INTRODUCTION

Enclosed herewith are the Property Tax Rates for Nevada Local Governments for Fiscal Year 2022-2023. The publication has been prepared in five sections, noted below. Senate Bill 507, enacted by the 2003 Legislature, added a total of 2 cents to the State of Nevada tax rate. Assembly Bill 492 enacted by the 2021 Legislature continues the 2 cent levy with \$0.0118 cents added to the previous 15 cents for statewide capital improvements; while the remaining \$0.0082 cents will go toward the conservation of natural resources in the state. These additional levies are outside the statutory tax rate cap of \$3.64 per \$100 of assessed value. Terms appearing below in *italics* are defined in the Glossary.

New Taxing Districts - Depending on when the new tax district is created, assessed values for centrally assessed properties are not available for approximately 6 to 18 months after the district is created because of statutory reporting timelines for centrally-assessed properties.

Section A – Total Property Tax Rates by Taxing Unit. Presents the *assessed valuation of all property including, net proceeds of minerals valuation* and total assessed valuation for each local government entity. Also presented are the combined tax rate, county tax rate, combined special district tax rate, school district operating tax rate and the Total Property Tax Rate.

Section B – Combined Property Tax Rates by Component; by Taxing Unit. Presents a breakdown of the different rates that comprise the combined tax rate, which include *maximum allowed and levied operating rates, voter approved override allowed and levied tax rates, legislatively allowed and levied tax rates and rates necessary to service debt* incurred by the entity.

Section C – Property Tax Overrides and Tax Impact. Presents details of current voter approved property tax overrides, including the entity collecting the override rate; the purpose for which the revenues generated are to be used; the tax rate or dollar amount approved; the date of the election; and the length of time in which the levy is to be imposed. Prior to the meeting of the 1993 Nevada Legislature, voter approved overrides could be imposed in perpetuity, unless rescinded by a vote of the people. In the 1993 session, legislation was enacted limiting the term of voter-approved overrides to no more than 30 years duration [pursuant to NRS 354.5982 (1)]. This section also provides examples from a select number of entities within a county and presents the property tax bill that would be due on a home with an assessed value of \$100,000.

Section D – Overlapping Districts. Presents the details of the various district property tax rates which comprise the combined special district tax rates shown in column 7 in section A of this publication.

Section E – Other Information. Presents information on redevelopment agencies.

GLOSSARY

Listed below are governmental budget terms used throughout this publication. The majority of the definitions are taken from Understanding Nevada's Property Tax System, a publication of the Nevada Taxpayers Association. For further information, contact the Association in Carson City at (775) 882-2697 or in Las Vegas at (702) 457-8442.

Abatement – Although there are many kinds of tax abatements, the most widespread type of tax liability reduction is provided by NRS 361.4722 and NRS 461.4723. These statutes abate a portion of property tax liability for single family residences and qualifying rental properties for taxes greater than the prior year's tax plus 3%. For all other types of property, a portion of property tax liability is abated for taxes greater than the prior year's tax plus up to 8%, depending on the county in which the property is located.

GLOSSARY (continued)

Assessed Value – Taxable value times the level of assessment, currently thirty-five percent (35%).

Fiscal Year – In Nevada it is that period of time from July 1 of one calendar year to June 30 of the following calendar year. It is also the taxable year for purposes of property taxation.

Net proceeds of minerals – Nevada statutes (NRS 362.100-170) provide for the levy of a tax on the net production of minerals in lieu of a property tax relative to the extraction of minerals (ores, oil, gas and other hydrocarbons) within the state. Mining companies are allowed to deduct from the gross proceeds expenses directly tied to the production of the product. The tax liability is calculated using property tax rates.

Overlapping Tax Districts – Areas within a county with a combination of two or more tax rates for entities formed for specific purposes. Boundaries for taxing purposes are defined by resolution or a vote of the residents therein.

Property Tax – The compulsory charge levied by a governmental unit to provide the revenues to support the budgets adopted by the elected governing boards. Expressed as \$ x.xxxx per \$100.00 of assessed valuation. In Nevada, the tax is levied on both personal and real property. The tax rate levied on net proceeds of minerals is the rate determined from the table at NRS 362.140 or the total tax rate for the county in which the mining operation is located, whichever rate is higher.

Statutory Tax Rate Limit – The Nevada State Constitution caps the property tax rate at \$ 5.00 per \$100.00 of assessed value. NRS 361.453 has further capped the rate at \$ 3.64 per \$100.00 of assessed value.

Tax – A compulsory charge levied by a governmental unit against the wealth of a person, natural or corporate.

Tax Levy/Rate – The rate necessary to support the budgets as determined by the elected governing boards. Expressed as \$ x.xxxx per \$100.00 of assessed valuation.

Tax Override – An increase in the allowed property tax rate, either legislatively or voter approved and used for operating expenditures.

Taxable Value – For vacant land – full cash value. For improvements – replacement cost new less depreciation. Taxable value is not to exceed full cash value.

Note: NRS 361.4723 & 361.4724 provide for an abatement of property taxes on existing real and personal property when the tax liability is greater than 3% over the prior year for owner occupied single family residences and qualifying rental properties. The property taxes for all other types of property are also abated when the tax liability exceeds a rate based on a formula using a nine year average growth in assessed value, by county, and the consumer price index. The rate at which the abatement is calculated must not exceed 8% of the prior year's taxes (NRS 361.4722). **The General Cap Rate for FY 22/23 is 8.0%**

Net revenues allocated to the redevelopment agencies in Carson City, Clark County, Douglas County, Elko County, Washoe County & White Pine County have been included in the Special District Column.

Details of the abatement calculations may be obtained by contacting the Local Government Finance Section, Nevada Department of Taxation at (775) 684-2180

NRS 279 provides for the creation of redevelopment areas for the rehabilitation of depressed areas throughout the state. The statutes provide for development of a plan for the redevelopment of an identified area along with the procedures for raising revenues and providing funding to those persons or companies wishing to improve properties within the redevelopment areas. Property tax is levied each fiscal year on the incremental growth in each area over and above the base year assessed value. The allocation of tax increment revenue to the respective redevelopment agencies and other local governments is prescribed by NRS 279.676 (1c). This section provides that redevelopment agencies are not entitled to revenues generated by the portion of the tax rate levied for bonds approved, or tax overrides approved, by voters on or after November 5, 1996.

Note: The highest district rate is used in the Boulder City, Henderson, Las Vegas, Mesquite and North Las Vegas Redevelopment Areas due to various district rates.
