WHOLESALE CANNABIS TAX RETURN

Definitions:

The following definitions are to be used to determine the classification of the facility relating to the payment of the Wholesale Cannabis Tax.

Cultivation Facility: A “Cannabis Cultivation Facility”, as defined in NRS 372A.210, means:

1. A medical cannabis cultivation facility; or
2. An adult-use cannabis cultivation facility.

Imposition and amount of tax on wholesale sales:

Per NRS 372A.290, an excise tax is hereby imposed on each wholesale sale in this State of cannabis by a medical cannabis cultivation facility to another cannabis establishment at the rate of 15 percent of the fair market value at wholesale of the cannabis. The excise tax imposed pursuant to this subsection is the obligation of the cultivation facility.

- NRS372A.290 (8) (G) Wholesale sale means a sale or transfer of cannabis by a cannabis cultivation facility to another cannabis establishment. The term does not include a transfer of cannabis by a cannabis cultivation facility to another cannabis cultivation facility when both cannabis cultivation facilities share identical ownership.

- Product Transferred between identically owned cultivation facilities; such transfers are not subject to the imposition of the tax. However, subsequent sales to any other cannabis establishment is considered a wholesale sale and is subject to the tax. The *Wholesale Cannabis Supplemental Form* MUST also be completed and submitted with this form.

All sales must be reported in the month that the sale occurred.

Line-by-line instructions:

- **Line 1.** Enter the amount, in pounds, of small/popcorn bud sold in the month. Small bud consists of product in the flowering stage equivalent in size to a nickel. Note: Kief should be reported in this category as 'Small Buds'.
- **Line 2.** Enter the amount, in pounds, of cannabis flowers/buds sold in the month. Buds consist of product in the flowering stage.
- **Line 3.** Enter the amount, in pounds, of leaves/trim/shake sold in the month. Trim consists of any part of a plant other than the bud or wet whole plant.
- **Line 4.** Enter the amount, in units, of the immature cannabis plants sold in the month. Immature plants consist of non-flowering plants that are no taller than eight inches and no wider than eight inches produced from cutting, clipping, or seedling.

- **Line 5.** Enter the amount, in pounds, of the wet whole plants sold in the month.
 - o The Cannabis Wet Whole Plant must be weighed within 2 hours of the batch being harvested and without any further processing, including any artificial drying such as increasing the ambient temperature of the room or any other form of drying, curing, or trimming. Tax must be calculated and paid on the total Wet Whole Plant weight. If the Wet Whole Plant is not weighed within 2 hours of the batch being harvested or is subjected to further processing before being weighed, the excise tax on such plant cannot be calculated and paid on the Wet Whole Plant basis and must instead be calculated and paid at the Bud and Trim rates.
- **Line 6.** Enter the amount, in units, of cannabis seeds sold in the month.
- **Line 7.** Enter in the amount of pre-rolls or joints sold in the month. Pre-rolls must be calculated on the basis of the total weight of cannabis contained in each pre-roll and sold by a cultivator, as reported in the seed-to-sale tracking system, regardless of whether the pre-roll is made by a cultivator or a subsequent cannabis establishment. As used in this subsection, “pre-roll” means an individual cannabis cigarette or joint.
- **Line 8.** Enter in pounds. Unsalable flower is bud that is designated for the extraction of cannabis concentrate and not for direct sale to consumers.
- **Line 9.** Enter in pounds. Unsalable trim consists of trim that is designated for the extraction of cannabis concentrate and not for direct sale to consumers.
- **Lines 1 – 9.** Multiply the Total Quantity Sold by the Fair Market Value and enter the Total into the third column.
- **Line 10.** Enter the total value of Lines 1 – 9.
- **Line 11.** Multiply the value of Line 10 by 15% (0.15)
- **Line 12.** Enter amount due to you for overpayment made in prior reporting periods for which you have received a Department of Taxation credit notice. Do not take the credit if you have applied for a refund. **NOTE: Only credits established by the Department may be used.**
- **Line 13.** Subtract Line 12 from Line 11 and enter the result.
- **Line 14.** If this return is not submitted/postmarked and taxes are not paid on or before the due date as shown on the face of this return, the amount of penalty due is based on the number of days the payment is late per NAC360.395 (see table below). The maximum penalty amount is 10%. Determine the number of days late the payment is, and multiply the net tax owed (Line 11) by the appropriate rate based on the table below. The result is the amount of penalty that should be entered. For example, the taxes were due January 31, but not paid until February 15. The number of days late is 15 so the penalty is 4%. The penalty and interest amounts are automatically calculated if you complete this form online.

| Number of days late | Penalty Percentage | Multiply by: |
|---------------------|--------------------|--------------|
| 1 – 10 | 2% | 0.02 |
| 11 – 15 | 4% | 0.04 |
| 16 – 20 | 6% | 0.06 |
| 21 – 30 | 8% | 0.08 |
| 31 + | 10% | 0.10 |

- **Line 15.** To calculate interest for each month late, multiply Line 11 x 0.75% (.0075).
- **Line 16.** Enter any amount due for prior reporting periods for which you have received a Department of Taxation debit notice.
- **Line 17.** Add Lines 13 – 16 and enter the amount.
- **Line 18.** Enter the total amount paid with this return.
