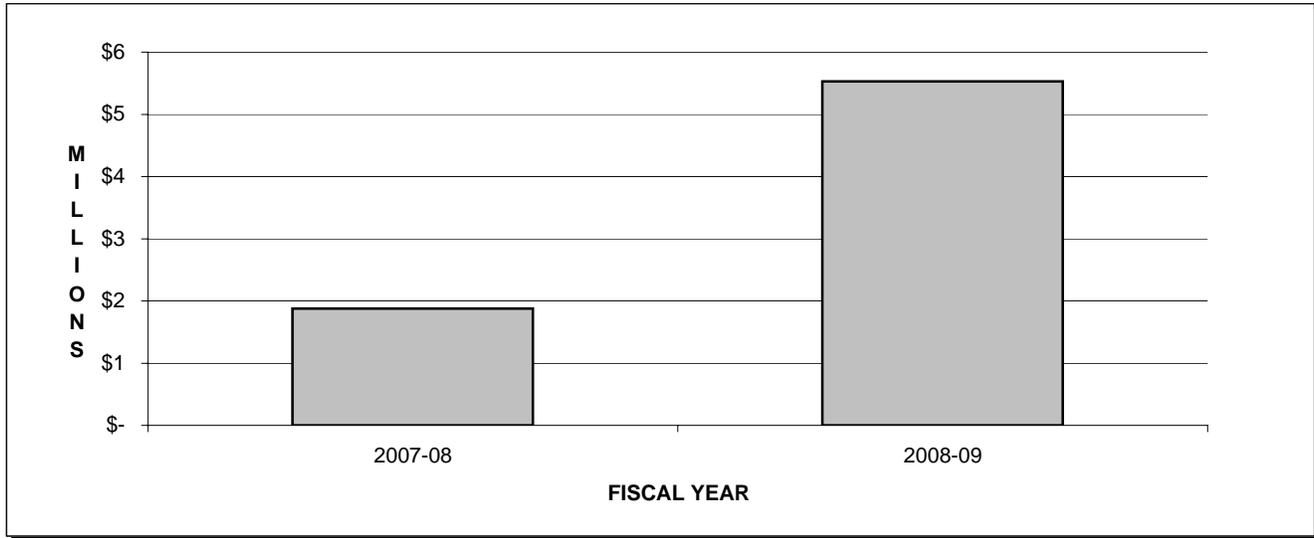

AMENDMENTS	1985	Amended NRS 377A.020 by adding that the tax may be used for the construction of public roads, and NRS 543.600 stipulates for the purpose of flood control.
	1989	Amended NRS 543.600 by increasing the population limitation from 250,000 to 400,000 or more in a county that may consider imposing a tax for flood control.
	1991	Implemented the Local Government Tax Act of 1991, AB 104 authorizing certain counties that were negatively impacted by the change to the Supplemental County/City Relief Tax distribution formula to impose by county ordinance an additional $\frac{1}{4}$ of 1 percent sales and use tax.
	1993	Implemented the Local Government Tax Act of 1993, SB 506 authorizing certain additional counties that were negatively impacted by additional changes to the Supplemental City/County Relief Tax distribution formula to impose by county ordinance $\frac{1}{4}$ of 1 percent sales and use tax from October 1, 1993 through September 30, 1994. Effective July 1, 1993 General Fund Commission increased to 1 percent on in-state and out-of-state collections.
	1995	Allowed the Tri-County Railway Commission to impose $\frac{1}{4}$ of 1 percent sales and use tax in a county upon approval of the voters.
	1997	Ratified Carson City voter approval imposition of $\frac{1}{4}$ of 1 percent sales and use tax for open space. Added chapter 377B, tax for infrastructure to Nevada Revised Statutes.
	1999	Added Chapter 374A, $\frac{1}{8}$ of 1 percent tax for extraordinary maintenance, repair or improvement of school facilities. Effective July 1, 1999 General Fund Commission decreased to .75 percent on in-state and out-of-state collections.
	2003	Added NRS 377A.062 that the tax for miscellaneous purposes may be used to support the operation and maintenance of a county swimming pool.
	2005	Passed the Clark County Sales and Use Tax Act of 2005. The revenues are to be used to employ and equip additional police officers. Amended Chapter 377B to allow the tax for infrastructure to be used for the construction or renovation of facilities having cultural or historical value. Also allows the tax to be used for the maintenance and operation of wastewater treatment facilities.
	2007	Amended Chapter 377B to allow the tax for infrastructure to be used for judicial and/or public safety infrastructure projects.

