MOTOR VEHICLE AND VESSEL DEALERS NEVADA SALES AND USE TAX INFORMATION

This packet of information is designed to provide retailers of motor vehicles and vessels with useful sales and use tax information regarding trade-ins, trade-downs, rebates, sales to Native Americans, out-of-state sales and sales to military personnel.

For Department of Taxation purposes, a motor vehicle is every device in, upon or by which any person or property is or may be transported or drawn upon a public highway. The term does not include: Devices moved by human power or used exclusively upon stationary rails or tracks; mobile homes or commercial coaches, electric personal assistive mobility devices, and it does not include off-highway vehicles NRS 482.135.

A vessel means every description of watercraft used or capable of being used as a means of transportation on water. The term does not include a canoe, float tube, kayak, rubber raft or seaplane NRS 374.108.

This packet should answer the majority of questions concerning motor vehicle and vessel sales. Should you require further information or an explanation of Nevada Sales/Use Tax, please contact our Call Center at (866) 962-3707.

SALE OF VEHICLES OR VESSELS TO OUT-OF-STATE CUSTOMERS

If a dealer intends to exempt the sale of a vehicle to a non resident from Nevada sales tax, it must comply with the provisions of NAC 372.708.

In order to exempt the sales transaction, the purchaser must obtain from the dealer, a special "Drive-Away Permit" issued by the Department of Motor Vehicles. Additionally, the dealer must supply the purchaser an affidavit in the format prescribed by the Department, (REV-F041 Affidavit of Purchaser for Drive Away Permit). Off-road vehicles (all terrain vehicles) are taxable when purchased for use in this State, or if delivered to the purchaser in this State for subsequent use outside Nevada. Off-road vehicles do not qualify for a drive away permit.

A dealer may obtain a supply of form REV-F041 Affidavit of Purchaser for Drive Away Permit from the Department. The form may be downloaded from our website at: https://tax.nv.gov/tax-types/tax-forms/ #Affidavit Forms. This affidavit must be completed in full including notarization, the purchaser's signature, address, driver's license number with issuing state and social security number. In the case of a business purchasing a vehicle the dealer must obtain this information from one of the principal owners of the business. If copies of the completed Drive-Away Permit and notarized Affidavit of Purchaser are not on file at the time of an audit, the exemption will be disallowed and the dealer will be responsible for the tax liability. These documents may not be obtained after the transaction is completed.

If a dealer intends to exempt the sale of a vessel to a non-resident, the non-resident must submit proof to the dealer that the vessel will be delivered out of State not later than 15 days after the sale (NRS 372.7263). REV-F041 Affidavit of Purchaser for Drive-Away Permit may be used for this purpose as well.

SALE OF VEHICLES OR VESSELS TO NATIVE AMERICANS

The purchase of vehicles or vessels by Native American Indians is taxable in Nevada unless:

• Delivery takes place on a reservation to a purchaser who is a resident of the reservation and who will not use it on Nevada highways or waterways, or;

> Page 1 of 5 V2025.1

- Delivery takes place on a reservation or colony to a purchaser who pays sales or use tax to a tribal government authorized by the Department to assess the tax. The tax rate must be equal to or greater than the corresponding county sales tax rate.
- Sale qualifies as an out-of-state sale, or;
- Sale is made to a Native American who is a dealer of vehicles or vessels who supplies the seller with a valid Nevada Resale Certificate.

When a vehicle or vessel is sold to a Native American and delivered to the reservation, the transaction is not subject to Nevada sales tax if the vehicle or vessel's only use is on the reservation or the tax was paid to an authorized tribal government. As a practical matter, very few (if any) vehicles or vessels are ever purchased for use strictly on a reservation.

The Department requests motor vehicle and vessel dealers to advise Native American purchasers that vehicles or vessels used off the reservation are subject to Nevada Use Tax at the time of registration. Additionally, it may be in the purchaser's best interest to pay the tax liability at the time of purchase since sales tax can often be included in the amount financed.

Effective July 1, 2014, Dealer's Report of Sales used by the Department of Motor Vehicles **must** be submitted online. Please see the "Electronic Dealer, Rebuilder, or Lessor's Report of Sale or Lease Manual" found at https://dmv.nv.gov/pdfforms/edrs manual.pdf.