CURRENT DISTRIBUTION OF REVENUE

Per NRS 360.600 through NRS 360.740; Revenues from the Supplemental City-County Relief Tax (SCCRT), Basic City-County Relief Tax (BCCRT), Cigarette Tax, Liquor Tax, Motor Vehicle Privilege Tax (MVPT) and Real Property Transfer Tax (RPTT) are pooled at the county level for distribution to the local governments under a single formula.

For counties, cities, towns and special districts, the lesser of prior year total distribution or prior year base is increased by the change in CPI over the prior calendar year to create the ensuing year base allocation. To the extent that there is revenue (from the six sources) in excess of what is necessary to allocate the base amount to the various local governments, the excess revenue will be distributed using a formula that incorporates population and growth statistics. "Enterprise" districts (user-fee based entities) initial base distribution is the amount that will be distributed for all subsequent fiscal years.

HISTORY

ORIGINALLY ENACTED

1997 session of State Legislature created the Local Government Tax Distribution Fund.

A base amount of revenue was initially established under the 1997 legislation. For counties, cities, towns and special districts, the total distribution is increased by the change in CPI over the prior calendar year to create the ensuing year base allocation.

Consolidated Tax (continued)

AMENDMENTS

- 2001 For counties, cities, towns and special districts, the lesser of prior year total distribution or prior year base is increased by the change in CPI over the prior calendar year to create the ensuing year base allocation.
- "One Plus" component of excess distribution to be phased out over the next 4 years.
- The City of Henderson received a one time base increase of \$4,000,000.
- 2005 SB 38 provides an additional method for calculating the excess amount of the base monthly amount to be allocated to local governments in which: (1) the average amount of the assessed valuation of taxable property attributable to the net proceeds of minerals over the preceding 5 fiscal years is at least \$50 million; (2) the average percentage of change in the population over the preceding 5 fiscal years is a negative figure; or (3) both. The bill applied retroactively to January 1, 2005, but did not affect money previously distributed to local governments.

IMPOSITION AND RATE

A tax imposed for the privilege of transacting business in this State. Each insurer shall pay a tax upon his net direct premiums and net direct considerations written, at the rate of 3.5 percent. The premium tax is due on March 15 of each year on premiums written in the prior calendar year. Insurers required to pay a tax of at least \$2,000 the preceding calendar year must pay quarterly tax payments based on actual net direct premiums and net direct considerations written for the current reporting quarter. An insurer is entitled to a "Home Office Credit" of 50 percent of the aggregate amount of tax due and full credit for ad valorem taxes paid by the insurer during the preceding calendar year if the insurer maintains a home office or regional home office in Nevada. Other stipulations apply. These credits cannot exceed 80 percent of the tax otherwise due.

CURRENT DISTRIBUTION OF REVENUE

State General Fund.

HISTORY

ORIGINALLY ENACTED

1933 session of the State legislature.

1993 session of the State Legislature transferred the function of tax collection to the Department of Taxation from the Department of Insurance effective July 1, 1993 per AB 782.

Insurance Premium Tax (continued)

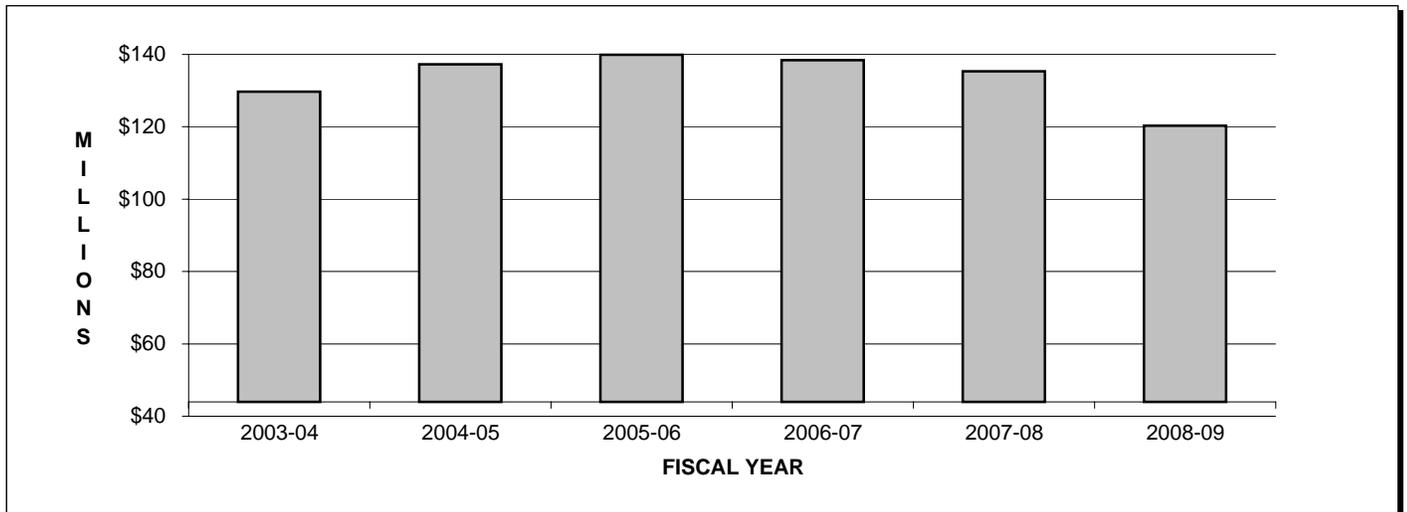

1995 Session of the State Legislature passed legislation requiring private insurers who are writing industrial insurance in this State to pay premium tax on those policies. The legislation also provided for a credit against premium taxes on industrial insurance policies in an amount equal to the assessment paid by the insurer to the Division of Industrial Relations, effective July 1, 1999.

1997 Session of the State Legislature changed the due date of the annual return from March 1st to March 15th and requires insurers to report premium taxes based on actual premiums written instead of estimated, effective January 1, 1998.

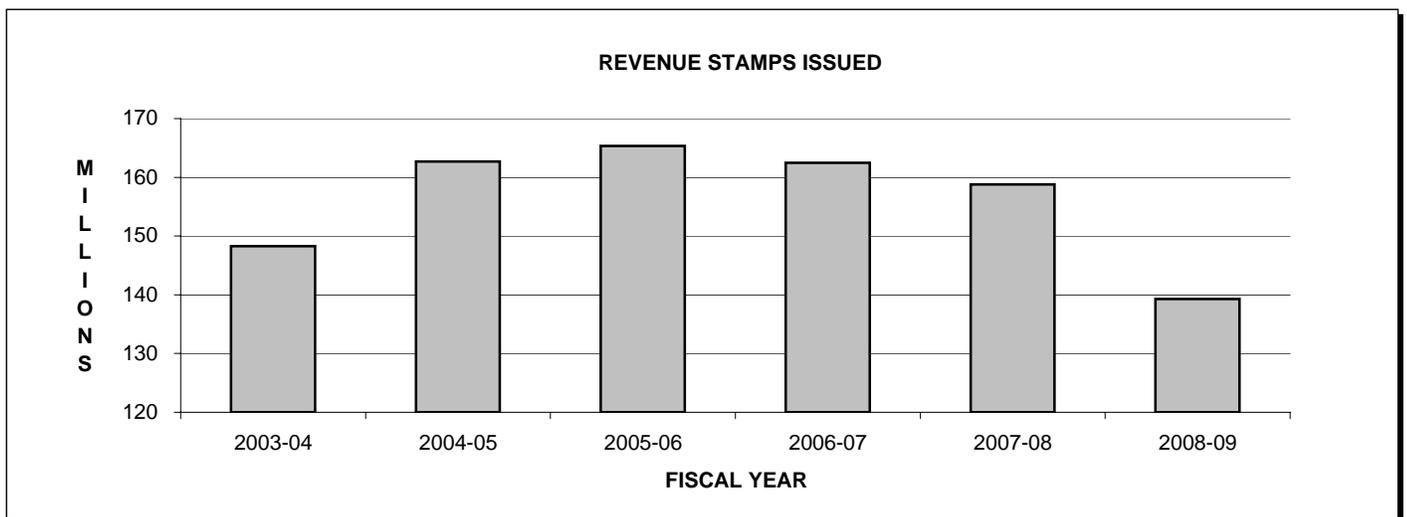

1999 Session of the State Legislature requires insurers to provide statements to insureds if the portion of premium is attributable to the general premium tax, fees or assessments, effective July 1, 2000.

2005 Session of the State Legislature lowered the tax rate for Risk Retention Groups from 3.5 percent to 2 percent, effective June 17, 2005.

AMENDMENTS (continued)

1980 June 10, 1980 - Supreme Court decision of Washington vs. Coleville Indian Reservation determined that State cigarette tax could not be applied to on-reservation transactions. Effective July 16, 1980 cigarettes sold to and by eligible Indian smoke shops required tribal cigarette stamps or metered impressions on packages sold. In 1980 the Department of Taxation furnished 13,091,470 tribal stamps. In more recent years the Department has furnished the following number of tribal stamps:

FY 2003-04	28,995,000	FY 2006-07	22,395,000
FY 2004-05	24,705,000	FY 2007-08	25,560,000
FY 2005-06	26,535,000	FY 2008-09	30,892,500

1983 The 1983 session of the State Legislature enacted an additional 5 cent per pack tax for distribution to the State General Fund. In addition, all products made from tobacco, other than cigarettes, are taxed at 30 percent of the manufacturers wholesale price for distribution to the State General Fund.