CALCULATING TAX ON TRADE-INS ON VEHICLES

Pursuant to NRS 372.025 and 374.030 there is an allowance against the selling price given by a retailer for the value of a used vehicle which is taken in trade on the purchase of another vehicle. This is called the trade-in allowance. The allowance is equal to the full market value of the vehicle traded in. Off-road vehicles (all terrain vehicles) do not qualify for a trade-in allowance.

Example of a Trade-In Transaction:

A customer buys a vehicle from a Washoe County vehicle dealer at a selling price of \$11,850 and is allowed a trade-in of \$5,500 on his current vehicle. The sale transaction needs to be included on the regular REV-F013 Sales and Use Tax return as follows: The total value given for a trade-in is to be recorded in the exemption column. Using the example above, the \$11,850 is entered in Column A (Total Sales) and the \$5,500 is entered in Column B (Exempt Sales).

CALCULATING TAX ON TRADE-DOWNS ON VEHICLES

A Trade–Down is when a person is trading in a vehicle of more value than the vehicle being purchased. In these situations there is no tax due on the transaction. There are also no additional credits or refunds for the amount exceeding the tax due. The following is an example of a trade-down transaction:

A purchaser buys a motor vehicle from a Clark County dealer at a selling price of \$5,000. The purchaser trades in a motor vehicle which the dealer will allow the value of \$10,000. The sale transaction needs to be included on the regular REV-F013 Sales and Use Tax return as follows: The value of the vehicle purchased is reported in the exemption column. Using the example above, the \$5,000 is entered in Column A (Total Sales) and the \$5,000 is also entered in Column B (Exempt Sales).

CALCULATING TAX ON TRADE-INS ON VESSELS

The trade-in or trade-down allowance for vessels is different than for vehicles because the allowance is only for the local county tax rate.

In accordance with NRS 374.070.3(f), a vessel accepted in trade on the purchase of another vessel is allowed a credit of the local portion of tax only. The local portion of the tax is figured by taking the full rate less the 2% State rate. The credit allowed is based on the trade-in value of the vessel.

Page 2 of 5 V2025.1

You must tax the selling price of the vessel being purchased at the full county rate and then calculate the trade in credit of the local portion of tax on the value of the vessel being traded in. These calculations, which are a part of the audit trail, must be clearly indicated on the sales agreement, as well as other records of the sale.

Example of trade-in transaction:

Customer buys a vessel from a Washoe County vessel dealer at a selling price of \$11,850 and is allowed a trade-in of \$5,500 on his current vessel. The dealer will calculate tax on \$11,850 at the full rate (.08265) which equals \$979.41. He will then calculate the local portion (.06265) on \$5,500 which amounts to \$344.58. The amount of tax due is the net difference of \$634.83 (\$979.41 - \$344.58).

In reference to the above example you should include the \$11,850 as part of your total sales reported in column A of your regular sales/use tax return. The form, REV-F008 Vessel Trade-In/Trade-Down Supplemental Reporting Form, must be used to calculate trade-in transactions. Enter the total value of the trade-in on the appropriate county line. Enter the calculated tax as shown for that county. Total the calculated tax amounts and deduct the 0.25 percent collection allowance. The total is then subtracted from the total on line 26 of your regular tax return (REV-F013). The supplemental form must be sent attached to the regular tax return to receive proper credit.

CALCULATING TAX ON TRADE-DOWNS ON VESSELS

A Trade–Down is when a person is trading in a vessel of more value than the vessel being purchased. In these situations the purchaser will always owe the 2 percent portion of the Sale/Use Tax, regardless of excess credit allowed on the value of the trade-in. The following is an example of a trade-down transaction on a vessel:

A purchaser buys a vessel with a sales price of \$5,000 and trades in a vessel on which the dealer will allow a value of \$10,000.

As there is no credit allowed on the 2 percent portion of the sales tax, the purchaser will owe 2 percent of the purchase price of the "new" vessel, or in this case \$100, in tax. Do not include the \$5,000 and \$10,000 figures in your regular sales/use tax return Columns A or C.