1985 The 1985 session of the State Legislature enacted a tax base change; to 7.5 mills per cigarette but not less than 15 cents per package.

1987 The 1987 session of the State Legislature enacted a tax rate change; to 10 mills per cigarette but not less than 20 cents per package.

1989 The 1989 session of the State Legislature enacted a tax rate change; to 17.5 mills per cigarette.

1991 Wholesalers' discount for stamping reduced from 4 percent to 3 percent.

1997 Monthly reports required from wholesale and retail dealers of other tobacco products.

Other tobacco products displayed or exhibited at trade show exempt from excise tax.

The 1997 Legislature created the Consolidated Tax Program. Beginning FY 1998-99, the Department implemented the program that combines BCCRT, SCCRT, Cigarette Tax, Liquor Tax, Real Property Transfer Tax and Motor Vehicle Privilege Tax into one monthly distribution. Total allocation by county is transferred to the Consolidated Tax Account for distribution to individual local governments within the county.

1999 The 1999 Legislature enacted Assembly Bill 667, which is Nevada's model legislation for the Tobacco Master Settlement Agreement. Effective May 24, 1999, all manufacturers of tobacco products sold in Nevada are required to participate in the Tobacco Settlement Agreement or to place money in escrow.

2001 Senate Bill 381, effective July 1, 2001, revised the definition of wholesale dealer and wholesale price for Other Tobacco Products. SB 381 changed the payment of tax to after the sale or distribution of Other Tobacco Products.

Senate Bill 527, effective July 1, 2001, provides for an exemption for duty-free sales enterprises and persons importing cigarettes for personal use. SB 527 also requires cigarette revenue stamps designed to identify the dealer who affixes the stamp.

Cigarette and Other Tobacco Products Tax Revenue (continued)

2003 Senate Bill 8, effective July 22, 2003, enacted a tax rate change on cigarettes to 40 mills per cigarette.

Assembly Bill 4, effective August 1, 2003, changed the cigarette wholesalers' discount rate for stamping from 3 percent to 0.5 percent. AB4 also changed the other tobacco products wholesalers' collection allowance from 2 percent to 0.5 percent if the taxes are paid timely.

2005 Assembly Bill 436, effective October 1, 2005, requires the Department to maintain a listing of tobacco products that may be sold in the state of Nevada on the Department's internet website by January 1, 2006; prohibits a person from affixing a stamp to a package of cigarettes of a manufacturer of tobacco products or brand family which is not included in the directory; and prohibits the sale, offer or possession for sale, cigarettes of a manufacturer of tobacco products or brand family not included in the directory.

Assembly Bill 464, effective June 10, 2005, adds new licensing requirements for manufacturers and retailers of tobacco products; adds licensing and reporting requirements for anyone selling tobacco products into Nevada; prohibits a person, other than a wholesale dealer, from receiving unstamped cigarette packages; and provides various felony charges for certain violations of the tobacco tax laws.

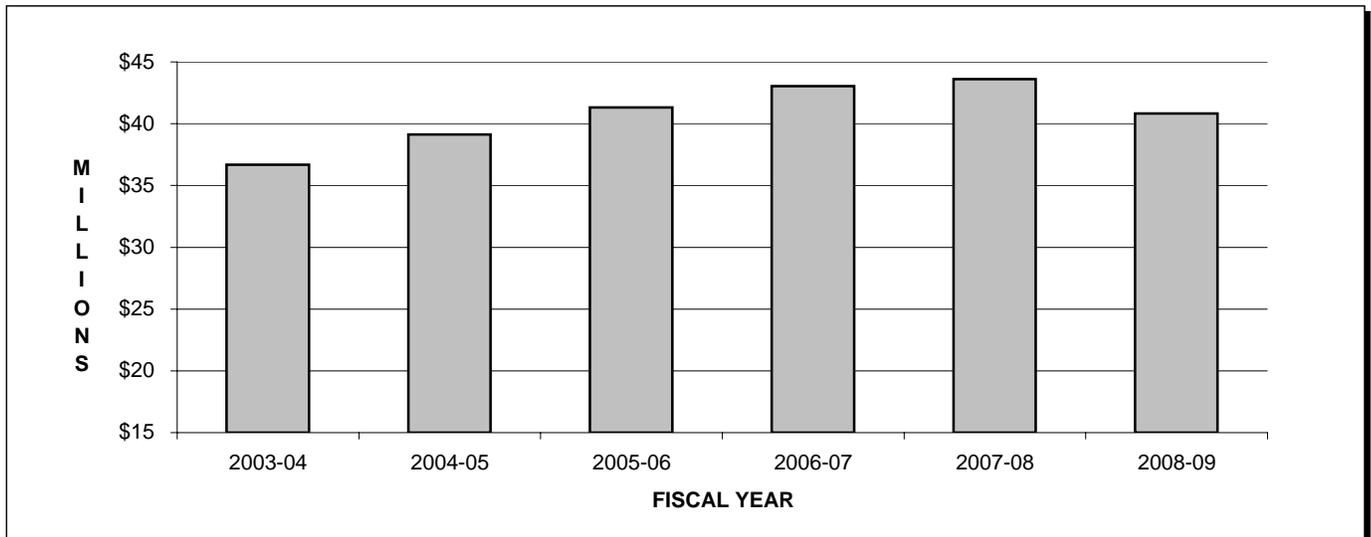

2008 Senate Bill 2 of the 25th Special Session temporarily changed the cigarette wholesalers' discount rate for stamping from 0.5 percent to 0.25 percent. Senate Bill 2 also temporarily changed the other tobacco products wholesalers' collection allowance from 0.5 percent to 0.25 percent for the period beginning on January 1, 2009 and ending on June 30, 2009.

HISTORY

ORIGINALLY ENACTED

1987 session of State Legislature, effective March 13, 1987.

IMPOSITION

A tax imposed on the transfer of the taxable estate of a decedent who has property located in Nevada at the time of death in the amount of the maximum credit allowable against the federal estate tax for the payment of State death taxes.

CURRENT DISTRIBUTION OF REVENUE

The money in the estate tax account may only be disbursed as authorized by the Legislature. The legislatively approved distribution of estate tax receipts is as follows:

1. Transfer of an amount to the Department to reimburse the cost to administer the tax.
2. Five percent of the tax receipts held for reserve, to refund any overpayments of the tax.
3. Fifty percent of the remaining proceeds of the tax to the University and Community College System Endowment Fund.
4. Fifty percent of the remaining proceeds of the tax to the Department of Education to the fund for class-size reduction.

Effective July 1, 2005 Clark County imposed a fee at the rate of 2 percent of lease charges with 0.10 percent of that amount going to the Department of Taxation for Collection allowance.

CURRENT DISTRIBUTION OF REVENUE

State General Fund, Washoe County and Clark County.

HISTORY

ORIGINALLY ENACTED

1993 Session of the State Legislature, effective July 9, 1993.

AMENDMENTS

1997 Session of the State Legislature passed Assembly Bill 388, effective July 1, 1997. AB 388 effectively transferred the responsibility for the collection of the short-term lease fees from the Department of Motor Vehicles and Public Safety to the Department of Taxation.

Government Services Fee (continued)

2001 Session of the State Legislature passed Assembly Bill 460, effective January 1, 2002. AB 460 changed Short Term Lessor Fee to Government Services Fee. The filing of returns was changed from annual to quarterly reporting. The credit previously allowed for vehicle licensing fees and tax was removed, and a Recovery Surcharge Fee of up to 3.5% of lease amount was added to allow lessors to recover the cost of fees and taxes.

2003 Session of the State Legislature passed Senate Bill 497 effective June 10, 2003, authorizing the county commissioners of a county whose population is 100,000 or more, but less than 400,000 (Washoe County only) to impose a fee of up to 2% of the lease of certain passenger cars by a short-term lessor. The bill also increased the recovery surcharge from 3.5% to an amount not to exceed 4% of the total amount for which the passenger car was leased.

Assembly Bill 16, effective July 1, 2003, authorizes the county commissioners of a county whose population is 400,000 or more (Clark County only) to impose a fee of up to 2% on the lease of certain passenger cars by a short-term lessor.

Assembly Bill 595 effective October 1, 2007, requires one-quarter of the Short-Term Lessor Recovery Surcharge to be allocated to the Highway Construction Fund.

Assembly Bill 2 of the 25th Special Session was effective from January 1, 2009 through June 30, 2009. It requires an additional one-quarter of the Short-Term Lessor Recovery Surcharge to be allocated to the General Fund.