Enter the selling price of the new vessel and the value allowed on trade-in the appropriate columns of the REV-F008 Vessel Trade-In/Trade-Down Supplemental Reporting Form. Add the total amounts for selling price of the new vessels and calculate tax at 2 percent. Deduct the 0.25 percent for collection allowance. This total is added to the total on line 26 of your regular Sales/Use tax return. The supplemental form must be sent attached to the regular tax return to receive proper credit. The form may be downloaded from our website at: https://tax.nv.gov/tax-types/tax-forms/#Vessel Trade InTrade Down Supplemental Reporting Form.

FEES AND WARRANTIES

Government fees and taxes (title fees) are exempt from Nevada sales tax. Documentation fees, administrative fees, credit check fees and smog fees including any other services required as part of the sale, are taxable.

MILITARY SALES

Vehicles or vessels purchased from Nevada dealers by military personnel stationed in Nevada are subject to Nevada sales tax at the time of purchase, because they will be used in Nevada, regardless of state of residency or where the vehicle or vessel will be registered.

Military personnel who have received orders transferring them out of Nevada within 15 days of a purchase of a vehicle or vessel may be exempt from Nevada sales tax if a Drive-Away Permit and Affidavit (REV-F041 Affidavit of Purchaser for Drive Away Permits) is executed. Sales to non-resident military personnel are also taxable unless an out-of-state sales transaction is completed, and the vehicle or vessel is removed from Nevada for licensing and use.

Page 3 of 5 V2025.1

REBATES

If a motor vehicle or vessel dealer is reimbursed by a third party, such as a manufacturer, for a rebate given to a customer, Attorney General Opinion 82-13 specifies the amount of the rebate must be included in the gross receipts and Nevada sales tax must be based on the total selling price of the vehicle or vessel.

If a dealer is not reimbursed for a rebate by another party, such as a manufacturer, then the rebate is considered a cash discount and is not included in gross receipts for sales tax purposes.

If a customer must pay the full selling price for a vehicle or vessel and is then eligible to obtain a rebate directly from the manufacturer, sales tax applies to the full selling price. The customer's rebate has no effect on his tax liability.

COURTESY DELIVERIES

Pursuant to NRS 372.050, the delivery in this State of a vehicle or vessel by an owner or former owner, or by a factor, or agent of such owner, former owner or factor, if the delivery is to a consumer or person for redelivery to a consumer, pursuant to a retail sale made by a dealer not engaged in business in this State, is considered a sale in this State by the agent or factor making the delivery. They shall include the selling price in their gross receipts.

MEMORANDUM

TO: Nevada Motor Vehicle and Vessel Dealers

FROM: Nevada Department of Taxation

SUBJECT: Nevada Sales Tax

The Department of Taxation wishes to remind all automobile and vessel dealers that a Nevada resident **cannot** purchase a Special Drive-Away Permit (NRS 482.3955). Therefore, a Nevada resident who purchases a vehicle or vessel in Nevada must pay Nevada sales tax at the time of purchase unless he can offer the dealer a valid Nevada resale certificate or unless the dealer delivers the vehicle or vessel out of state and obtains a written statement the vehicle or vessel will not be stored, used or driven in Nevada.

There has been some confusion concerning the proper use of a Special Drive-Away Permit and Affidavit of Purchaser. Therefore, the Department has revised its Affidavit of Purchaser for Drive Away Permits (REV-F041) in order to clarify the fact that only non Nevada residents may execute the affidavit.

A copy of the revised Affidavit of Purchaser of Drive Away Permits (REV-F041) is enclosed. Please destroy all copies of the old form.

Drive-Away permits sold to and Affidavits of Purchaser executed by Nevada residents are not valid proof of a tax exempt sale and will be disallowed by the Department's audit staff. You are reminded that a copy of all valid Drive-Away Permits and Affidavits of Purchaser must be maintained with your sales records.

Another area of concern is documentation fees, smog fees, administrative fees, credit check fees and any other services required as part of the sale. Please be reminded, these items are subject to Nevada sales tax.

Should you have any questions concerning these matters, please contact the Department's Call Center at (866) 962-3707.