DIVISION OF ASSESSMENT STANDARDS

The Division of Assessment Standards (DOAS) is responsible for administering and overseeing various property tax programs and providing oversight to the financial administration of local governments. DOAS is located in Carson City, NV and consists of five (5) sections as follows:

Centrally Assessed Properties

Under the authority of NRS 361.320, the Centrally Assessed Properties Section is responsible for the valuation, assessment, collection and distribution of ad valorem ("according to value") taxes related to property of an interstate or intercounty nature. Approximately 233 interstate or intercounty properties owned by airlines, railroads, telecommunications, electric power, gas pipeline, private carlines and water companies are valued by the Centrally Assessed Properties Section. The companies valued generate 277 assessments including secured, unsecured and property escaping taxation rolls.

In addition, the real and personal property associated with mines is valued by the Centrally Assessed Properties Section pursuant to NRS 362.100(1)(b). Approximately 42 secured mining property valuations and 124 unsecured mining property valuations are then transmitted to county assessors for property tax assessment and collection.

Centrally Assessed Properties is also responsible for the administration of the Net Proceeds of Minerals Tax under the authority granted in NRS 362.100. Every person extracting any mineral or receiving a royalty is required to file a statement showing the gross yield and claimed net proceeds from each geographically separate operation where a mineral is extracted. The Centrally Assessed Properties Section reviews the reported information and computes taxes due. There are approximately 68 net proceeds operators, 101 Operating Mines and 418 royalty recipients currently reporting to Taxation. The Centrally Assessed properties Section also collects and distributes the Net Proceeds of Mines Tax to the counties.

Local Government Finance

The Local Government Finance Section provides oversight of the financial administration of approximately 265 Nevada local governments. Statutory authority for this function is found in NRS 354 - Local Financial Administration. The local government finance staff reviews and approves the budgets of all local governments within the state and monitors budgetary and financial information throughout the fiscal year. In addition to these duties, the section provides ad valorem (property) tax revenue rate regulation, provides oversight of local government debt management and evaluates financing proposals submitted by local governments.

When the Nevada Tax Commission (NTC) declares a local entity in severe financial difficulty, the Local Government Finance Section also provides management oversight and in extreme cases provides financial administration. White Pine County was declared to be in a severe financial emergency, and the Department took over the management of the county as of June 27, 2005. The management of White Pine County was returned to the County Commissioners on July 27, 2009.

Locally Assessed Properties

The Locally Assessed Properties Section oversees and monitors the quality of assessments performed by county assessors. Staff appraisers conduct appraisal ratio studies to determine the ratio of the assessed value of property to the taxable value of the property in each county of the State every third year (NRS 361.333). In addition to reporting on the assessment level and uniformity within each county, the Locally Assessed Properties Section reviews assessment policies, procedures and methods used within each county to ensure proper methods and procedures are developed and maintained. The staff also verifies the land factors prepared and submitted by each county assessor to assure compliance with NRS 361.260 (5) and prepares special studies in accordance with the Nevada Tax Commission's instructions.

This section establishes, for assessment purposes, the valuation of: agricultural land (NRS 361a.140); mobile homes (NRS 361.325); and personal property (NRS 361.227). The Department provides guidance in the implementation of the property tax abatement program adopted by the Nevada State Legislature in 2005.

In addition, this section assists county assessors in valuing property upon request or upon the direction of the NTC (NRS 360.215 (8)). Additionally, if the NTC finds property in a county to be assessed outside the guidelines of the ratio studies, it may call upon the section to implement a reappraisal program (NRS 361.333 (5c)).

Real Property Transfer Tax (RPPT)

Under the authority of NRS 375, the Real Property Transfer Tax is administered by the Real Property Transfer Tax Section, providing oversight, compliance, and audit services to the offices of county recorders.

The section monitors appeals of the real property transfer tax in local jurisdictions and reviews district attorney opinions for congruity and compliance with NRS 375 and NAC 375. In addition, the section discovers, researches, and distributes information to the county recorders with regard to applying exemptions and requirements for supporting documentation.

The section audits all counties to insure the tax is collected fairly and equitably with all claims for exemption in compliance with statute pursuant to NRS 375.090. The audit consists of on-site inspections, individual interviews with the recorder and treasurer of the subject county, and review of deeds, declarations of value, other corporate, estate planning, and legal, title documents, to determine whether the transfer of real property was a taxable event or not.

Based on the results of the on-site inspections, interviews, and questionnaire responses, the staff makes recommendations, if any, on issues relating to the collection and distribution of the tax. Any adjustments, with regard to the under or over payment of taxes, are brought to the Recorder's attention for correction. The Department follows up to ensure corrections are accomplished.

The Real Property Transfer Tax Section also monitors all statutory NRS 375.023 and NRS 375.070 remittances, and reconciles the remittances to the mandated NAC 375.400 reporting from the county recorder reports.

The Division of Assessment Standards also provides staffing for the following statutory boards:

The State Board of Equalization (SBE) hears and determines all appeals from action of county boards of equalization. The SBE also hears and determines direct appeals from valuations of Nevada Tax Commission.

The Appraiser Certification Board is an appointed board established to advise the Department of Taxation on matters pertaining to certification and continuing education of all appraisers certified for tax purposes.

The Committee on Local Government Finance is an eleven member appointed board set by NRS 354 to advise the Department of Taxation on matters affecting local governments and their finances.

CERTIFICATION OF APPRAISERS

The Appraiser Certification Board is an appointed board established to advise the Department on matters pertaining to certification and continuing education of all appraisers certified to appraise for tax purposes.

All persons who are employees of or independent contractors for the State or any of its political subdivisions and who perform the duties of an appraiser for tax purposes must hold a valid appraiser certificate issued by the Department of Taxation.

The Department issues an appraiser certificate to any person who has successfully passed the appropriate certification exam. Persons holding a professional designation may be able to waive taking certain portions of the exam.

Each person who holds an appraiser certificate must complete 36 contact hours of appropriate training in each succeeding fiscal year following certification. The 36 hour training requirement is waived for persons who either have accumulated 180 contact hours or hold a professional designation. These persons must complete 36 contact hours during every five year period thereafter.

Newly employed appraisers are issued a temporary certificate which expires two years following the employee's date of hire or upon successful completion of the appraiser certification exam, whichever occurs first. The temporary certificate is not renewable.

* Note: The principal difference between Secured and Unsecured tax rolls is related to the levy of the tax. Pursuant to NRS 361.450, every tax levied is a perpetual lien against the property assessed until the tax and any penalty charges and interest which may accrue are paid. The lien attaches on July 1 each year, upon all [real] property within the county.

RATIO STUDY

Under NRS 361.333, the Nevada Tax Commission is obligated to equalize property under its jurisdiction. Equalization is the process by which the Commission ensures "that all property subject to taxation within the county has been assessed as required by law." There are two types of information which the Commission considers to determine whether property has been assessed equitably. The first type of information comes from a ratio study, which is a statistical analysis designed to study the level and uniformity of the assessments. The second type of information comes from a procedural audit which is designed to fulfill the requirements of NRS 361.333(1)(b)(2). The procedural audit examines the work practices of the assessor to determine whether all property is being assessed in a correct and timely manner.