VEHICLE DELIVERED TO NON-RESIDENT PURCHASER WITHIN STATE; ATTACHED ACCESSORIES AND SPECIALTY ITEMS (NRS 360.090, 372.335, 372.725, 372.7263)

- 1. The department will consider the sale of a vehicle in this state by a vehicle dealer to a nonresident which is delivered to the nonresident purchaser in Nevada to be exempt from the gross receipts subject to the sales tax if at the time of the sale the purchaser:
 - (a) Purchases a special permit issued by the Department of Motor Vehicles pursuant to subsection 1 of NRS 482.3955 for the purpose of removing the vehicle from Nevada; and
 - (b) Executes an affidavit in a form prescribed by the department in which the purchaser affirms under oath that the purchaser is not a resident of Nevada and will be physically removing the vehicle from the state permanently within 15 days after delivery of the vehicle to the purchaser.
- 2. Any accessory or specialty item affixed or attached to a vehicle to which the provisions of subsection 1 apply is also exempt from the tax. To qualify for this exemption, the dealer must sell the accessory or specialty item and prepare an invoice of those items at the time the dealer sells the vehicle. For the purposes of this subsection, the term "accessory or specialty item" includes, without limitation, floor mats, custom wheels and wheel covers, accessory lights, roll bars, campers, stereo components, trailer hitches and tinted windows.
- 3. The vehicle dealer shall retain in his permanent records a copy of the special permit and the original affidavit for each sale of a vehicle pursuant to subsection 1 for the period specified in NRS 372.735.
- 4. As used in this section, "vehicle" has the meaning ascribed to it in NRS 482.135. The term does not include a vehicle that is not required to be registered by the Department of Motor Vehicles.

If not postmarked by the due date, the Collection Allowance is not allowed. To calculate the Collection Allowance multiply Line 18a × <u>NOTE:</u> 0.25% (or .0025). Pursuant to NRS 372.370, the Collection Allowance is applicable to Sales Tax only.
- LINE 20 Subtract Line 19 from Line 18a and enter the result.
- LINE 21 Add Line 20 to Line 18b and enter the result.
- LINE 22 If this return is not submitted/postmarked and taxes are not paid on or before the due date as shown on the face of this return, the amount of penalty due is:
 a) For returns with Period(s) Ending prior to and including 3/31/07 the Penalty is 10%; b) For returns with Period(s) Ending 4/30/07 and after; the amount of penalty due is based on the number of days the payment is late per NAC 360.395 (see table below). The maximum penalty amount is 10%.

Number of days late	Penalty Percentage	Multiply by:
1 - 10	2%	0.02
11 - 15	4%	0.04
16 - 20	6%	0.06

THIS SUPPLEMENTAL FORM MUST BE SENT ATTACHED TO YOUR REGULAR SALES AND USE TAX RETURN TO RECEIVE PROPER CREDIT.

This form is to be used as an account document to verify a transaction involving a "trade-in" or a "trade-down" and must be completed and filed <u>with</u> your tax return. In the event of a sales tax audit, this document is used to verify figures previously reported. THIS SUPPLEMENTAL FORM MUST BE SENT ATTACHED TO THE REGULAR SALES/USE TAX FORM TO RECEIVE PROPER CREDIT.

CALCULATING TAX ON TRADE-INS

In accordance with NRS 374.070 vessels accepted in trade on the **purchase** of another vessel are allowed a credit of 4.85, 5.10, 5.60, 5.725, 6.265 or 6.375 percent depending on the county of transaction. The credit allowed is based on the trade-in value. You must tax the vessel being purchased at 6.85, 7.10, 7.60, 7.725, 8.265 or 8.375 percent of the full selling price and deduct 4.85, 5.10, 5.60, 5.725, 6.265 or 6.375 percent tax of the value established for the vessel being traded in. These calculations, which are a part of the audit trail, must be clearly indicated on the sales agreement, as well as other records of the sale.