NET PROCEEDS OF MINERALS

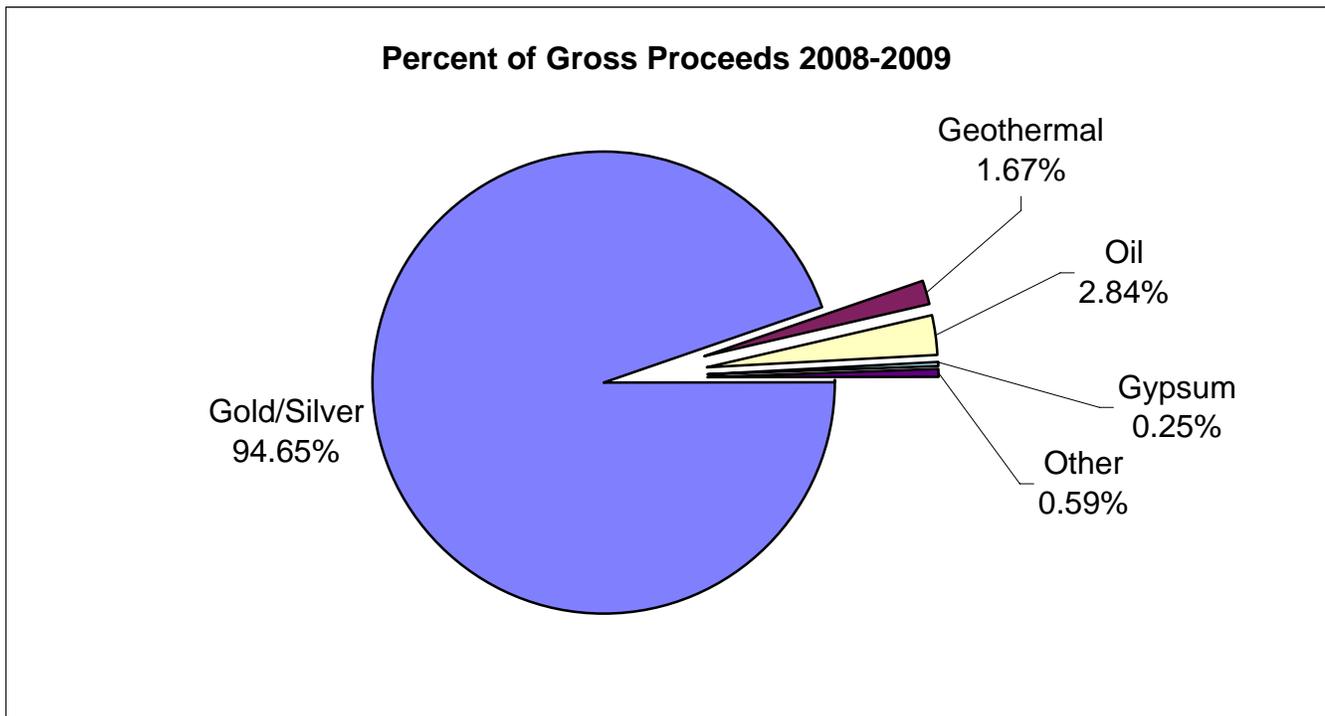

The Nevada Department of Taxation determines the tax on the net proceeds of minerals pursuant to NRS Chapter 362. Producers annually report the gross yield of each separate extractive operation as well as expenses related to the extraction, processing, transportation, and marketing of the mineral. Royalty recipients report only the amount of royalties received. The Department calculates the net proceeds by deducting allowable expenses from the gross yield.

The tax rate on the net proceeds of each operation depends on the ratio of the net proceeds to the gross proceeds as provided in NRS 362.140. The maximum tax rate is five percent, applied to net proceeds in excess of \$4,000,000 annually and to all royalties. The Department certifies and bills the net proceeds tax due each year on April 20th, with payment due by May 10th.

LOCAL GOVERNMENT FINANCE SECTION

The purpose of the Local Government Finance section is to oversee the financial administration of Nevada's counties, cities and districts. For the fiscal year ended June 30, 2009, this consisted of overseeing the financial activities of 17 counties, 18 incorporated cities, 48 unincorporated towns, 17 school districts, and 162 special districts, including 4 multi-county districts.

The major areas of responsibility of the section are contained within the provisions of the Local Government Budget and Finance Act (NRS 354.470 to 354.626, inclusive). The areas include overseeing the revenue limitations, indebtedness, budgets and audits of local governments. The section's functional responsibilities within each area include the following:

REVENUE LIMITATIONS

Taxes

Establish and monitor the maximum allowed revenue a local government may receive from property taxes.

Compile, calculate and prepare proforma projections of revenue a local government may receive from property taxes.

Calculate and prepare property tax rates to be certified by the Nevada Tax Commission.

Prepare and publish the Property Tax Rate Report for Nevada Local Governments.

Fees for Licenses and Permits

Prescribe guidelines for calculating fee increases for business licenses and building permits.

Monitor for compliance the adoption or increase of fees for business licenses and building permits.

INDEBTEDNESS

Medium Term Obligations

Review and approve or disapprove medium term financing requests including lease/purchase obligations. The approval or disapproval is based upon the probable ability of the local government to repay the debt.

Annual Indebtedness Report

Analyze, for reasonableness, the annual indebtedness information submitted by the local governments.

Compile, prepare and publish the Annual Indebtedness Report for Nevada Local Governments.

BUDGETS

Examine, review, and approve local government budgets based on compliance or noncompliance with statutes and regulations. The examination procedures include but are not limited to the following:

1. Review in detail the form, classification and content of the local governments' estimated resources and expenditures/expenses;
2. Review and verify reported actual prior year resources and expenditures/expenses with the amounts contained in the local governments' audited financial statements.

Local Government Finance Section (con't)

The examination and approval process applies to tentative, final, amended and augmented budgets.

Prepare and provide local governments with a written certificate of compliance or a written notice of lack of compliance regarding their submitted budget documents.

AUDITS

Review annual independent audits of local governments to determine whether the audits comply with regulations adopted pursuant to NRS 354.594.

Refer to the State Board of Accountancy audits which do not adhere to regulations adopted pursuant to NRS 354.594.

Identify all statute and regulation violations reported within each audit.

Evaluate and monitor each local government's plan to correct the identified statute and regulation violations.

In addition, the Local Government Finance Division determines and advises local government officers of regulations, procedures and report forms for compliance with the Local Government Budget and Finance Act. The Division makes such determinations after hearing the advice and recommendations of the Committee on Local Government Finance.