Example of trade-in transaction:

A customer buys a vessel from a vessel dealer located in Clark County at a selling price of \$11,850 and is allowed a trade-in of \$5,500 on his current vessel. The dealer will calculate 8.375 percent (.08375) on \$11,850 which equals \$992.44. He will then calculate 6.375 percent (.06375) on \$5,500 which amounts to \$350.63. The amount of tax due is the net difference of \$641.81.

Be certain the percentage used for calculation is the correct rate for the county where the transaction is taking place.

The SUPPLEMENTAL REPORTING FORM must be used to calculate trade-in transactions. Enter the total value of the trade-in on the appropriate county tax rate Line. Enter the calculated tax as shown for that county. Total the calculated tax amounts and deduct the .25 percent collection allowance. The total is then <u>deducted</u> from the total on Line 26 of your regular tax return. Please note – Due to software limitations, if you use the interactive Combined Sales and Use Tax return available on the Department's website, you must manually write in the results for Line 26 after printing the return.

CALCULATING TAX ON TRADE-DOWNS

The Department has received inquiries from vessel dealers on how to properly calculate sales tax when a person is trading in a vessel of more value than the vessel being purchased. Legislative Counsel has advised the Department that the purchaser will always owe the 2 percent portion of the Sales/Use Tax, regardless of excess credit allowed on the value of the trade-in.

To calculate the amount of tax due for trade-downs, enter the selling price of the new vessel. Add the total amounts for selling price of the new vessel and calculate at 2.0 percent. Deduct .25 percent collection allowance. The total is added to the total on Line 26 of your regular tax return. DO NOT INCLUDE THESE FIGURES IN YOUR TOTAL SALES (Col. A on the regular return) OR TRADE-IN VALUES ON THE REGULAR TAX RETURN. Please note – Due to software limitations, if you use the interactive Combined Sales and Use Tax return available on the Department's website, you must manually write in the results for Line 26 after printing the return.

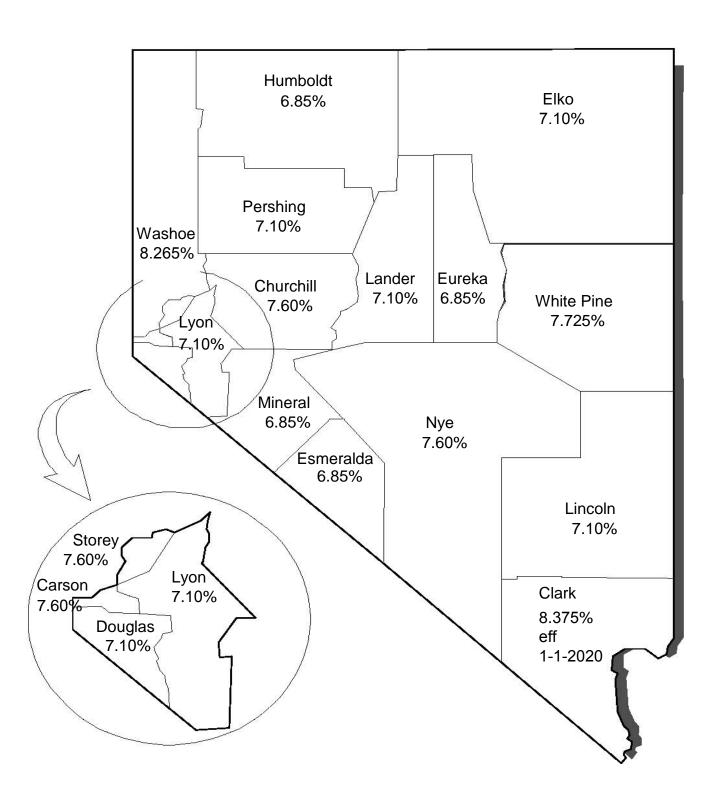

Example of a trade-down transaction:

Purchaser buys a vessel with a sales price of \$5,000. Purchaser trades in a vessel on which the dealer will allow the value of \$10,000. As there is no credit allowed on the 2 percent portion of the sales tax, the purchaser will owe 2 percent(.02) of the purchase price of the vessel being purchased, or in this case, \$100.

Vessel - means every description of watercraft used or capable of being used as a means of transportation on water. The term does not include a canoe, float tube, kayak, rubber raft or seaplane.
